

10.10 Reassigned Time for Supported Research

Reassigned time for supported research may be in the amount of one (1) load credit for each \$1,000 of indirect cost funds generated by the research up to a maximum of nine (9) load credits of reassigned time per semester except where granting agencies or similar agents require greater reassigned time as a condition of consideration in the grant proposal and for which the institution has agreed and for which it is compensated. Such reassigned time may be used to fulfill the matching funds requirement as now stipulated by many granting agencies. However, reassigned time may be granted by the appropriate academic Dean after consultation with the department Chair-person in support of otherwise non-supported research.
