Academic Center For Student Athletes

Individual Contact with Advisor

Central CT State University recognizes the contributions made by our student-athletes to the campus and community. Through the creation and support of the Academic Center for Student-Athletes (ACSA) the university demonstrates its commitment to its mission: ***"We prepare students to be thoughtful, responsible and successful citizens."***

Fulfilling the Mission in the Academic Center for Student Athletes ...

- We believe that academic development and athletic successes are mutually compatible; our objective is to provide the academic facilitation needed for our student-athletes to reach their full potential.
- Dedicated to the academic success and well being of intercollegiate student-athletes, we expect that student-athletes will engage in activities that enrich them as members of our community of learners.
- To promote the personal and social growth of student-athletes, as well as their intellectual achievement

and professional competence, we provide various opportunities for students to engage in activities that complement their leadership skills developed from their participation in intercollegiate athletics. We foster a welcoming environment in which all members of our diverse community receive encouragement, feel safe, and acquire self-confidence.

1615 Stanley Street, New Britain, CT 06050 860.832.CCSU or toll free instate 1-888-733-2278
