HISTORY OF THE UNIVERSITY

Central Connecticut State University (CCSU) is a regional, comprehensive public university dedicated to learning in the liberal arts and sciences and to education for the professions. Comprised of five schools—Carol A. Ammon School of Arts and Sciences, Business, Education and Professional Studies, Engineering and Technology, and Graduate Studies—CCSU offers undergraduate and graduate programs through the Master’s and sixth-year levels and a doctoral program (Ed.D.) in Educational Leadership. Committed to offering Connecticut citizens access to our excellent academic programs, the University is also a responsive and creative intellectual resource for the people and institutions of our state’s capitol region. Over 85 percent of our graduates remain in Connecticut, contributing to the intellectual, cultural, and economic health of our state.

Founded in 1849 as the New Britain Normal School—a teacher-training facility—CCSU is Connecticut’s oldest publicly supported institution of higher education. It became the Teachers College of Connecticut in 1933, and after a period of extensive institutional growth and external expansion it became Central Connecticut State College in 1959. In recognition of the institution’s continual development in mission and aspiration, the present name and educational charter were conferred in 1983. The Princeton Review has honored CCSU as both one of the Best Northeastern Colleges and as a Best Value College.

As the largest of seventeen comprehensive state colleges and universities within the Board of Regents for Higher Education, CCSU enrolls approximately 9,000 full-time and 3,000 part time students. The University has a full-time faculty of 400 members; over 75 percent of whom possess a doctorate, and 450 part-time instructors who bring an array of distinctive educational and professional experiences.

After a major campus renovation program, investing in state-of-the-art technologies and creating a welcoming and beautiful campus, CCSU stands as one of the finest educational institutions in Connecticut. An expanding network of global study-abroad opportunities and overseas inter-institutional arrangements has made CCSU the state’s leading public international University.

KNOW YOUR DEAN
Arrange to meet your Dean, know the location of his/her office and key assistant or associate deans. If you encounter difficulties, the Dean's office should be one of the first places where your questions can be directed.

WHEN YOU HAVE A PROBLEM

- Do not hesitate to ask for help; ask for assistance early in the semester, no question is unimportant
- Remember every student may need some kind of assistance during his/her college years
- It is your responsibility to ask for assistance
- Inform a faculty member, advisor, administrator or staff person of your concerns and provide them with all relevant information

IF YOU HAVE A PROBLEM WITH YOUR CLASSES

- Speak with your instructor as soon as you have a concern
- Schedule an appointment to meet with your instructor during office hours
- Inform your advisor of any difficulties so they may be able to assist in the resolution of your challenges
- Inform your department chairperson who may also be of assistance
- Utilize study groups and tutorial assistance as needed

USE ACADEMIC AND SUPPORT CENTERS

**STUDY STUFF**

13. *Whom do I contact for absences?*
    - You are responsible for regular classroom attendance. The following attendance policies are in effect:
      - The Student Wellness Services (SWS)/University Health Services will send a medical excuse note by email to a student’s professors only in those cases in which a student was seen in SWS office and the medical
recovery or contagiousness of the patient/student warrants an absence from classes.

- For those students who are out of class for five or more consecutive days and have not been seen as a patient in the SWS for the evaluation of the illness, please direct the notification of your absence from your physician to the Office of the Vice President for Student Affairs. The verification of your absence will be relayed to the appropriate professors.

14. Where do I buy textbooks and school supplies?
   - Visit the Bookstore which is located in the Student Center to buy your textbooks. The bookstore carries most of the school supplies that you will need. You will also find software, computer supplies, and a selection of cards, gifts, clothing, candy, soft drinks, etc.

15. What are my other options if I do not want to purchase brand new textbooks?
   - Besides new textbooks, the bookstore also sells used books and some eTextbooks. See all of the options at the Bookstore website: http://centralet.bncollege.com/webapp/wcs/stores/servlet/BNCBHomePage?catalogId=10001&storeId=22051&langId=-1
   - You can also rent textbooks for a lower price and then return the book to the bookstore at the end of the semester.

16. Where can I resell my books?
   - The Bookstore will buy back your books at the end of the semester. Of course, the best time to sell your books is right after finals.
   - Instant cash is yours if your books are in demand.
   - The buyback pricing is based on two criteria: you can get paid 50% of the selling price if the professor has told the bookstore that the book will be used again the following term and if the store still requires more to meet demand. If this is not the case, you will receive the latest national pricing.

17. Where do I get advice for course selection and program planning?
   - Academic advisors are the main source of support and information about your academic plans and programs.
   - If you are an undeclared major and are not sure whom you should see for advising, you should log in to your CentralPipeline account to look up your academic advisor. Undeclared students in Arts & Sciences are advised in the Center for Advising and Career Exploration (CACE) until they declare a major.
   - All freshmen are assigned a CACE advisor for their first year, and remain with CACE for academic advising until they declare a major.

18. When should I see an Advisor?
   - You should always meet with an advisor before each semester’s registration. The Registrar sends a reminder message to all students prior to the scheduled advising and registration period each semester. However, you are encouraged to
meet often to discuss courses, academic work, career plans, internships, and other matters.

BURSAR’S OFFICE
Betsy Fangiuilio, Bursar; Davidson Hall, Room 221
Hours: Monday - Friday 8:00 a.m.-5:00 p.m.
Phone: (860)832-2010; Fax: (860) 832-2173; Website: www.bursar.ccsu.edu/

The Bursar’s Office is the administrative office responsible for student billing and revenue collection. Registered students are billed for tuition and fees, as well as room and board, in June for the fall term and in November for the spring term. For the summer and winter terms, all charges are due upon registration. The Bursar’s Office is also responsible for applying charges and credits for payments to a student’s bill that may accrue during the term. Billing credit is applied to the student’s bill each term for awarded financial aid, documented scholarships, and outside sponsorship. The funds received from financial aid sources pay each affected student’s term charges. Excess financial aid (money in excess of all student charges) is then distributed directly to the student, either by check or by pre-arranged Direct Deposit to the student's bank account. Students are encouraged to open an account with the on-campus Achieve Financial Credit Union. Those that have an established account may request that excess financial aid be distributed electronically to their Achieve Financial account. Once an account is established, the participant may arrange with Achieve Financial to have their Blue Chip student ID card set up for use as an ATM card using on- or off-campus ATM machines to withdraw such funds.

The Bursar offers a program that allows registered students on financial aid to have up to $600 of qualifying excess financial aid deposited into their Blue Chip debit card account so that books can be purchased from the CCSU Barnes & Noble Bookstore beginning ten days prior to the start of classes. The required form is available online through the Bursar’s website or in the Bursars Office. Blue Chip funds cannot be withdrawn in the form of cash.

E-Billing
CCSU offers the convenience of online billing and payment. No paper bills are sent.

TUITION AND FEE REFUND POLICY
(BR# 10-37, May 13, 2010)
In accordance with the Higher Education Amendments of 1998 (Public Law 105-244), the Federal government mandates that students receiving Title IV assistance who withdraw from all classes may only keep the financial aid they have "earned" up to the time of withdrawal. Title IV funds that were disbursed in excess of the earned amount must be returned by the University and/or the student to the Federal government. This could result in the student owing funds to the University, the government, or both. The amount of unearned aid to be returned is based on the percentage of enrollment period completed.
The refund policy below excludes the effect of the return of Title IV funds. Students receiving Federal aid should consult with their University Bursar or Financial Aid office prior to withdrawal in order to determine the financial impact that the return of Title IV funds will have upon the student.

CANCELLATION OF CLASSES OR FINAL EXAMINATIONS DUE TO INCLEMENT WEATHER
Call the storm phone at (860) 832-3333, or visit the website at www.ccsu.edu/cancellation, to view the most current information.

At the discretion of the University, classes may be cancelled or delayed because of inclement weather conditions. The most accurate cancellation and delay information for Central Connecticut State University will be made available on the storm phone: (860) 832-3333 and on the web at www.ccsu.edu/cancellation. These services will be updated twice daily: 6 a.m. for the day schedule and 2 p.m. for the evening schedule.

If the University is forced to close or to delay opening during the final examination period because of storm conditions, this information will also be made available on the storm phone and the web. These services will also carry information from the Registrar’s Office once the affected exams are rescheduled.
The University will also notify the broadcast media of cancellations or delays affecting regular classes or exams. WTIC-AM 1080 is the principal radio outlet. WFSB-TV 3, WTNH-TV 8, and WVIT-TV 30 are the principal television outlets. Since radio and television stations are geared heavily toward broadcasting delay and closing announcements for public elementary and secondary schools, we recommend using the storm phone and the web site for the most accurate information about CCSU’s closings or delays.

CENTER FOR ADVISING AND CAREER EXPLORATION (CACE)
Kenneth Poppe, Director; Willard Hall Suite 103
Phone: (860) 832-1615; Website: http://www.ccsu.edu/cace

Students who have not declared an undergraduate major should contact the Center for Advising and Career Exploration to schedule an appointment with an advisor. CACE advises all First-Year students, in addition to students in transition, and provides a comprehensive program of career services to all students and alumni.

CACE assists students in developing and implementing academic and career plans by offering the following services:

- A Gateway to the University: New First-Year and undecided students receive assistance with the registration and career exploration process.

- Advising of Undeclared Majors: All students who have not declared a major should make an appointment to visit CACE for academic and career advising. CACE coordinates the advising of all undeclared students and assists students declaring (or changing) majors by providing information and guidance through this important decision-making process.

Understanding the relationship between majors and careers, gathering career information and developing a plan are important aspects of the help available. Career exploration is supported through online search tools and printed materials in our Career Resource Library.

- Career Exploration: Students may access an array of computer-based, career-related information. Visit CACE in Willard Hall Suite 103 whether you are looking for an assessment of your abilities and interests, the latest listing of employers visiting campus to recruit seniors, an opportunity to explore a career through experiential learning or to learn about the job search process.

- Graduating students are provided assistance with the transition to professional employment through information on resume writing, career research, interviewing techniques, and other employment topics.

- The office maintains listings of full- and part time jobs that can be accessed through the CACE website (www.ccsu.edu/cace). Click on the “Central Connections” icon.
- Career fairs offer students a forum where they may meet with employers regarding various types of employment opportunities offered throughout the academic year. Check the CACE website for dates and times.

- Experiential education is offered for both undergraduate and graduate students. CACE coordinates the Cooperative Education Program and offers an Internship listing service. Through these programs, students work in positions that are related to their major fields of study and provide them with real world experience.

- Many departments on campus hire student employees. Some of the larger employers are the Student Center, Campus Dining, Bookstore, Library, CCSU Police Department, and Athletics. Contact CACE, Willard Hall, Suite 103, at (860) 832-1615, or check with individual departments.

Activities include mentoring programs for students on campus and in the local schools; lecture series, and research collaboration with scholars from other institutions.

CENTER FOR INTERNATIONAL EDUCATION
Dr. Momar Ndiaye, Director, Barnard Hall, Room 123
Phone: (860) 832-2040; Website: www.ccsu.edu/CIE/

Established by the Board of Governors for Higher Education in 1987 as a statewide Center for Excellence in International Education, the Center for International Education (CIE) is the cornerstone of the University's commitment to international education. The Center contributes to the University's mission by developing and supporting internationally focused programs, both academic and extracurricular. It provides a forum for students, faculty, staff, and alumni to pursue common interests through on-campus international activities, as well as programs of study around the globe. Working in collaboration with the University's academic departments and programs, the CIE also promotes curricular integration of international education and the preparation of globally competent students.

Through its network of over 20 University partnerships around the world, the Center offers overseas programs to both graduate and undergraduate students. In any given year, the CIE offers a variety of programs in Africa, Asia, the Caribbean, Europe, the Middle East, and Latin America to over 600
students each year. CCSU students are strongly encouraged to pursue overseas study as part of their academic programs, either via long-term study at partner universities, or through affiliate programs, or via faculty-led courses abroad. By living and learning in another culture, CCSU students prepare for an increasingly integrated and interdependent world.

The Center also welcomes, advises, and supports a growing number of international students each semester, including the students who come to CCSU from around the world to engage in intensive English language instruction. Through programming that brings students of many different heritages together, the Center fosters a spirit of cross-cultural understanding and provides opportunities for students to respect the customs and values of others, learning more about themselves in the process.

**International Student and Scholar Services (CIE)**
All international students must contact the International Student and Scholar Services Coordinator at the Center for International Education as soon as they arrive on CCSU’s campus. The Center provides a wide range of orientation and advising services for international students, including orientation to campus and the community; personal and cross-cultural counseling; advising on all immigration matters, including issuing Form I-20, granting extensions and travel authorization, transfers, work, internship and practical training; and serving as the liaison with other campus offices and the Department of Homeland Security. Additional information is available on the Center’s website at [http://www.ccsu.edu/iss](http://www.ccsu.edu/iss).

**Intensive English Language Program (CIE)**
The Intensive English Language Program (IELP) offers dynamic English language instruction to international students, faculty, foreign professionals and other non-native English speakers. The Intensive English Language Program includes highly participatory instruction in reading, writing, listening, speaking, grammar, and pronunciation. Students are placed in the appropriate level based primarily on the results of a placement exam administered the first day of the course. The IELP also administers an institutional TOEFL test five times per year.

Registration for these courses is done directly through the IELP office. Please contact the office at 832-3376 or by e-mail to [ielp@ccsu.edu](mailto:ielp@ccsu.edu) for an application, course schedule or other information.

**Study Abroad Programs (CIE)**
Students of Central Connecticut State University have the opportunity to enhance their education and improve their career options by studying abroad! The University offers a choice of CCSU-sponsored international programs: short-term Courses Abroad and semester- or year-long study at one of Central's Partner Universities overseas. In addition, study at an approved CCSU program can count in fulfillment of the International requirement for General Education.

Short-term programs, which are led by University professors, offer students a variety of credit-bearing courses in many locations around the world. These courses abroad are offered three times a year, during winter session, spring break, and summer session. Detailed information, including registration deadlines, program dates, cost, and sponsoring major departments, is available at the beginning of each academic year on the CIE website: [http://www.ccsu.edu/cie](http://www.ccsu.edu/cie).

Students may also elect to study abroad for a semester or a year at one of CCSU’s Partner Universities located in, Chile, China, Czech Republic, France, Germany, Ireland, Italy, Japan, Korea, Poland, Spain, Sweden, and the United Kingdom. In general, students participating in one of these exchange programs pay tuition and fees to CCSU. Although variations in payment procedures depend upon the
partner university, CCSU financial aid applies to most Exchange programs, and applications are due April 1. Courses taken at a partner university are considered in-residence with credits and grades tallying into the GPA and applying toward Central's graduation requirements.

To plan either type of study abroad program, contact the International Education Coordinator in the Center for International Education (CIE), Barnard Hall, Room 123, or call 860-832-2040. Specific program information for all international programs and dates of regularly scheduled information sessions can be found on the CIE website at: http://www.ccsu.edu/cie.

EARLY ALERT (formerly known as EARLY ACADEMIC WARNING PROGRAM)

Ramon Hernandez, Assistant Dean for Student Affairs; Davidson Hall, Room 103
Meg Leake, Learning Center; Willard Hall, Room 101
Phone: (860) 832-1601; Website: www.ccsu.edu/page.cfm?p=5511

The Early Alert program exists to intervene with students that have poor grades or attendance in their courses. Poor academic performance or attendance can often be a symptom of a deeper problem for a student. If we can meet with and help the student before the first exam of the semester, there is a better chance of facilitating academic success. Faculty, administrators, staff, and students are encouraged to refer students having difficulty in a class to ensure a successful completion of course studies.

FINANCIAL AID OFFICE

Richard Bishop, Director; Davidson Hall, 2nd Floor
Phone: (860) 832-2200; Website: www.ccsu.edu/finaid

All students interested in receiving financial aid at CCSU must complete a Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov. The FAFSA may be completed as early as January 1 for the forthcoming academic year. To assure the FAFSA will be received by CCSU, include our Federal School Code: 001378. To electronically sign the FAFSA, the student and parent need to visit www.pin.ed.gov to obtain their Personal Identification Number (PIN). This PIN will enable reentry to www.fafsa.ed.gov to make corrections and FAFSA renewals for subsequent academic years.

The Financial Aid Office has a priority application deadline of April 15 for continuing students and March 1 for incoming financial aid applicants. By submitting a completed FAFSA application to CCSU by the priority deadline, the applicant receives consideration for all financial aid funds awarded by the Financial Aid Office. Students may submit a FAFSA after the priority deadline; However, funding is limited to federal financial aid funds – typically Stafford Loans and Pell Grants, if you qualify. After a careful review, funds will be awarded to eligible students. Financial aid at CCSU includes federally funded aid, such as PELL and SEOG grants, Subsidized and Unsubsidized Stafford Loans, Perkins Loans and Federal Work Study. In addition, the State of Connecticut and CCSU provides limited grants funds.

Additional financial aid information regarding student eligibility is available online at www.ccsu.edu/finaid.
HEALTH SERVICES
Christopher Diamond, MD, Medical Director; Marisol Cruz Meléndez, APRN, Associate Director
Marcus White Annex, next to the Computer Lab
Phone: (860) 832-1925; Website: www.ccsu.edu/health

Health Services provides medical care by appointment. All students (residential, commuter, full-time and part-time) can use our services regardless of health insurance. You need not to have purchased the CCSU student health insurance plan to be seen as a patient on campus.

Most services are provided at no cost to students. We evaluate and treat acute illnesses and injuries, refer to appropriate specialty consultants as needed, provide some laboratory tests; e.g., urine pregnancy tests or strep screens, carry a small stock of commonly prescribed medications, and maintain a health education resource center for information on medical issues and concerns. We are not an emergency facility and do not act as an emergency medical service for the University.

Some services provided do have a small fee which is billed directly to your Bursar’s account. These include:

- Some laboratory tests e.g. rapid strep testing or tests for sexually transmitted-infections;
- Pregnancy testing;
- Immunizations required for school, employment or travel; and
- Some prescriptions from our in-house pharmacy.

Health Services is also responsible to process all Connecticut State University Student Health forms for incoming CCSU students.

HEALTH INFORMATION REQUIREMENTS
All matriculated (and full-time, non-matriculated) students are required to submit a completed Connecticut State University Student Health Services form prior to beginning classes. For most students, proof of adequate immunization against measles, mumps, rubella (MMR) and varicella (chicken pox) along with completion of the Tuberculosis (TB) Risk Assessment are required prior to being able to register for classes. Full instructions are attached to the form. The instructions include age related and other exemptions, so please read this carefully. The form can be downloaded at www.ccsu.edu/health/forms. Please submit the completed health form as soon as possible to avoid any delay in registering for classes. Failure to submit the required medical information may result in a health hold being placed on your registration status. Information about any missing health information can be found on your registration status page in your BlueNet account.

FOR INTERNATIONAL STUDENTS
Because international students do not have a primary physician while attending the University, we often times serve as their sole health providers managing their medical care during their stay. For that reason, we require that all international students whether part time or full time, submit a completed...
health services form. In that way, we can better manage their medical care while they are attending the University and ensure the health and safety of the campus at large.

FOR RESIDENCE HALL STUDENTS
All residence hall students are required to be vaccinated against meningococcal disease prior to living on campus. In the United States, we require a specific type of meningitis vaccine for protection of this disease (with all subtypes A, C, Y, W 135 in the vaccine) that is not offered in most countries outside the United States. Many international students have to be vaccinated in an American medical facility or in our office to receive the required protection. *NEW REQUIREMENT* Students entering school as of the 2014/2015 academic year, must have received their meningitis vaccination within five years of entering CCSU.

LOCATION AND HOURS
Health Services is located in the Marcus White Annex next to the Computer Lab
Hours: Monday–Friday 8:00 a.m. – 5:00 p.m. (hours are subject to change and we are closed holidays).

We are staffed by a full-time, board-certified family physician, two nurse practitioners, and a registered nurse.

MEDICAL EXCUSE POLICY
Excuse notes are sent to instructors only after a student is seen in our office and his or her medical recovery, or risk of spread of an infection, warrants an absence from class. We will not see a student for the sole purpose of providing an excuse note.

Students must notify the Office of the Vice President for Student Affairs if expected to be out for five or more consecutive days. For those students who are out of class for five or more consecutive days, but were not cared for at Health Services, please ask your healthcare provider to send information about your absence to the Office of Student Affairs. The verification of your absence will be relayed to the appropriate professors.

Since instructors have the final word regarding absences, please make sure you understand each instructor’s absence and illness policy. Most instructors will allow a certain number of absences. Please try to save these in case of illness.

HEALTH INSURANCE
Health insurance coverage (accident and sickness) is mandatory for all full-time students. CCSU offers a student health insurance policy (the carrier for the 2014/2015 year has not yet been established as on this printing). All full-time students are automatically enrolled in both accident and sickness policies with the university plan. Students covered for illness under an outside plan (e.g. their parent’s plan) may waive the sickness portion of the insurance through their BlueNet Account each semester. The deadline for waiving the sickness policy is the first day of classes; otherwise students are billed for the Acta Student Health sickness policy. The accidental insurance plan cannot be waived and its premium is folded into the university bill.

Part-time students will be able to purchase the university-sponsored plan. Please check the SWS or the Bursar’s websites for more details.
This university-sponsored insurance plan is not managed by Student Wellness Services. All questions regarding the CCSU sponsored plan should be addressed to the carrier. Questions concerning waivers or charges for the CCSU-sponsored plan are handled by the Bursar’s Office. However, if you are unsure of where to turn for an answer, we are always available to help if needed. Please note that Student Wellness Services does not bill any insurance or other third-party payers for services provided.

Because of the importance of the Latino community as one of the largest minority groups in the U.S., the center, as part of the University’s mission of fostering diversity and
global awareness, plays an important role in providing educational opportunities to Latino students, promoting Latino culture, and maintaining harmonious relationships with non-Latino cultures.

The center organizes educational and cultural activities that aim to increase the recruitment, retention, and graduation of Latino students; provides mentoring and tutoring services; engages in a variety of community outreach activities, focusing on links to connect elementary and high school teachers and students to CCSU; and supports research and academic activities that focus on Latin America, the Caribbean, and Latinos in the U.S.

The University recognizes that conflicts are a part of every student’s life. Campus Mediation Services helps students responsibly and constructively solve their own conflicts. Mediation is a voluntary, confidential, and structured process of resolving disputes and conflicts with the help of a neutral third party. A mediator helps disputing parties to generate and evaluate options for reaching a mutually acceptable agreement. Often, students in conflict do not have an opportunity to talk over their grievances in a neutral setting and work together to find their own solutions. As a result, anger and frustration grow. Mediation is a workable alternative. You may contact Campus Mediators listed above on an as-needed basis. For more information, contact Ramon Hernandez, Davidson Hall, Room 103, 860-832-1601.

STUDENT PARKING
CCSU Police Department, 170 Manafort Drive
Phone: (860) 832-2375; Website: www.ccsu.edu/Police
Every student (graduate, undergraduate, full-time, and part time) is required to have a current CCSU parking decal, available from the CCSU Police Department and Card Office. Before a parking decal can be obtained, a student must first have a CCSU student ID (Blue Chip Card). These are free and may be obtained at the Card Office in the Student Center. Students should also pick up a copy of the parking regulations that include a campus map and an explanation of parking areas and policies on the Central campus.

Any student who parks in a faculty/staff parking lot may be ticketed (fine of $25 or more) and is subjected to being towed at the owner’s expense (towing charges are controlled by the tow companies and are typically over $75). These parking lots are clearly marked by signs as you enter the lots. Always look for the signs before entering; do not go on the word of someone else (student or faculty) that it is okay to park in the lot.

If you feel you were ticketed unjustly, parking tickets may be appealed, within 10 days of issuance; to the University Parking Appeals Committee (appeal forms are available at the CCSU Police
Department). All fines must be paid in full before an appeal will be considered. Fines will double if not paid within 10 days of the date that the ticket was issued. Students will be notified of their hearing date with the appeals committee in writing and may appear in person before the committee. Refunds for successful appeals shall be processed within six to eight weeks of the date the appeal was granted. For more information on the appeals process, call the CCSU Police Motor-pool at (860) 832-2384.

From November 1 to April 15, students should avoid overnight parking in surface lots and on the tops of parking garages. Due to the potential for snow conditions and emergencies, all persons parking in open lots overnight during this period do so at their own risk. A parking ban may be imposed and those vehicles in surface lots and on top of garages will be subject to parking fines and towing at the owner’s expense. 

A more complete text of parking regulations may be found at the CCSU Police Department Web page http://www.ccsu.edu/Police.

STUDENT WELLNESS SERVICES
Christopher Diamond, M.D. Director
Shannon Jackson, Psy.D., M.S.Ed., Associate Director of Student Wellness Services for Counseling
Marisol Cruz Meléndez, APRN, Associate Director of Health Services
Jonathan Pohl, PhD. Coordinator of Wellness Education
Phone: (860) 832-1925; Website: www.ccsu.edu/wellness

University Health Services and the Counseling and Wellness Center have merged into an integrated Department of Student Wellness Services. Through integrated care we hope to provide focused, problem-specific, and integrated medical and mental health care, substance abuse prevention programs, and general wellness outreach, education, and support to the CCSU community. We continue to provide the same medical and mental health services as we have in the past. All services continue unchanged and in their previous locations. In the near future, we expect to be located in a single location and to expand access and types of services and outreach. Our three branches are described below.

THE COUNSELING CENTER
Shannon Jackson, Psy.D., M.S.Ed., Associate Director of Student Wellness Services for Counseling
Phone: (860) 832-1945; Website: www.ccsu.edu/counseling

The Student Wellness Services/Counseling Center offers a range of personal counseling services. All services are provided at no cost to full-time and part time students.

Students may make an appointment to see a professional counselor by calling the number above or coming to the office. All counseling contacts with students are completely confidential according to our privacy policy. Students are encouraged to seek assistance as soon as they become aware that a personal, psychological or behavioral concern is interfering with their overall well-being and ability to manage their academic responsibilities. The initial appointment is generally devoted to assisting the student in assessing the nature and severity of their dilemma. In most cases, problems can be resolved through brief individual, group and/or family counseling sessions. This often can occur in 3 to 5 sessions. If a student requires additional professional services available in the community, the counselor will assist in locating the most appropriate service and in helping the student access their insurance coverage for those services.

THE OFFICE OF WELLNESS EDUCATION
Jonathan Pohl, PhD. Coordinator of Wellness Education
Phone: 832-1618; Willard 113-00 http://www.ccsu.edu/page.cfm?p=3737

The Office of Wellness Education (OWE) provides, supports, advises, coordinates, and facilitates all manner of wellness related educational programs for students, faculty and staff. Our goal is to give participants the information and skills to help them improve and maintain their emotional, behavioral, and physical health. Topics may include such things as healthy eating, coping with grief and loss, alcohol, tobacco and other drug use and abuse, stress management, sexual health, time management, empowered bystander training, and healthy relationships. Working with the student peer support group, Natural Helpers, OWE is available to assist students, groups, or classes in addressing students wellness education needs.

We maintain a small resource library with books, videos, brochures and fact sheets related to these various issues in each of our locations. Much of this information and links to other resources can be found on our website.

Each year a group of students are selected by their peers to receive intensive training in providing assistance to their peers and in developing campus-wide wellness activities.

**Alcoholics Anonymous**

Support for students, faculty and staff who are in recovery from alcoholism or other addiction is available through a weekly Alcoholics Anonymous meeting held at the Newman House, 145 Paul Manafort Drive, on Wednesdays at 8 p.m. Schedules for other area self-help group meetings can be obtained from the office.

**Alcohol and Drug Education**

The Office of Wellness Education is continuing its campaign to help equip the CCSU community with resources and information that foster healthy lifestyles. Some of our initiatives include depression screening, the Great American Smoke Out, stress busters, safe spring break education, and Alcohol Awareness Week programming and events. In addition to these larger scale annual events, the Office also provides ongoing prevention and education outreach to residence halls and FYE and several upperclassmen classes (CHOICES and SAM SPADY programs).

**TLC TUTOR LAB**

_Phone: (860) 832-1900; Website: [www.ccsu.edu/learnctr/](http://www.ccsu.edu/learnctr/)_

Students using this service should expect to work independently or in small groups with the assistance of tutors who circulate throughout the center. The tutors are available to try to clarify specific course concepts and guide students needing remediation to other resources such as prerequisite texts or other courses. Students are invited to do their math homework or hold math study groups in the lab.

Hours vary by semester and are posted in the center and online by the end of the first week of classes.

If you are a strong math or statistics student, there are opportunities for student employment as a peer tutor. Please contact Elizabeth Spear, [spear@ccsu.edu](mailto:spear@ccsu.edu) for application information.

RECOGNIZED STUDENT CLUBS/ORGANIZATIONS (Spring 2014)
Student Club and Organization Policies
In an effort to ensure the place of student organizations on campus, the University has adopted the following policy regarding the recognition of such groups, along with a statement of privileges and responsibilities. You should consult the following sections of this handbook for additional policies relating to student organizations: Organizing a New Club (p.69); Participation in Co-curricular Activities (p.69); Associate Membership in Student Organizations (p.69); Fiscal Responsibility (p.70); Facility Use (p.70); Fraternity and Sorority (p.70); Posters and Advertising (p.83); Solicitation Policy (p.84); and Conduct and Discipline (p.85).

1.0. Organizations may be established with the University for any legal purpose compatible with the missions of academic institutions of higher learning. Affiliation with an extramural organization shall not, in itself, disqualify the University branch or chapter from University privileges.

2.0. A group becomes an organization when formally recognized by the University. Formal recognition of an organization means, and as herein described, that a recognized organization may be permitted the use of campus facilities, may have access to student funds, may use the University name and in general is accorded those privileges granted to other organizations within the campus community. All groups that meet the following requirements shall be considered for recognition:

2.1. Submission of a clear statement of purpose, criteria for membership, rules of procedure, a list of officers, and the name of a faculty advisor (full-time faculty) who has expressly indicated his/her willingness to serve. Changes in the foregoing must be submitted within one week of the date of effectiveness to the Vice President for Student Affairs; such changes will then be presented to the Student Affairs Committee for its approval or other appropriate action.

2.2. Where there is affiliation with an extramural organization, that organization’s constitution and bylaws shall be filed with the Vice President for Student Affairs; such constitution and bylaws will be reviewed by the Student Affairs Committee as part of the recognition process. All amendments in the extramural organization’s constitution shall be submitted to the Student Affairs Committee through the Vice President for Student Affairs within one month of the date of effectiveness.

2.3. All sources of outside funds shall be disclosed to the Student Affairs Committee through the Vice President for Student Affairs.

3.0. Recognition of an organization implies neither approval nor disapproval by the University of the stated aims, objectives, policies, and practices of the organization. No organization may use the University name without the express authorization of the University except to identify institutional affiliation.

4.0. Any organization which engages in illegal activities, or violates University policies or regulations, on or off campus, may have sanctions imposed against it, including withdrawal of University recognition in accord with 2.0 above.

4.1. Off-campus social events sponsored by registered student organizations (not advised by Residence Life) are to be initiated through the Department of Student Activities/Leadership Development (SA/LD).

5.0. Membership in a University organization shall be open to those who are willing to subscribe to the stated aims and meet the stated requirements of the organization (Refer to the Policy on Participation in Co-curricular Activities).
6.0. Recognized organizations within the campus community may be assigned use of campus buildings, grounds and/or equipment for regular business meetings, social and educational programs, and for programs open to the public.

6.1. The organization requesting use of buildings, grounds, and/or equipment must inform the University of the general purpose of any meeting.

6.2. The University delegates the assignment function to an administrative official.

6.3. Reasonable conditions may be imposed to regulate the timeliness of requests, to determine the appropriateness of the buildings, grounds, and/or equipment assigned to regulate time and use, and to ensure proper maintenance.

6.4. Preference may be given to programs designed for audiences consisting primarily of members of the University community.

6.5. Allocation of the use of buildings, grounds, and/or equipment may be made based on priority of requests and the demonstrated needs of the organization.

6.6. Cost incurred by the University for use of its buildings, grounds, and/or equipment may be charged to the using organization.

6.7. Physical abuse of assigned buildings, grounds, and/or equipment may result in limitations of future use of campus buildings, grounds, and/or equipment by offending organizations; the organizations may be charged for such damages.

7.0. The authority to allocate University funds derived from student fees for use by organizations is delegated to the Student Senate and Media Board.

7.1. An interpretation from the State of Connecticut Attorney General’s Office of Section 4-52 of the General Statutes reads, “...the Student Senate is charged with the responsibility to disburse funds only for the benefit of the students of Central Connecticut State University and, further, that the University administration is charged with the supervisory responsibilities, which include the determination that any programs receiving support from such funds are in fact for the benefit of students.”

7.2. Organization budgets are approved by the Student Senate/Media Board, subject to the approval of the President of the University.

7.3. Financial accountability is required for all allocated funds, including statement of income and expenses on a regular basis.

7.4. A record indicating the financial condition of the organization, with supporting documents as necessary, will be submitted on proscribed forms to the Vice President for Student Affairs at the end of each academic semester.

7.5. All recognized student organizations must work with Department of Student Activities/Leadership Development when contracting services. Students may not make verbal or written offers to contract services.
Recognized organizations must demonstrate each year that they are viable in order to maintain their status as an active organization; otherwise they will be placed in an inactive status or be declared defunct as defined below:

**Organizing a New Club**
If you are interested in organizing a new group, you must fill out a “New Club” form in the Student Activities/Leadership Development Office and attend a new club meeting facilitated by SA/LD. Check with the Student Activities/Leadership Development Office for the most accurate date and time for the meeting. The SA/LD Office also offers advice on creating effective organizations and reactivating recognized organizations.

**Participation in Co-Curricular Activities**
Full-time undergraduate students are eligible for participation in, and election or appointment to, committees and recognized University student organizations, and are eligible for participation in co-curricular activities, e.g. intercollegiate activities, band, theatre, provided the student is “matriculated”
and is not under disciplinary sanction. This is a minimum requirement for the University at large and does not replace any conditions established by individual organizations, participation in, and election or appointment to, committees and recognized University student organizations.

With regard to membership in recognized organizations, the exception to the foregoing would be those organizations which do not qualify for Student Senate funding and are determined by the University’s Student Affairs Committee to be nationally affiliated professional or honorific societies. Membership in these societies may be comprised of full-time undergraduates or graduates, part-time undergraduates or graduates, or faculty and staff, and other individuals who meet the criteria to be members. Privileges of membership will be set forth in conditions in the individual organizations’ constitutions consistent with applicable policies. For purposes of communicating with University officials the faculty advisor of the organization shall be the person who will circulate this information.

**Associate Membership in Student Organizations**

1. Recognized student organizations whose regular membership is comprised of full-time matriculated undergraduate students may invite other members of the campus community who are enrolled in a class(es) or are employed by regular members but will have the status of non-voting, non-office-holding associate members.
2. Associate members, if requested by the organizations, must pay associate membership fees. Associate members will be expected to pay a prorated fee for expenses incurred because of their participation in the organization’s activities.
3. The Student Affairs Committee requires associate members to sign waivers of liability when applicable.
4. A student organization expecting to receive associate members shall inform the Office of Student Activities and Leadership Development of this expectation. If there is a limit to the numbers of students that can adequately be expected to be accommodated in a student organization, then that organization cannot refuse new regular members in favor of associate members. Associate members, where applicable, must abide by University policies and regulations pertaining to student organizations and their use of campus facilities.

**Fiscal Responsibility**

All organizations, regardless of their source of funds, are expected to maintain accurate financial records in the best interests of the members, officers, and faculty advisors. Organizations receiving Student Senate or other University funds must follow current policies governing those funds. It is the responsibility of the organization’s president, treasurer, and faculty advisor to become informed of and to abide by those policies (see Student Activities Office).

**Faculty Use**

If you’re a member of a recognized campus organization, you may reserve campus facilities for the group by contacting the appropriate office listed below. The Student Center Reservations Office (832-1964), located in the Student Center, coordinates non-academic scheduling of facilities and advises on special events planning around and in the Student Center and in Memorial Hall. The Reservations Office is open Monday through Friday from 8 a.m. to 4 p.m. for walk-in service.

It is possible to list events not associated with an on-campus facility so that your event shows up on the official campus Web events calendar (http://today.ccsu.edu) by contacting Student Center Reservations. Other campus facilities may be scheduled by contacting Event Management at 832-2468.
Fraternity and Sorority Policies
Greek letter social and social/service organizations share in the responsibility with the University for facilitating the learning process and the cultivation of an environment which enriches the educational experience and promotes the development of human talent. COMPUTER USE POLICY

The Board of Regents (BOR) of Higher Education Policy Statement on Student Use of University Computer Systems and Networks (November 8, 1995):

1. University computer systems and networks are provided for student use as a part of the University academic program. Students are encouraged to become proficient in the use of computers as a means of enhancing their educational experience. However, widespread student use also necessitates certain rules of computer conduct. Computer misconduct can result in restrictions on or revocation of computer access privileges.

2. University computer systems and networks constitute an expensive and valuable resource. The capacity of this resource to fulfill all the legitimate academic and administrative needs of students, faculty and staff are limited.

3. Student users have a responsibility to use University computer resources in an efficient, ethical and lawful manner.

4. The University has a right and a duty to protect its valuable computer resources and to restrict student access to uses that are strictly related to the students’ academic programs as well as reasonably limited in time. The University reserves the right to define what unauthorized student uses are.

5. The Chief Computer Administrator or designee(s) at each University in the Board of Regents (BOR) of Higher Education Office may monitor student user accounts, files and/or login sessions for appropriate management purposes. Such purposes include but are not limited to performing archival and recovery procedures, evaluating system performance and ensuring system integrity and security.

6. Upon identifying a violation of this policy which constitutes an immediate, clear danger to the University computer systems or networks the Chief Computer Administrator or designee(s) at each University and in the Board of Regents Office may immediately limit or suspend a student’s access to University computer resources with immediate notification of charges and actions to the appropriate Chief Student Affairs Administrator or designee(s). This emergency suspension of computer use will then follow the student Disciplinary procedures for “Interim Suspension” as provided in the BORStudent Rights and Responsibilities and Disciplinary Procedures document.

7. Violations of University computer policy that do not constitute an immediate, clear danger to the University computer systems or computer networks will be referred to the regular student disciplinary process.

8. Student computer offenses, which are included as number 25 in the Appendix of Punishable Offenses in the BORStudent Rights and Responsibilities and Disciplinary Procedures document are as follows:
   a. Unauthorized use of University computers and/or peripheral systems and networks;
   b. Unauthorized access to University computer programs or files;

DISABILITY DISCRIMINATION POLICY
Central Connecticut State University is committed to the goal of providing equal educational opportunity and full participation for persons with disabilities. To that end, this statement of policy is written to ensure that no qualified person be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program of activity of the University.

Grievance Procedure for Students with Disabilities
For students with documented disabilities, the University is required to provide reasonable, appropriate and effective accommodations as long as they do not change the essential academic requirements of a course or major. The Americans with Disabilities Act requires that accommodations be developed in a give-and-take-process between the institution and students with disabilities.

Students who believe they have not received the appropriate services or accommodations are encouraged to follow the procedures below:
- Meet with an Office of Student Disability Services staff member to discuss their concerns.
- Upon written notification, the Office of Student Disability Services staff will initiate and complete a review process as expeditiously as possible.
- The Office of Student Disability Services staff will request that a University staff member provide the accommodation until the concerns are resolved.
- If the student’s concern is about the Office of Student Disability Services or the Director of the Student Disability Services, please contact the Office of the Vice President for Student Affairs, Davidson Hall, Room 103, or call (860) 832-1601. Grievances involving the Office of Student Disability Services or its Director should be filed within ten working days of the event or action-giving rise to the concern.
- If you are unsatisfied with the Office of Student Disability Services decision, file a formal grievance with the ADA/504 Compliance Officer located in Davidson Hall, Room 102, or by calling: (860)832-1653.
ELECTRONIC STUDENT COMMUNICATIONS POLICY
Student E-Communication Policy

University Policy on Electronic Student Communications

Central Connecticut State University relies upon the use of electronic messaging systems to provide official University communications to its students. Electronic communications allows the University to provide more timely information to the campus community, while reducing administrative costs. As with traditional postal mail messages, the University expects any electronic messages sent to be received and read by the student in a timely manner. Each student is responsible for reviewing their designated e-mail account frequently to receive official University correspondence.

The University Information Technology Services Department provides active students with their own MyCCSU e-mail accounts remotely hosted by Microsoft Office 365 service. The e-mail address chosen by the student will be considered by the University to be the student’s e-mail address for the purpose of receiving official University electronic communications. When using Microsoft Office 365 service, students are bound by the CSUS Email Policy found at http://www.ccsu.edu/page.cfm?p=1774.

It shall be the responsibility of the student for ensuring their e-mail account is properly maintained to receive University e-mail messages. This includes adequate mail quota, anti-spam filters and account activations. As with the postal mail service, the University assumes no responsibility for any messages not received or read by the student. Students are advised to be aware of all relevant University policies and schedules, including those used for registration, billing, health services, etc.

Electronic communications are not considered a secure mechanism for transmitting confidential and/or private information. Students are advised to exercise caution when using electronic communications to discuss such information. Electronic communications, as with all University documents, are subject to the provisions of the Freedom of Information Act.

EMERGENCY MEDICAL TREATMENT/WITHDRAWAL PROCEDURES
The following procedures will be in effect for students who exhibit behavior which is considered dangerous and/or life threatening:

I. CCSU Police will be contacted. After consultation with appropriate CCSU staff (i.e., Residence Life), CCSU Police will determine if the student should be removed by medical transport to an appropriate treatment facility.

II. If a student's behavior results in removal by emergency transport, the student will not be permitted to return to the University until the following conditions are met:

a. The student must present appropriate discharge papers to the Office of the Vice President for Student Affairs for temporary re-admission to the residence halls and/or classes, during University hours.
b. If a resident student is transported to a hospital emergency room by University action, during off hours (after 5 pm or weekends), the student must present appropriate discharge papers to the Residential Life staff by 10:00 am the next morning.

c. The student must meet with a Student Affairs Officer on the next business day in order to remain in residence and/or return to classes. The Vice President, or his/her designee within Student Affairs, will provide several options prior to clearing the temporary re-admissions to residence halls or classes:
   1. The student must be evaluated by Student Wellness Services/Health Services for medical issue(s);
   2. The student must be evaluated by the Student Wellness Services/Counseling and Wellness Center for psychological/substance abuse issue(s);
   3. The student must participate in a Student Conduct hearing;
   4. The student must schedule future meetings with the Vice President or his/her designee.

III. If the Vice President or his/her designee requires a student to attend any or all of the options under section II, the staff or the area(s) will then review the documentation and make appropriate recommendations to the Vice President for Student Affairs or his/her designee. Such recommendations may include, but are not limited to the following:

   a. Further medical/psychiatric assessment or care, which includes continuing contact with the Student Wellness Services/Counseling Center or other appropriate agencies.

   b. Based upon student's current medical/psychiatric condition, the individual may not be allowed to continue as a student.

   c. Other conditions as deemed necessary.

IV. Interpretations
   Questions regarding the interpretation of this Code shall be referred to the Vice President for Student Affairs or his/her designee for final determination. The interpretation accorded by the Vice President for Student Affairs or his/her designee shall be binding.

UNDERGRADUATE STUDENT LEAVE OF ABSENCE POLICY
   A Leave of Absence is a period of separation from CCSU for up to two consecutive semesters. During this time, a student maintains his or her matriculation and is entitled to return to CCSU. The Undergraduate Student Leave of Absence enables students to return after a maximum two-semester absence from campus. Students with this status need not apply for re-admission. Students may register for classes during the normal registration period based on cumulative credits earned both in transfer and at CCSU. This policy does not supersede any existing University withdrawal policy.

   Students desiring a Leave of Absence must:
   • Be matriculated and enrolled in the semester immediately preceding the Leave of Absence;
   • Address any outstanding financial obligations with the Bursar;
   • Have no disciplinary action pending.
Leave of Absence Process:
- Forms are available on the Web at www.ccsu.edu/registrar.
- Complete the Leave of Absence application and return it to the Office of the Registrar.

As required on the Leave of Absence request form, students must complete the following before the leave of absence goes into effect:
- Students living on campus must contact the Office of Residence Life.
- International students must contact the Center for International Education to insure that all legal documents are in order.

Status while on a Leave of Absence:
- Each semester an email of related materials will be sent to all students on a leave of absence.
- The student is eligible to enroll without question upon completion of the leave of absence.
- The student will be reported to all outside agencies as not currently enrolled.
- The student will not be entitled to access or privileges held by enrolled students.
- Upon return to CCSU, the student will comply with the requirements toward his or her degree as identified in the catalog at the time the student originally matriculated, unless other exceptions had been previously authorized.

Requirements to Return:
- The student need only register for the upcoming semester.
- Failure to return to active status during the semester designated on the Leave of Absence application will necessitate that the student apply for re-activation and pay the appropriate fees to Admissions at a later date when they choose to return to CCSU.

MEDICAL LEAVE POLICY
The universities comprising the Board of Regents (BOR) of Higher Education are committed to supporting the health and well-being of their students. The universities provide a wide range of counseling services to address the mental and physical health needs of their students, including counseling, psychiatric services, consultation, and referral assistance. The goal of the universities is to enable each and every student to function fully as a member of the academic community.

Students are permitted to take voluntary leaves of absence for physical or mental health reasons. If a student so requests, the Student Wellness Services/Health Services or Student Wellness Services/Counseling Center will assist a student in determining whether to take a voluntary medical leave of absence and in arranging that leave. A student on a voluntary medical leave of absence may maintain contact with, and may visit, campus friends and teaching, residence, counseling and administrative staff.

However, occasionally students experience medical, psychiatric or psychological conditions which cause them to pose a threat to the well-being of themselves or others. Should such a circumstance arise, and should the student refuse to take a voluntary leave of absence from the University, an involuntary medical leave of absence may be recommended by a physician or therapist on the staff of the Student Wellness Services/Health Services or the Student Wellness Services/Counseling Center.

A student may be placed on an involuntary medical leave of absence if it is determined that he or she poses a significant risk to the health or safety of himself or herself or to the health or safety of others. Such a determination may be based on evidence that a student has threatened or attempted suicide or has threatened,
attempted or inflicted other serious bodily harm upon him or herself, has threatened, attempted or engaged in homicidal or other violent behavior towards others in the community, or has exhibited behavior which poses a significant threat to his or her health and well-being.

The following procedures shall be followed in imposing an involuntary medical leave of absence:

1. When in the opinion of a professional member of the staff of the health or counseling center an involuntary medical leave of absence should be imposed, the recommendation for the imposition of such a leave of absence shall be presented as soon as possible to the Vice President of Student Affairs or to his or her designee. The reasons supporting the recommendation shall be set forth therein.

2. Upon receipt of the recommendation, the Vice President of Student Affairs shall confer with other University personnel, if appropriate. The Vice President of Student Affairs shall also, if possible, notify the student that the recommendation has been received and shall advise the student, in writing, that he or she has three (3) business days within which to schedule a meeting to confer with the Vice President of Student Affairs and present additional documentation for consideration.

3. During the meeting, the Vice President of Student Affairs shall discuss with the student the circumstances giving rise to the recommendation, the implications of voluntary and involuntary leaves of absence, and the procedures for returning from an involuntary leave. If appropriate, the Vice President of Student Affairs shall suggest to the student that he or she voluntarily take a leave of absence from the University. The affected student may be accompanied during the meeting with the Vice President of Student Affairs by a support person of his or her choosing. The support person shall not be entitled to speak during the meeting.

4. If, at the conclusion of the meeting, the Vice President of Student Affairs determines that an involuntary medical leave of absence should be imposed, or if no meeting is requested by the student in accordance with section 2 above, the involuntary leave shall be imposed. The Vice President of Student Affairs shall notify the student in writing of the imposition of the involuntary leave of absence. The notice shall advise the student of the anticipated duration of the involuntary leave (which shall be, at a minimum, the remainder of the semester if the involuntary leave is imposed for mental health reasons) and the conditions under which the student may seek to return from involuntary leave. The notice shall also advise the student that during the period of the involuntary leave, he or she may visit the campus only with the prior written authorization of the Vice President of Student Affairs.

5. With the consent of the student, or when deemed appropriate to do so and in accordance with the university’s student records policy and applicable state and federal law, the Vice President of Student Affairs may notify a parent, guardian, or spouse of the leave and may request that a parent, guardian, spouse or other appropriate person make arrangements to remove the student from the University.

6. A student may appeal the imposition of an involuntary medical leave of absence to the President or his or her designee. However, at the direction of the Vice President of Student Affairs, the leave of absence may remain in effect pending the outcome of the appeal. A student wishing to appeal the imposition of an involuntary leave must do so in a written letter of appeal, delivered to the President within three (3) business days of receipt the notice of imposition of the leave. The letter of appeal shall set forth the reasons why the student believes that the imposition of the leave
is not warranted. After reviewing the letter of appeal, the President, or his or her designee, may meet with the student and consult with the Vice President of Student Affairs and other University officials, as he or she deems necessary. The decision of the President or his or her designee shall be final.

7. A student who has been placed on a medical leave of absence, whether voluntary or involuntary, shall be eligible to return to the University according to the following:

a. A student placed on an involuntary medical leave or absence may request to return to active status on or after a date that has been specified at the time the involuntary leave is imposed. Normally, involuntary leaves are imposed for a minimum of one (1) semester, but no longer than a full calendar year. In unusual cases, and if requested by the student, an involuntary medical leave of absence may be extended to for the duration for two (2) academic years. In the event the student is unable to return within the two-year maximum limit, the student shall lose matriculation status. Should a student lose matriculation status, reentry to the university may only be achieved by reapplying for admission to the institution, being accepted for admission, and entering the University on the terms and conditions, including academic requirements, set forth in the applicable catalog in effect at the time of admission.

b. A request to return from an involuntary medical leave of absence may only be made during the 30-day period immediately preceding the beginning of the semester in which the students seek to enroll.

c. A student who wishes to return to the University shall:
   i. Notify the Student Wellness Services/Health Services of his or her desire to return and the specific semester for which the reentry is sought.
   ii. Provide written documentation to the Student Wellness Services that the condition which led to the imposition of an involuntary medical leave of absence has been treated by a licensed health care provider. The documentation shall consist of a written record, signed by the treating health care provider, indication: date of original visit; diagnosis; treatment; compliance and adherence with treatment plan; assessment of any need for on-going medical/psychiatric supervision or treatment; and any recommendation regarding the readiness of the student to return to the university. The documentation must not be initiated more than thirty (30) days prior to the beginning of the semester within which the student seeks to re-enter the university.

d. Upon receipt of the documentation outlined above, the University, through either the Student Wellness Services/Health Services or the Student Wellness Services/ Counseling & Wellness Center, as applicable, will
   i. Initiate a timely review of the student’s request and the supporting documentation provided by the treating health care provider;
   ii. Conduct a re-entry assessment conference with the student and a qualified staff member from the Student Wellness Services/Health Services or the Student Wellness Services/Counseling & Wellness Center, who shall not be the same individual as previously provided direct service care to the student;
   iii. Conduct a re-entry assessment conference with the Director of Residence Life (or his or her designee), in the case of students who are seeking on-campus housing;
   iv. As necessary and if warranted, consult via e-mail or phone with the health care provider who provided the supporting documentation, for purposes of coordinating a continuing treatment plan and addressing any conditions which may be imposed upon re-entry;
v. Forward a recommendation to the Vice President of Student Affairs (or his or her designee), relative to the student’s preparedness to reenter the University community. This recommendation may include conditions which are designed not only to support the student in a successful reentry transition, but also to safeguard the University community. Conditions which may be imposed include, but are not limited to: restrictions on full-time or part-time status in the semester of return; restrictions on housing eligibility; limitations in course registration options; and requirements set forth in a behavioral contract. No condition shall be assigned which is punitive in intention;

e. The Vice President of Student Affairs (or his or her designee) will consider the recommendation, consult with those who prepared the recommendation, and if needed, arrange a personal interview with the student and/or request a consultation with the dean/chair of the student’s major department.

f. The Vice President of Student Affairs will, based on the totality of the information available, including the student’s prior academic history, make a decision on the reentry request. The student will be informed of the decision in writing.

g. In the event the request is denied, the student will be informed of the reasons for that denial and be advised as to what he/she will be required to do before another request for re-entry will be entertained.

h. In the event the request is granted, the student will be informed in writing, and any conditions which are being assigned (see subsection d(v) above) shall be outlined fully for the student, including the date on which the conditions shall no longer apply.

i. The decision of the Vice President of Student Affairs shall be final.

NONDISCRIMINATION IN EMPLOYMENT AND EDUCATION POLICY

Central Connecticut State University (CCSU) is committed to a policy of nondiscrimination in education and employment. No person shall be discriminated against in terms and conditions of employment, personnel practices, or access to or participation in programs, services and activities with regard to: age; ancestry, color; gender identity and expression; intellectual disability; learning disability; mental disability; physical disability; marital status, national origin; race; religious creed; sex, including pregnancy, transgender status, sexual harassment and sexual assault; sexual orientation; or any other status protected by federal or state laws. Discrimination in employment based on genetic information is prohibited. In addition, CCSU will not refuse to hire solely because of a prior criminal conviction, unless that refusal is permitted by Connecticut law.

Harassment on the basis of any of the above protected classes is prohibited. Harassment may occur in a variety of relationships, including faculty and student, supervisor and employee, student and student, staff and student, employee and employee, and other relationships with persons having business at, or visiting the educational or working environment.

This policy is directed at verbal or physical conduct that constitutes discrimination/harassment under state and federal law and is not directed at the content of speech. In cases in which verbal statements and other forms of expression are involved, CCSU will give due consideration to an individual’s constitutionally protected right to free speech and academic freedom.

Retaliation is illegal. No individual who opposes an allegedly discriminatory act or practice shall suffer retaliation as a result of such participation. Complaints of retaliation may be filed within a reasonable time of
the alleged retaliatory act with the Chief Diversity Officer or any manager not directly involved in the alleged retaliation who will then notify the Office of Diversity and Equity.

PARENTAL NOTIFICATION POLICY
CCSU is dedicated to the objective that each member of the campus community should be able to live, study, and work in a safe, healthy, and supportive environment. It is our belief that a campus should be a place where college students, who are adults, can make adult choices with the responsibility for the consequences of those choices. Part of that experience for some students is to test limits of self and community. Oftentimes, making mistakes can be a valuable learning experience; as long as by doing so there are no undue risks taken, or inappropriate consequences inflicted, upon others.

We recognize and affirm that parents, guardians and/or other significant adults serve as important partners in the success of each student. Parents have prepared students for success in college and have provided the love, support, and encouragement that students need to succeed as well-adjusted and motivated members of society. Naturally, parents have an interest in being fully informed about their son or daughter’s experience at college.

To that end, the University wishes to develop a network of support among students and their parents. To do so, in our judgment, requires that the University provide some information to parents while allowing room for students to grow and become more self-reliant. It is also important to understand that federal and state law limits the circumstances when a University is permitted to release information contained in student records.

CCSU has concluded that an appropriate balance can be achieved where the University will contact parents, on a limited basis, for violations by a student of the University’s conduct code. We will not contact parents for minor conduct violations, including most first time alcohol violations, although we will encourage students to inform their parents in these circumstances. The University will notify parents where it is appropriate to do so at its discretion and within the bounds of legal limitations, which have been changed to allow universities to notify parents in a broader range of circumstances. Normally, this will occur when a student is involved in serious misconduct that results in a probationary status or when a student’s use of alcohol or other drugs involves the need for medical intervention, even if it is the student’s first violation. It is our belief that notification in this fashion will allow University staff members the opportunity to teach while providing students the room to grow. When we meet with students who have violated our policy, it is our practice to also advise them of services on campus that can be of assistance to them, if they feel they may need more
information and/or professional assistance to change their behavior. This will also allow a connection to be made within the family support structure to avoid further decisions that are likely to result in a significant separation from university life.

PET POLICY
With the exception of animals used to aid persons with disabilities, animals used in University laboratories and fish in residence hall rooms, animals are prohibited in campus buildings.

POSTERS AND ADVERTISING POLICY
Campus events, student organization or University sponsored, will be listed on-line at http://today.ccsu.edu.

No outside organization shall place posters on campus without permission from the Chief Administrative Officer. No unauthorized or unsolicited handbills, posters, notices, or other similar devices of a temporary nature are to be displayed on the exterior of any campus building, parked cars, trees, telephone poles, grounds, etc. on University property.

RACISM AND ACTS OF INTOLERANCE POLICY
The Board of Trustees for the Connecticut State University system, on November 3, 1989, endorsed the following policy regarding racism and acts of intolerance:

- Institutions within the Connecticut State University system have a duty to foster tolerance;
- The promotion of racial, religious, and ethnic pluralism within the University is the responsibility of all individuals within the University community;
- Every person within the University community should be treated with dignity and assured security and equality;
- Individuals may not exercise personal freedoms in ways that invade or violate the rights of others;
• Acts of violence and harassment reflecting bias or intolerance of race, religion, gender, sexual orientation, disability, and ethnic or cultural origins are unacceptable; and
• The University shall take appropriate corrective action if such acts of violence or harassment occur.

A complaint against a student alleging a violation of this policy should be filed with the Diversity and Equity Office, in Davidson 102; the Office of the Vice President for Student Affairs, in Davidson 103; or the CCSU Police Department, located at 1500 East Street. Any complaint filed against a University employee must be filed within 90 days of the alleged violation.

SEXUAL HARASSMENT POLICY
Central Connecticut State University is committed to providing a learning and working environment that emphasizes the dignity and worth of every member of its community, free from discriminatory conduct or communication. Sexual harassment in any form will not be tolerated.

It is the responsibility of the University President to maintain a learning and working environment free of sexual harassment and intimidation. The Chief Diversity Officer has been designated as the coordinator for investigations and enforcement of the University’s Sexual Harassment Policy.

Deans, directors, department heads, chairpersons, and supervisors share responsibility for the implementation of the University policy in regard to sexual harassment in their units. Accountability for compliance with this policy, as with all other University policies, will be part of their regular performance evaluation. Other persons who suspect sexual harassment should report it to an appropriate person in their unit or to the Chief Diversity Officer.

This policy shall apply to all individuals affiliated with Central Connecticut State University, including but not limited to, its students, employees, volunteers, and agents, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation or reprisal. Individuals who violate this policy may be subject to disciplinary or other corrective action.

Definitions
Sexual Harassment: For the purpose of this policy “sexual harassment” is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education, evaluation of a student's academic performance, or term or condition of participation in student activities or in other events or activities sanctioned by the university; or
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions or other decisions about participation in student activities or other events or activities sanctioned by the university; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance; or creating an intimidating, hostile, or offensive work or educational environment.
Sexual Harassment and Violence as Sexual Abuse: Under certain circumstances, sexual harassment or violence may constitute sexual abuse according to Connecticut law. Nothing in this policy will prohibit the University from taking immediate action to protect victims of alleged sexual abuse. Central Connecticut State University’s Sexual Misconduct Policy addresses sexual violence.

Retaliation: Retaliation is subjecting a person to an adverse employment or educational action because he or she made a complaint under this policy or assisted or participated in any manner in an investigation under this policy.

Investigation
In determining whether alleged conduct constitutes sexual harassment, the University will look at the totality of circumstances, including the nature of the conduct and the context in which the alleged incidents occurred. The determination that the conduct violates University policy will be made on a case-by-case basis. The preponderance of the evidence standard will be used to make the final determination. The University will take immediate and appropriate corrective action based on the findings in each case. As appropriate, the case may be referred to the Office of Student Conduct or the Human Resources Office. Violations of this policy may lead to disciplinary action up to and including academic dismissal or termination of employment.

Retaliation
Retaliation as defined in this policy is prohibited. Any individual subject to this policy who intentionally engages in retaliation may be subject to disciplinary or other corrective action as appropriate.

All members of the Central Connecticut State University’s community are expected to conduct themselves in keeping with the policy of prohibiting sexual harassment.

BOR/CSCU SEXUAL MISCONDUCT, SEXUAL ASSAULT AND INTIMATE PARTNER VIOLENCE POLICY
Central Connecticut State University (CCSU) will not tolerate sexual misconduct against students, staff, faculty, or visitors, whether it comes in the form of intimate partner violence, sexual assault, sexual exploitation or sexual harassment, as defined in the BOR policy. In an ongoing effort to prevent sexual misconduct and intimate partner violence on the CCSU campus, the University provides education and prevention programs for the CCSU community and pursues all criminal and administrative remedies for complaints of sexual misconduct.

CCSU is a community dependent upon trust and respect for its constituent members: students, faculty, staff and those visiting or under temporary contract. As noted in CCSU’s Violence Free Campus Policy, members of the University community have the right to a safe and welcoming campus environment. Acts of sexual misconduct and intimate partner violence threaten personal safety and violate the standards of conduct expected of community members.

Individuals and Entities Affected by this Policy
This policy applies to anyone on the property of Central Connecticut State University, as well as anyone present at CCSU-sponsored programs or events. This policy extends to off-campus violations of both students and employees in limited circumstances as noted below:

- Students: “Off-campus misconduct may be subject to the jurisdiction of the University and addressed through its disciplinary procedures if one of the following conditions is met: (i) a student engages in prohibited conduct at an official University event, at a University-sanctioned event, or at an event
sponsored by a recognized student organization; or (ii) a student engages in prohibited conduct under such circumstances that reasonable grounds exist for believing that the accused student poses a threat to the life, health or safety of any member of the University community or to the property of the University.

- Employees: The decision of whether to investigate and discipline employees for off-campus misconduct will be made by the appropriate university administrator on a case-by-case basis in accordance with collective bargaining agreements, Board of Regents/University policies, and state regulations.

Statement of Policy

The Board of Regents for Higher Education (BOR) in conjunction with the Connecticut State Colleges and Universities (CSCU) is committed to insuring that each member of every BOR governed college or university community has the opportunity to participate fully in the process of education and development. The BOR and CSCU strive to maintain a safe and welcoming environment free from acts of sexual misconduct and relationship violence. It is the intent of the BOR and each of its colleges or universities to provide safety, privacy and support to victims of sexual misconduct and relationship violence.

The BOR strongly encourages the reporting of sexual misconduct, including sexual harassment, sexual assault and intimate partner violence, as an effective means of taking action by reporting such acts to the appropriate officials and pursuing criminal or disciplinary remedies, or both. The only way that action can be taken against anyone who violates another in such a manner is through reporting. Each and every BOR governed college or university shall provide those who report sexual misconduct with many supportive options, including referral to agencies that provide medical attention, counseling, legal services, advocacy, referrals and general information regarding sexual assault. Each and every BOR governed college or university will preserve the confidentiality of those who report sexual misconduct to the fullest extent possible and allowed by law. All BOR and CSCU employees, victim advocates or community victim advocates being consulted will make any limits of confidentiality clear before any disclosure of facts takes place.

Sexual intimacy is permissible only if it is agreed to by all participants and all activity is affirmatively consensual at all times.

Sexual misconduct, including sexual harassment, sexual assault, sexual exploitation and intimate partner violence, against anyone is unacceptable and is both a crime under State law and a violation of BOR policies. The BOR and each of its governed colleges and universities are committed to providing an environment free of personal offenses. Consensual sexual relationships between staff, faculty and students are discouraged pursuant to BOR policy.

For complete policy and procedure (complaint against any university employee) go to http://web.ccsu.edu/diversity/. For complaints against students go to http://web.ccsu.edu/studentconduct/.

Mandated Reporting

The BOR requires that a report be made to the Connecticut Department of Children and Families whenever a person under eighteen (18) years of age may have been sexually assaulted. Further, pursuant to BOR Policy on Suspected Abuse or Neglect of a Child, any BOR or CSCU employee who has a reasonable cause to suspect or believe that a person under the age of 18 years has been abused or neglected, has been placed in imminent harm or has had a non-accidental injury is required by Board policy to report
the incident as soon as practicable to their immediate supervisor as well. Employees are required to report possible sexual assault of persons 18 years old or older and those CSCU employees who qualify as Campus Security Authorities under the Jeanne Clery Act have a duty to report possible sexual assault regardless of the age of the reported victim.

Confidentiality

When a BOR governed college or university receives a report of sexual assault all reasonable steps will be taken by the appropriate CSCU officials to preserve the privacy of the reported victim while promptly investigating and responding to the report. While the institution will strive to maintain the confidentiality of the information reported, which information is subject to privacy requirements of the Family Education Rights Privacy Act (FERPA), the institution also must fulfill its duty to protect the campus community.

Confidential resources, such as off campus counseling and psychological services, health services providers, member(s) of the clergy, and the local Sexual Assault Crisis Center are bound by state statutes and professional ethics from disclosing information about reports without written releases. Information provided to a confidential resource by a victim of a sexual assault or the person reported to have been assaulted cannot be disclosed legally to any other person without consent, except under very limited circumstances, such as an imminent threat of danger to self or others or if the reported victim is a minor. Therefore, for those who wish to obtain the fullest legal protections and disclose in full confidentiality, she/he must speak with a confidential resource. Each BOR governed college or university will provide a list of such confidential resources in the College or University’s geographic region to victims of assault as well as publish these resources on-line and in various publications.

Where it is deemed necessary for the institution to take steps to protect the safety of the reported victim and/or other members of the campus community, the institution will seek to act in a manner so as not to compromise the privacy or confidentiality of the reported victim of a sexual assault to the extent reasonably possible.

Rights of Those Who Report

Those who report any type of sexual misconduct, including sexual harassment, sexual assault or intimate partner violence, to any BOR governed college or university employee will be informed in a timely manner of all their rights and options, including the necessary steps and potential outcomes of each option. When choosing a reporting resource the following information should be considered:

All reports of sexual misconduct, including sexual harassment, sexual assault and intimate partner violence, will be treated seriously and with dignity by the institution.

Referrals to off-campus counseling and medical services that are available immediately and confidential, whether or not those who report an assault feel ready to make any decisions about reporting the assault to police, the Dean of Students or the Campus’s Title IX Coordinator.

Those who have been assaulted have the right to take both legal action (criminal/civil action) and action against the individual allegedly responsible.

Those who seek confidentiality may contact a clergy member(s) and/or the Sexual Assault Crisis Center of Connecticut – all of whom are bound by state statutes and professional ethics to maintain confidentiality without written releases.
Options for Changing Academic, Transportation and Working Arrangements

The colleges or universities will provide assistance to those involved in a report of sexual harassment, sexual assault or intimate partner violence, including but not limited to, reasonably available options for changing academic, campus transportation, housing or working situations as well as honoring lawful protective or temporary restraining orders. Each and every BOR governed college or university shall create and provide information specific to its campus detailing the procedures to follow after the commission of such violence, including people or agencies to contact for reporting purposes or to request assistance, and information on the importance of preserving physical evidence.

Support Services Contact Information

It is BOR policy that whenever a college or university Title IX Coordinator or other employee receives a report that a student, faculty or staff member has been subjected to sexual misconduct, including sexual harassment, sexual assault or intimate partner violence, the Title IX Coordinator or other employee shall immediately provide the student, faculty or staff member with contact information for and, if requested, professional assistance in accessing and using campus, local advocacy, counseling, health, and mental health services. All CSCU campuses shall develop and distribute contact information for this purpose as well as provide such information on-line.

Right to Notify Law Enforcement & Seek Protective and Other Orders

Those who report being subjected to sexual misconduct, including harassment, sexual assault or intimate partner violence, shall be provided written information about her/his right to:

- notify law enforcement and receive assistance from campus authorities in making the notification; and,
- obtain a protective order, apply for a temporary restraining order or seek enforcement of an existing order. Such orders include:
  - standing criminal protective orders;
  - protective orders issued in cases of stalking, harassment, sexual assault, or risk of injury to or impairing the morals of a child;
  - temporary restraining orders or protective orders prohibiting the harassment of a witness;
  - relief from physical abuse by a family or household member or person in a dating relationship; and,
  - family violence protective orders.

Student Conduct Procedures

The Student Code of Conduct provides the procedures for the investigation, definitions of terms, and resolution of complaints regarding student conduct, including those involving sexual harassment, sexual assault and intimate partner violence.

The Title IX Coordinator can assist in explaining the student conduct process. The Student Code of Conduct provides an equal, fair, and timely process (informal administrative resolution or a formal adjudication) for complainants and accused students.
Reported victims of such assault or violence shall have the opportunity to request that disciplinary proceedings begin promptly and such disciplinary proceedings shall be conducted by an official trained in issues relating to sexual assault and intimate partner violence and shall use the preponderance of the evidence standard in making a determination concerning the alleged assault or violence. Both the reported victim of such assault or violence and the accused are entitled to be accompanied to any meeting or proceeding relating to the allegation of such assault or violence by an advisor or support person of their choice, provided the involvement of such advisor or support person does not result in the postponement or delay of such meeting as scheduled, and each shall have the opportunity to present evidence and witnesses on their behalf during any disciplinary proceeding. Both the reported victim and accused are entitled to be informed in writing of the results of any disciplinary proceeding not later than one business day after the conclusion of such proceeding. Sanctions may range from a warning to expulsion, depending upon the behavior and its severity. To the extent permitted under state or federal law or as necessary for the disciplinary proceeding, the college or university shall not disclose the identity of the reporter or the accused.

Dissemination of this policy

Upon adoption by the Board all CSCU institutions shall, upon receipt, immediately post and maintain this policy at all times in an easily accessible manner on each institution’s website. This Policy shall thereafter be annually provided to all Title IX Coordinators, campus law enforcement officers and security personnel, and other campus personnel. Further, this policy shall be presented at student orientation and at student awareness and prevention trainings, and made broadly available at each campus. The Policy shall be expanded upon by each institution to provide resources and contact information specific to their institution and geographic area as set forth above.

Terms and Usage

Sexual misconduct may include engaging in one of more behaviors:

(a) Sexual harassment, which can include any unwelcome sexual advance or request for sexual favors, or any conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s education; submission to or rejection of such conduct by an individual is used as a basis for academic decisions affect[ing] the individual; or such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creating an intimidating, hostile or offensive educational environment. Examples of conduct which may constitute sexual harassment include but are not limited to:

- sexual flirtation, touching, advances or propositions
- verbal abuse of a sexual nature
- pressure to engage in sexual activity
- graphic or suggestive comments about an individual’s dress or appearance
- use of sexually degrading words to describe an individual
- display of sexually suggestive objects, pictures or photographs
- sexual jokes
- stereotypic comments based upon gender
- threats, demands or suggestions that retention of one’s educational status is contingent upon toleration of or acquiescence in sexual advances.
(b) Sexual assault may include a sexual act directed against another person when that person is not capable of giving consent, which shall mean the voluntary agreement by a person in the possession and exercise of sufficient mental capacity to make a deliberate choice to do something proposed by another. Sexual assault is further defined sections 53a-70, 53a-70a, 53a-70b, 53a-71, 53a-72a, 53a-72b or 53a-73a of the general statutes.

(c) Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited, and that behavior does not otherwise constitute one of the preceding sexual misconduct offenses. Examples of behavior that could rise to the level of sexual exploitation include:

- Prostituting another person;
- Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
- Non-consensual distribution of photos, other images, or information of an individual’s sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;

Consent is an affirmative, conscious decision – indicated clearly by words or actions – to engage in mutually accepted sexual contact. Consent cannot be assumed because there is no physical resistance or other negative response. A person who initially consents to sexual activity shall be deemed not to have consented to any such activity which occurs after that consent is withdrawn. A lack of consent may result from mental incapacity (e.g., ingestion of alcohol or drugs which significantly impair awareness or judgment) or physical incapacity (e.g., the person is unconscious or otherwise unable to communicate consent).

**Intimate partner violence** any physical or sexual harm against an individual by a current or former spouse or person in a dating relationship with such individual that results from any action by such spouse or such person that may be classified as a sexual assault under section 53a 70, 53a-70a, 53a-70b, 53a-71, 53a-72a, 53a-72b or 53a-73a of the general statutes, stalking under section 53a-181c, 53a-181d or 53a-181e of the general statutes, or domestic violence as designated under section 46b-38h of the general statutes. “The offenses that are designated as “domestic violence” are against family or household members or persons in dating relationships and include assaults, sexual assaults, stalking, and violations of protective or restraining orders issued by a Court. Stalking is one person's repetitive and willful following or lying in wait behavior towards another person that causes that other person to reasonably fear for his or her physical safety. Relationship violence may also include physical abuse, threat of abuse, and emotional abuse.

I. STUDENT CODE OF CONDUCT

PREAMBLE

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students and the general wellbeing of society. In line with this purpose, the University has the duty to protect the freedoms of inquiry and expression and furthermore has the responsibility to encourage all of its members to develop the capacity for critical judgment in their sustained and independent search for truth.

The Board of Regents of Higher Education (BOR) has certain self-defined institutional values. Principal among these values is respect for the dignity, rights, and individuality of each member of the University Community. The opportunity to live, study, and work in an institution which values diverse intellectual and cultural perspectives and encourages discussion and debate about competing ideas in an atmosphere of civility is a basic component of quality higher education.

All members of the University Community must at all times govern their social and academic interactions with tolerance and mutual respect so that the men and women who pass through the University's doors are enriched by these experiences and are prepared for full and enlightened participation in a multi-cultural society. Because of the University's commitment to principles of pluralism, mutual respect, and civility, certain activities are not acceptable on the University's campus. Acts of intolerance, of hatred or violence based on race, religion, sexual orientation, disability, gender, age, or ethnic background are antithetical to the University's fundamental
principles and values. It is the University's responsibility to secure the students' right to learn by establishing an environment of civility.

The disciplinary process is intended to be part of the educational mission of the Board of Regents (BOR). Student disciplinary proceedings are not criminal proceedings and are not subject to court rules of procedure and evidence.

**INTRODUCTION**

This Student Code of Conduct (hereinafter the “Student Code”) is intended to present a clear statement of student rights and responsibilities established by the BOR. The Board has charged the President of the BOR with developing procedures to protect those rights and to address the abdication of those responsibilities in collaboration with the four Universities. The Student Code describes the types of acts that are not acceptable in an academic community.

Students must be aware that, as citizens, they are subject to all federal and state laws in addition to all University regulations governing student conduct and responsibilities. Students do not relinquish their rights nor do they shed their responsibilities as citizens by becoming members of the Connecticut State University Community.

Disclaimer: This Code is neither a contract nor an offer of a contract between the University and any student. The provisions of this Code are subject to revision at any time.

**PART A: DEFINITIONS**

The following list of defined terms utilized throughout this Student Code is provided in an effort to facilitate a more thorough understanding of the Code. This list is not intended to be a complete list of all the terms referenced in the Student Code that might require interpretation or clarification. The Vice President for Student Affairs or his or her designee shall make the final determination of the definition of any term found in the Student Code. For purposes of interpretation and application of the Student Code only, the following terms shall have the following meanings:

1. “Accused Student” means any student accused of violating this Student Code.
2. “Appellate Body” means any person or persons authorized by the Vice President for Student Affairs or his or her designee to consider an appeal from a determination by a Hearing Body that a student has violated the Student Code.
3. “Disciplinary Officer” or “Conduct Administrator” means a University official who is authorized to determine the appropriate resolution of an alleged violation of the Code, and/or to impose sanctions or affect other remedies as appropriate. Subject to the provisions of this Code, a disciplinary officer or conduct administrator is vested with the authority to, among other duties: investigate a complaint of an alleged violation of the Code; decline to pursue a complaint; refer identified disputants to mediation or other appropriate avenues of resolution; establish charges against a student; enter into an administrative agreement developed with an Accused Student in accordance with Section II-B-3 of this Code; advise a Hearing Body; and present the case against the Accused Student as the Complainant before the Hearing Body.
4. “Hearing Body” means any person or persons authorized by the Vice President for Student Affairs to determine whether a student has violated the Code and to impose sanctions as warranted, including a hearing officer, hearing board, or hearing panel.
5. “Instructor” means any faculty member, teaching assistant, or any other person authorized by the University to provide educational services, including, but not limited to, teaching, research and academic advising.

7. “Policy” means the written regulations, standards and student conduct expectations adopted by the University and found in, but not limited to, the Student Handbook, the Residence Life Handbook, the housing contract, the Graduate and Undergraduate Catalogs, and other publicized University notices.

8. “Prohibited Conduct” means the conduct prohibited by this Code, as more particularly described in Part I-D of this Code.

9. “Reporting Party” means any person who submits a charge alleging that a student has violated this Code.

10. “Student” means any person admitted, registered, enrolled or attending any University course or University-conducted program, whether full-time or part-time, and whether pursuing undergraduate, graduate or professional studies. Persons who are not officially enrolled for a particular term but who have a continuing relationship with the University are considered “students” for purposes of application of this Code.

12. “Student Organization” means an association or group of persons that have complied with the formal requirements for University recognition.

13. “Support Person” means a person, who accompanies an Accused Student, a Reporter, a witness, or a victim to a hearing for the limited purpose of providing support and guidance. A support person may not directly address the Hearing Body, question witnesses, or otherwise actively participate in the hearing process.

14. “University” means the BOR University where the alleged violation of the Code occurred.

15. “University Affiliates” means individuals and/or entities with whom or with which the University has a contractual relationship.

16. “University Calendar Days” means the weekdays (Mondays through Fridays) when the University is open.

17. “University Official” means any person employed by the University to perform assigned administrative, instructional, or professional responsibilities.

18. “University Premises” means all land, buildings, facilities, and other property in the possession of, or owned, used, and/or controlled by, the University, either solely or in conjunction with another entity.

19. “Shall” and “will” are used in the imperative sense.

20. “May” is used in the permissive sense.

**PART B: APPLICATION, DISTRIBUTION AND ADMINISTRATION OF THE STUDENT CODE OF CONDUCT**

1. Application of the Student Code: The Student Code shall apply to the four Connecticut State Universities: Central Connecticut State University, Eastern Connecticut State University, Southern Connecticut State University and Western Connecticut State University. An alleged violation of the Student Code shall be addressed in accordance with the procedures agreed to by the Universities, even if the accused Student has withdrawn from the University prior to the
completion of the disciplinary procedures.

The Student Code shall apply to Students and to Student Organizations. The term “student” shall generally apply to the student as an individual and to a Student Organization as a single entity.

The officers or leaders of a particular Student Organization usually will be expected to represent the organization during the disciplinary process. Nothing in this Student Code shall preclude holding certain members of a Student Organization accountable for their individual acts committed in the context of or in association with the organization’s alleged violation of this Code.

2. Distribution of the Student Code: The Student Code shall be made available electronically and/or in a printed publication to students, faculty and staff. The Office of Student Affairs will distribute and make available to students, faculty and staff, electronically and/or in a printed publication, any revisions to the Code.

3. Administration of the Student Code: The Vice President for Academic Affairs shall be the person designated by the University President to be responsible for the administration of the Academic Misconduct portion of the Student Code. The Vice President for Student Affairs shall be the person designated by the University President to be responsible for the administration of the Non-Academic Misconduct portion of the Student Code.

PART C: SCOPE OF DISCIPLINARY AUTHORITY

A Student who is found responsible for engaging in conduct that violates the Student Code on any BOR campus or on property controlled by the University or by any University Affiliate shall be subject to the sanctions described in this Code. Students who attempt to engage in conduct that violates this Code, who knowingly encourage, aid or assist another person in engaging in such conduct, or who agree with another person, explicitly or otherwise, to engage in such conduct, may also be subject to disciplinary action.

Off-campus misconduct may be subject to the jurisdiction of the University and addressed through its disciplinary procedures if one of the following conditions is met: (i) a Student engages in prohibited conduct at an official University event, at a University-sanctioned event, or at an event sponsored by a recognized Student Organization; or (ii) a Student engages in prohibited conduct under such circumstances that reasonable grounds exist for believing that the Accused Student poses a threat to the life, health or safety of any member of the University Community or to the property of the University.

PART D: PROHIBITED CONDUCT

The following list of behaviors is intended to represent the types of acts that constitute violations of this Code. Behaviors which are prohibited by this Code may be categorized into four broad areas: violations involving personal integrity; violations involving the rights of other individuals; violations involving health and safety of the university community; and violations involving the on-going activities and/or processes of the university. Although the list is extensive, it should not be regarded as all-inclusive.
Violations Involving Personal Integrity

1. Academic misconduct, which includes, but is not limited to, plagiarism and all forms of cheating.

   *Plagiarism* may be defined as occurring when “a writer … uses someone else’s language, ideas, or other original (not common knowledge) material without acknowledging its source.” (Council of Writing Program Administrators, 2003). It includes, but is not limited to, the use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgment. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

   *Cheating* includes, but is not limited to: (i) use of any unauthorized assistance in taking quizzes, tests, or examinations; (ii) use of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; (iii) the acquisition, without permission, of tests or other academic material belonging to a member of the University faculty or staff; and (iv) engaging in any other such behavior specifically prohibited by a faculty member in the course syllabus.

2. Acts of dishonesty, including but not limited to the following:
   a. Misuse of University documents, including, but not limited to, forging, transferring, altering or otherwise misusing a student fee card, student payroll card, identification card or other University identification document, course registration document, schedule card, transcript, or any other University-issued document or record.
   b. Knowingly furnishing false information to any University Official, faculty member or office.

3. Theft of property or services, or damage to, defacement or destruction of, or tampering with, real or personal property owned by the State of Connecticut, the University, or any member of the University Community.

Violations Involving Other Individuals

4. Actual or threatened physical assault or abuse, threatening behavior, intimidation, or coercion.

5. Sexual assault; sexual misconduct, which is defined as any unwanted or unwelcome physical contact of a sexual nature; or sexual harassment, which is defined as any unsolicited, unwelcome, and unwanted sexual advance or other conduct of a sexual nature which has the effect of interfering with an individual’s performance or creating an intimidating, hostile, or offensive environment. Sexual assault or misconduct may include a sexual act directed against another person when that person is not capable of giving consent, which shall mean the voluntary agreement by a person in the possession and exercise of sufficient mental capacity to make a deliberate choice to do something proposed by another. A person who initially consents to sexual activity shall be deemed not to have consented to any such activity which occurs after that consent is withdrawn. Consent cannot be assumed because there is no physical resistance or other negative response. A lack of consent may result from mental incapacity (e.g., ingestion of alcohol or drugs which significantly impair awareness or judgment) or physical incapacity (e.g., the person is unconscious or otherwise unable to communicate consent).
6. Violations of privacy, including, but not limited to, voyeurism and the use of web-based, electronic or other devices to make a photographic, audio or video record of any person without his or her prior knowledge, and without his or her consent, when such a recording is intended or likely to cause injury or distress. This includes, but is not limited to: (i) surreptitiously taking pictures or videos of another person in spaces such as sleeping areas, bathrooms, gymnasiums, locker rooms, and changing areas; and (ii) sexually exploiting another person by electronically recording, or permitting others to view or electronically record, consensual sexual activity without a partner’s knowledge or permitting others to view or listen to such video or audio tapes without a partner’s knowledge and consent. Publicizing or threatening to publicize such records will also be considered a violation of this Code.

7. Hazing, which is defined as an act which endangers the mental or physical health or safety of a Student, or which destroys, damages, or removes public or private property, for the purpose of initiation or admission into, affiliation with, or as a condition for continued membership in, a group or organization. The express or implied consent of the victim will not be a defense to an allegation of hazing. Consenting to the activity by remaining silent or not objecting in the presence of hazing is not a neutral act and is also a violation of this Student Code.

8. Stalking, which is defined as repeatedly contacting another person when:
   a. The contacting person knows or should know that the contact is unwanted by the other person; and
   b. The contact causes the other person reasonable apprehension of imminent physical harm or the contacting person knows or should know that the contact causes substantial impairment of the other person’s ability to perform the activities of daily life.

   As used in this definition, the term “contacting” includes, but is not limited to, communicating with (including internet communication via e-mail, instant message, on-line community or any other internet communication) or remaining in the physical presence of the other person.

9. Harassment, which is defined as conduct which is abusive or which interferes with a person’s pursuit of his or her customary or usual affairs, including, but not limited to, such conduct when directed toward an individual or group because of race, ethnicity, ancestry, national origin, religion, gender, sexual orientation, age, physical attribute, or physical or mental disability or disorder, including learning disabilities and mental retardation.

10. Conduct that is disorderly, lewd or indecent (including, but not limited to, public nudity and sexual activity in areas generally open to members of the campus community); breach of peace; or aiding, abetting or procuring another person to breach the peace on University Premises or at functions sponsored by, or participant in by, the University or members of the University Community.

11. Behavior or activity which endangers the health, safety, or well-being of oneself or others.

   **Violations Involving Health and Safety of the University Community**

12. Unauthorized possession, duplication or use of keys to any University Premises, or forcible and/or unauthorized entry into and/or unauthorized presence in University Premises.

13. Starting fires, causing explosions, falsely reporting the presence of fire, bombs, incendiary or explosive devices, or falsely reporting an emergency.
14. Unauthorized or improper possession, use, removal, tampering or disabling of fire and/or safety equipment and warning devices, failure to follow standard fire and/or emergency safety procedures, or interference with firefighting or emergency response equipment or personnel.
15. Use, possession, purchase, sale or distribution of alcoholic beverages, except as expressly permitted by law and University regulations. Alcoholic beverages may not, under any circumstances, be used by, possessed by, or distributed to any person under twenty-one (21) years of age.
16. Use, possession, purchase, sale, distribution or manufacturing of narcotics, controlled substances and/or drugs, including, but not limited to, marijuana and heroin, or drug paraphernalia, except as expressly permitted by law.
17. Use, possession or distribution of firearms, ammunition for firearms, other weapons or dangerous instruments, facsimiles of weapons or firearms, fireworks, explosives or dangerous chemicals. A dangerous instrument is any instrument, article or substance that, under the circumstances in which it is being utilized, is capable of causing death or serious physical injury. The possession of a deadly weapon or dangerous instrument on campus is strictly prohibited, even if such item is legally owned.
18. Gambling, including, but not limited to, promoting, wagering, receiving monies for wagering or gambling for money or property, on University premises.
19. Disruption or obstruction of any University function, activity or event, whether it occurs on or off the campus, or of any non-University function, activity or event which is authorized by the University to occur on its premises.

Violations Involving the On-going Activities and/or Processes of the University

20. Intentional obstruction of the free flow of pedestrian or vehicular traffic on University Premises or at University-sponsored or supervised functions or interference with entry into or exit from University Premises or with the free movement of any person.
21. Failure to comply with the directions of University officials or law enforcement officers acting in the performance of their duties and/or failure to identify oneself to these persons when requested to do so.
22. Conduct that violates published University policies, rules, and regulations, including, but not limited to, residence hall rules and regulations.
23. Conduct prohibited by any federal, state, and/or local law, regulation or ordinance.
24. Unauthorized use of University property or the property of members of the University Community or of University Affiliates.
25. Theft, unauthorized use, or abuse of University computers and/or peripheral systems and networks, including, but not limited to:
   a. Unauthorized access to University computer programs or files;
   b. Unauthorized alteration, transfer or duplication of University computer programs or files;
   c. Unauthorized use of another individual’s identification and/or password;
   d. Deliberate disruption of the operation of University computing facilities and networks;
   e. Use of University computing facilities and resources in violation of copyright laws (including unauthorized peer-to-peer file sharing of copyrighted material, including, but not limited to, copyrighted music, movies, and software);
f. Use of computing facilities and resources to send obscene messages (which are defined as messages which appeal mainly to a prurient, shameful or morbid interest in nudity, sex, excretion, sadism or masochism, go well beyond customary limits of candor in describing or representing such matters, and are utterly without redeeming social value); and
g. Violation of the BOR Policy Statement on Student Use of University Computer Systems and Networks and/or any applicable University computer use policy.

26. Abuse of the University disciplinary system, including but not limited to:
   a. Failure to obey the notice from a Hearing Body or University Official to appear for a meeting or hearing as part of the Student Conduct system;
   b. Falsification, distortion, or intentional misrepresentation of information to a Disciplinary Officer or Conduct Administrator, or before a Hearing Body;
   c. Institution of a disciplinary proceeding knowingly without cause;
   d. Disruption or interference with the orderly conduct of a disciplinary proceeding;
   e. Attempting to discourage an individual’s proper participation in, or use of, the disciplinary system;
   f. Attempting to influence the impartiality of a Disciplinary Officer, Conduct Administrator or member of a Hearing Body prior to, and/or during the course of, the disciplinary proceeding;
   g. Harassment (verbal or physical) and/or intimidation of a Disciplinary Officer, Conduct Administrator, or member of a Hearing Body prior to, and/or during the course of, the disciplinary proceeding;
   h. Failure to comply with the sanction(s) imposed under the Student Code; and
   i. Influencing or attempting to influence another person to commit an abuse of the disciplinary system.

II. PROCEDURES FOR ADDRESSING ALLEGATIONS OF MISCONDUCT

PART A: PROCEDURES FOR ADDRESSING ALLEGATIONS OF ACADEMIC MISCONDUCT

1. Instructor's Role:
   When the instructor of record or his or her designee believes that an act of academic misconduct has occurred, he or she shall notify the student of the allegation and save any evidence of such misconduct in its original form. (Copies of the Accused Student’s work will be provided to the Student upon request.) In addition, the instructor shall not transmit a final grade to the registrar until such time as the allegation(s) of academic misconduct are finally determined.

2. Information from Person other than Student's Instructor: Any member of the University Community may provide information which might lead to a complaint against a Student alleging academic misconduct.

3. The Academic Misconduct Hearing Board: There shall be an academic misconduct hearing board convened by the University's Disciplinary Officer to consider allegations of academic misconduct lodged against a Student. The University’s disciplinary officer shall be a non-voting member of the board and act as convener.

4. Hearing Process: The Accused Student shall be afforded adequate notice of the allegation, an opportunity to discuss the allegation with the instructor, and adequate time to request and prepare for a hearing. All parties shall have an opportunity to be heard and a record of the proceedings shall be made. The decision
of a hearing board shall be communicated in writing.

5. **Sanctions:** If the academic misconduct hearing board determines that the Accused Student is "Not Responsible," the board shall not impose any sanctions. The board shall so advise the Student’s instructor and the instructor shall reevaluate the student’s course grade in light of the Board’s determination. If the academic misconduct hearing board determines that the Accused Student is "Responsible," the academic sanction set forth in the instructor's course syllabus shall be imposed.

The academic misconduct hearing board may make a recommendation to change the academic sanction imposed by the instructor on the basis of its hearing of the evidence of academic misconduct. Upon consideration of the Accused Student's record of misconduct and/or the nature of the offense, the academic misconduct hearing board may impose additional non-academic sanctions in proportion to the severity of the misconduct. These sanctions may include the following: warning, written reprimand, discretionary sanctions, suspension and/or expulsion, as described in II.D of this Student Code of Conduct.

6. **Appeals:** The decision rendered by the academic misconduct hearing board may be appealed to the Provost/Academic Vice President, who shall review the record of the hearing, including any and all documents presented to the academic misconduct hearing board. An appeal shall be in writing and shall be delivered to the Provost/Academic Vice President within three (3) University calendar days of receipt of the academic misconduct hearing board’s written decision. An appeal may be brought on any of four grounds: (a) a claim that error in the hearing procedure substantially affected the decision; (b) a claim that new evidence or information material to the case was not known at the time of the hearing; (c) a claim that the non-academic sanction(s) imposed were not appropriate for the violation of the Code for which the accused student was found responsible; and/or (d) a claim that the academic sanction imposed has resulted in a palpable injustice. The Provost/Academic Vice President shall have the right to deny an appeal not brought on any of the foregoing grounds. The decision rendered by the Provost/Academic Vice President shall be final and there shall be no further right of appeal.

**PART B: PROCEDURES FOR ADDRESSING ALLEGATIONS OF NONACADEMIC MISCONDUCT**

The following procedures shall be followed in addressing allegations of non-academic misconduct.

1. **Providing Information leading to a Complaint:** Any member of the University Community may provide information leading to the filing of a complaint against a Student or a Student Organization alleging a violation of the Student Code. A complaint must be made in writing and submitted to the University’s Disciplinary Officer or Conduct Administrator.

2. **Disciplinary Proceedings Against a Student Charged with a Violation of Law and a Violation of the Code:** University proceedings may be instituted against an Accused Student who has been charged with a violation of state or federal law for conduct which also constitutes a potential violation of this Code (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Student Code may be carried out prior to, simultaneously with, or following the institution of civil or criminal court proceedings against the Accused Student. Determinations made or sanctions imposed under this Student Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of University rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
3. **Pre-Hearing Investigation and Administrative Disposition:** The Disciplinary Officer or Conduct Administrator may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the Accused Student and the Disciplinary Officer or Conduct Administrator. Such disposition shall be final and there shall be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent, the Disciplinary Officer or Conduct Administrator may also present the case for the University at any subsequent hearing, but if he or she does, he or she shall not serve as a member of the Hearing Body.

4. **Hearing Bodies:** A Student accused of misconduct has the right to be heard by an impartial Hearing Body. Any dispute surrounding the impartiality of the Hearing Body or any member thereof will be referred to the Vice President for Student Affairs or his or her designee, who will review the matter and make a determination.

5. **Hearing Procedures:**
   a. **Notice of Hearing:** Normally, a hearing will be conducted within ten (10) University Calendar Days of the Accused Student being notified of the charges. Notice may be provided to the Accused Student by in-hand delivery, by registered mail, by University email, with delivery receipt attached, or by certified mail, return receipt requested, or by overnight delivery, with signature of recipient required. Notice shall be sent or delivered to the Accused Student at his or her campus email address, campus address, if any, or at his or her home address on file with the University, whichever is appropriate. Should the Accused Student refuse to accept in-hand delivery, a written statement of the attempted delivery of the notice signed by the person attempting to make such delivery shall constitute notice. Should the Accused Student refuse to sign for registered or certified mail, the postal document indicating such refusal shall constitute notice. Delivery of notice via University email shall constitute notice regardless of whether the Accused Student has opened and read the email itself.

   The notice shall advise the Accused Student of each section of the Student Code alleged to have been violated and, with respect to each such section, a statement of the acts or omissions which are alleged to constitute a violation of the Code, including the approximate time when and the place where such acts or omissions allegedly occurred.

   The Accused Student shall be afforded a reasonable period of time to prepare for the hearing, which period of time shall not be less than three (3) University Calendar Days. The Accused Student, the Reporting Party and/or any alleged victim may request a delay of the hearing due to extenuating circumstances. Any decision to postpone the hearing shall be made by the Disciplinary Officer or Conduct Administrator or by the Hearing Body, or by the designee of the Vice President for Student Affairs.

   b. **Hearing:** Hearings shall be closed, but the Hearing Body may, in its discretion, admit any person into the hearing room. The Hearing Body shall have the authority to discharge or to remove any person whose presence is deemed unnecessary or obstructive to the proceedings.

   The Accused Student, the Reporting Party and any alleged victim shall have the right to be present at all stages of the hearing process except during the private deliberations of the Hearing Body and the presentation of sanctions. In hearings involving more than one Accused Student, the Hearing Body may determine that, in the interest of fairness, separate hearings should be convened.
c. Record of Hearing: When expulsion or suspension from the University or residence hall separation is a possibility, the University shall make a recording of the hearing. The recording shall be the property of the University. No other recordings shall be made by any person during the hearing. Upon request, the Accused Student may review the recording in a designated University office in order to prepare for an appeal of the decision rendered by the Hearing Body. Further disclosure of the recording shall be governed by applicable state and federal law.

d. Opportunity to Present a Defense: The Accused Student shall have the full opportunity to present a defense and information, including the testimony of witnesses, in his or her behalf. The Reporting Party and the Accused Student may question the statements of any person who testifies in a manner deemed appropriate by the Hearing Body. The Reporting Party and the Accused Student may make concluding statements regarding the charges made and the information presented during the hearing. The Hearing Body may question the Accused Student and the Reporting Party, any witness presented by the Accused Student or the Reporting Party, and any other witness(es) the Hearing Body may choose to call to testify.

e. Accused Student Can Choose Whether or Not to Testify in His or Her Own Defense: The Accused Student who is present at the hearing shall be advised by the Hearing Body that he or she is not required to testify, to answer questions, or to make any statement regarding the complaint or the allegations set forth in the complaint. Refusal to do so shall not be considered by the Hearing Body to constitute evidence of responsibility.

f. Non-Appearance of Accused Student at Disciplinary Hearing: If an Accused Student does not appear at a disciplinary hearing, the Hearing Body shall enter a plea of “not responsible” on behalf of such student and the hearing shall proceed in the normal manner of hearing evidence, weighing facts, and rendering judgment. The failure of an Accused Student to appear at the disciplinary hearing shall not be considered by the Hearing Body to constitute evidence of responsibility.

g. Support Persons: The Reporting Party, any alleged victim, and the Accused Student shall each have the right to be accompanied by a Support Person. The Support Person should be someone whose schedule allows attendance at the scheduled date and time for the disciplinary hearing because delays will not normally be allowed due to the scheduling conflicts of a Support Person.

h. Presentation of Evidence: Only evidence introduced at the hearing itself may be considered by the Hearing Body.

i. Evidence of Prior Convictions or Disciplinary Actions: Evidence of prior criminal convictions or University disciplinary actions may be presented to the Hearing Body only after a determination of responsibility has been made and only for consideration in connection with determining the sanction.

j. Accommodation of Witnesses: The Hearing Body may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Reporting Party, the Accused Student, and/or other witnesses during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the Hearing Body to be appropriate.
k. **Written Notice of Decision:** The Accused Student shall receive written notice of the decision of the Hearing Body that shall set forth the decision rendered, including a finding of “responsible” or “not responsible,” and the sanctions imposed, if any. The decision of the Hearing Body, as well as the sanction(s) imposed, if any, generally will not be released to third parties without the prior written consent of the Accused Student. However, certain information may be released if and to the extent authorized by state or federal law.

6. **Appeals:** The decision of the Hearing Body may be appealed by the Accused Student to the Vice President for Student Affairs or his or her designee. A request for review must be made in writing to the Vice President for Student Affairs or his or her designee within three (3) University Calendar Days of the Accused Student’s receipt of the written notice of decision. For good cause shown, the Vice President for Student Affairs may extend the three-University Calendar Day limitation on filing appeals. An Accused Student may request only one review of each decision rendered by the Hearing Body. A decision reached as a result of an Administrative Disposition may not be appealed.

   a. **Grounds for Appeal:** The Accused Student has the right to appeal the decision of the Hearing Body on the grounds that: (i) the procedures set forth in this Code were not followed and, as a result, the decision was substantially affected; (ii) the sanction(s) imposed were not appropriate for the violation of the Code for which the Accused Student was found responsible; and/or (iii) new information, sufficient to alter the decision, or other relevant facts were not brought out in the original hearing because such information and/or facts were not known to the Accused Student at the time of the original hearing. The appeal shall be limited to a review of the record except as required to explain the basis of new information.

   b. **Appeal Procedures:** In order to prepare for the appeal, the Accused Student may review the recording of the original hearing in a designated University office but will not be permitted to remove the recording from that office or make copies. The appeal will not be heard by anyone involved in the initial hearing. The appeal shall be considered and a decision rendered within ten (10) University Calendar Days of the filing of the appeal.

      If an appeal is upheld, the matter shall be referred to the original Hearing Body for reconsideration of its original determination or to a newly-constituted Hearing Body for a new hearing, or the sanction imposed may be reduced, as appropriate. If an appeal is not upheld, the matter shall be considered final and binding upon all involved.

   c. **Status of Student Pending Appeal:** All sanctions imposed by the Hearing Body shall be and continue in effect pending the outcome of an appeal. Any request to delay the commencement of sanctions pending an appeal must be made by the Accused Student, in writing, to the Vice President for Student Affairs or his or her designee.

**PART C: INTERIM SUSPENSIONS AND RESIDENCE HALL SEPARATIONS**

In certain circumstances, the Vice President for Student Affairs, or his or her designee, may impose an interim suspension or residence hall separation on an Accused Student prior to the hearing before the Hearing Body.

1. **Basis for Imposition of Interim Suspension or Residence Hall Separation:** An interim suspension may be imposed upon an Accused Student only: (i) to ensure the safety and well-being of members of the University Community or preservation of University property; (ii) to ensure the Student’s own physical or
emotional safety and well-being; or (iii) if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the University.

A residence hall separation may be imposed if a Student’s continued presence will disrupt the academic and social well-being of the residential community. Residence hall separation is the removal of a student from the University residence hall in which he or she resides. Such separation may include a restriction of access to all or designate University residence halls. During the period of the separation, the removed Student shall not be permitted to enter the designated hall(s) as a guest of another resident.

An interim suspension or residence hall separation is not a sanction and will continue in effect only until such time as a hearing on the alleged violation has been completed.

2. Effect of Interim Suspension or Residence Hall Separation: During the interim suspension or residence hall separation, the removed Student shall be denied access to the residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the Student might otherwise be eligible, as the Vice President for Student Affairs, or his or her designee, may determine to be appropriate.

3. Procedure: The Accused Student shall be notified, either orally or in writing, of the pending imposition of an interim suspension or residence hall separation. Whenever possible, prior to the imposition of the interim suspension or separation, the affected Student will be afforded an opportunity to meet with the Vice President for Student Affairs, or his or her designee. Otherwise, the meeting will be held on the first University Calendar Day that the Student is available.

At that meeting, the Accused Student will be advised of the misconduct charges made against him or her and the information upon which the determination that the Student has engaged in conduct warranting an interim suspension or residence hall separation was based. If the Student denies the charges, he or she will be advised of the nature of the evidence supporting the charges. At that meeting, the Accused Student will be given the opportunity to challenge the reliability of the information concerning his or her conduct, present his or her version of the events giving rise to the charges, and challenge the determination that he or she has engaged in conduct warranting an interim suspension or residence hall separation.

Any Student placed on an interim suspension or residence hall separation will be given an opportunity to appear at a formal hearing on the misconduct charges lodged against him or her in accordance with II.B.5 of this Code within ten (10) University Calendar Days of being placed on such suspension or separation, or as soon as practical after the Accused Student is prepared to participate in such a hearing.

**PART D: DISCIPLINARY SANCTIONS**

Sanctions which may be imposed for violations of the Student Code are listed below. In determining appropriate sanctions, the Hearing Body may take into consideration any and all prior violations of the Code for which the Accused Student was determined to be responsible. The Hearing Body shall have the authority to defer the imposition of any sanction when deemed appropriate. The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Code, including the completion of all sanctions imposed, if any.
1. **Sanctions Which May Be Imposed for Violations of the Code:** The following sanctions may be imposed, individually or in various combinations, on any student found to have violated the Student Code, and will be entered into the Student's disciplinary records. Notation of disciplinary sanctions shall be on file only in the appropriate office in the Division of Student Affairs and shall not be released without the written consent of the Student except to appropriate University enforcement personnel, CCSU Police, staff and administrators, or as required by law.

   a. **Warning:** A disciplinary warning is a written notice to a Student advising him or her that specific behavior or activity constitutes a violation of the Code and that the repetition of such behavior will likely result in the commencement of more serious disciplinary action by the University.

   b. **Written Reprimand:** A written reprimand for a violation of the Code.

   c. **Probation:** Disciplinary probation is a designated period of time during which a Student is given the opportunity to modify unacceptable behavior and/or to complete specific assignments in an effort to regain full student privileges within University Community. Disciplinary probation may involve the imposition of certain restrictions and/or conditions upon the Student including, but not limited to, financial restitution, community service, fines, referral for professional services such as counseling, participation in educational programs, parental notification under limited circumstances, and ineligibility to participate in University activities or events. Periodic contact with a designated member of the University Community or non-college professional may be required. If the Student fully complies with the terms and conditions imposed in connection with the disciplinary probation, full student privileges will be restored to the student upon termination of the probationary period. Failure to comply with the terms and conditions of the probation constitutes prohibited conduct that is separate from and in addition to the conduct for which the probation was imposed. A Student accused of violation of probation will be given due notice of the alleged violation and the procedures set forth in this Code shall be followed.

   d. **Loss of Privileges:** Denial of specified privileges for a designated period.

   e. **Restitution:** Compensation for loss, damage to real or personal property. This may take the form of appropriate service and/or monetary or material replacement.

Periodic contact with a designated member of the University Community or non-college professional may be required.

   g. **Residence Hall Warning:** A written notice to a Student advising him or her that specific behavior or activity constitutes a violation of the Code and that the repetition of such behavior will likely result in the commencement of more serious disciplinary action by the University.

   h. **Residence Hall Probation:** Residence hall probation is a designated period during which an Accused Student is given the opportunity to modify unacceptable behavior and/or to complete specific assignments in an effort to regain full student privileges within the residence hall in which the Student resides. Residence hall probation may include restrictions and/or conditions on the exercise of residence hall activities and privileges. Periodic contact with a designated member of the residence hall staff or professional may be required. If the Accused Student fully complies with the terms and conditions imposed in connection with the residence hall probation, full residence hall privileges will be restored to the Student upon termination of the probationary period. Failure to comply with the terms and conditions of the probation constitutes prohibited conduct that is separate from and in addition to the conduct for which the probation was imposed. A Student accused of violation of probation will be given due notice and the procedures set forth in this Code shall be followed.

j. **Residence Hall Expulsion**: Permanent separation of the Student from the residence halls.

k. **Suspension**: Suspension is temporary disciplinary separation from all universities within the Connecticut State University System and the denial of all student privileges. Suspension shall be effective on the date that notice of the suspension is provided to the Accused Student, or later, if so stated in the notice, and shall prescribe the date and conditions upon which the Student may petition for readmission to the University. A Student separated from all universities within the BOR by suspension may under the terms of the suspension be excluded from the premises of all BOR universities when in the judgment of the suspending authority the Student’s continued presence would constitute a danger to persons or property or a threat to the academic process. Notwithstanding the foregoing, the suspending authority of the suspended Student’s home University or his or her designee may authorize a suspended student who has been excluded from all University premises to enter the premises of the student’s home University for designated purposes.

l. **Expulsion**: Expulsion is permanent disciplinary separation from all universities within the BOR and the denial of all student privileges. Expulsion shall be effective on the date that notice of expulsion is provided to the Accused Student, or later, if so stated in the notice. A student separated from all universities of the BOR by expulsion may under the terms of the expulsion be excluded from the premises of all BOR universities when in the judgment of the expelling authority the Student’s presence would constitute a danger to persons or property or a threat to the academic process.

2. **Revocation of Admission and/or Degree**: Upon the recommendation of the Hearing Body, admission to or a degree awarded from the University may be revoked by the University, acting through its President (or his or her designee) for fraud, misrepresentation, or other violation of University standards in obtaining admission or the degree.

3. **Consequences of Failure to Comply with a Duly Assigned Sanction**: Failure to comply with sanctions which have been assigned through a formal judicial process may lead to one or more of the following consequences:
   a. Denial of access to certain university services, including, but not limited to housing and parking;
   b. Denial of access to administrative processes, including, but not limited to, course add/drop, pre-registration, registration and room selection; and/or

4. **Sanctions Which May Be Imposed on Student Organizations**
   a. **Sanctions**: Those sanctions listed in subsections 1.a through f of Section II.D.
   b. **Loss of recognition**: Loss of recognition for a specified period of time results in the loss of privileges, such as the use of university space, access to student activity fee funding, and/or the privilege of functioning as a student organization. Loss of recognition for more than two (2) semesters shall require that an organization reapply for University recognition. Conditions for future recognition may be imposed by the hearing body.

**PART E: DISCIPLINARY RECORDS**

A Student’s disciplinary record shall be maintained separately from any other academic or official file maintained by the University. Disciplinary Records will be maintained for a period of five (5) years from the date of the incident, except that the sanction of expulsion shall be noted permanently. Information contained in the disciplinary record will be released only in accordance with applicable federal and state laws and regulations.
PART F: INTERPRETATION AND REVISION
Questions regarding the interpretation of this Code shall be referred to the University’s Vice President for Student Affairs or his or her designee, in the case of non-academic misconduct, or the Vice President for Academic Affairs or his or her designee in the case of academic misconduct, for final determination. The interpretation accorded by the Vice President for Academic or Student Affairs or his or her designee shall be binding.

The Disciplinary Procedures (Part II of this document) outlined herein shall be reviewed and revised, if and as necessary, by the universities’ Vice Presidents for Academic and Student Affairs, every two (2) years, as directed by the President of the Board of Regents of Higher Education.

STUDENT PRIVACY
Access to Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." These rights include:

1. The right to inspect and review their education records maintained by the University within 45 days of the day the University receives a request for access. Requests to inspect and review educational records should be made in writing to the appropriate University official that maintains the records. The University will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed. The University is not required to provide copies of records unless, for reasons such as great distance, it is impossible for eligible students to review the records. The University may charge a fee for copies.

2. The right to request that a school correct a record that they believe to be inaccurate or misleading. The student should write to the University official, clearly identify the part of the record he/she wants changed, and specify why he/she believes it is inaccurate. The University will notify the student of the decision. If the school decides not to amend the record, the eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
   Note: FERPA was not designed to provide a process to be used to question substantive judgments which are correctly recorded. The rights of challenge are not intended to allow students to contest, for example, a grade in a course because they felt a higher grade should have been assigned.

3. The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes consent without disclosure. Some of the circumstances under which FERPA permits disclosure without consent are listed below. This is not an exclusive list. Disclosure is permitted to:
University officials with a legitimate educational interest;

- University officials include but are not limited to people employed by the University in administrative, supervisory, academic, research, or support staff positions; people or companies, such as attorneys, auditors, collection agencies or the National Student Clearinghouse, with whom the University has contracted; employees of the Connecticut State Colleges and Universities system office and Board of Regents; University volunteers; students serving on an official committee or assisting another University official in performing tasks.

- A University official has a legitimate educational interest if the official needs to review an education record in order to fulfill professional responsibilities.

- Officials of another school, upon request, in which a student seeks or intends to enroll, or where the student is already enrolled;

- Accrediting organizations to carry out their functions;

- Comply with a judicial order or lawfully issued subpoena;

- Appropriate parties in cases of health and safety emergencies;

- State and local authorities, within a juvenile justice system, pursuant to specific State law;

- Certain officials of the U.S. Department of Education, the U.S. Comptroller General, U.S. Attorney General, state and local educational authorities, and their researchers and evaluators in connection with certain state or federally supported education programs (see Notice below);

- Organizations conducting certain studies for or on behalf of the University;

As described below, disclosure is also permitted of Directory information, as defined in the University’s policy.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

Student Directory Information

The University may disclose, without consent, directory information. Central Connecticut State University identifies directory information in its University Catalog to include: student's name, permanent mailing address, telephone number, dates of attendance, class standing, photographs, academic major, minor and concentration, degree candidacy, degree(s) earned, graduation date and any awards or honors received. Additional information that is also considered directory information includes participation in officially recognized activities and sports, and the weight and height of members of an athletic team.
Students have the right to request that the University not disclose directory information to individuals or organizations outside the University (although we are required to provide information to organizations which have provided the student any type of financial aid, including loans). A student who wishes to have his/her directory information restricted should contact the Office of the Registrar.

**Student Photos (Permission for Photos of Students)**
Several offices of the University, principally those of Institutional Advancement, provide information to news organizations about CCSU's students' accomplishments and activities while they are at the University and at the time of graduation. Additionally, CCSU supplies photographs and other visual images of students and corollary text in response to requests from news organizations. As a regular practice, photographs of students, faculty, staff, and visitors to campus are used in publications produced by the University for Recruitment and general information. Since student photos are directory information, CCSU does not need your permission to use your photograph unless, prior to the beginning of the academic semester, you have provided the Office of the Registrar with written notification that you wish your directory information to be withheld. Any student who does not wish to appear in any photos used for these purposes must notify the Registrar as described above and the Office of Marketing & Communications (832-1790) immediately upon matriculation. It is, however, not possible to practice these restraints with respect to the use of photography (where groups of students appear) of scenes, events, or classes in session.

**STUDENT SOFTWARE OWNERSHIP AND SOFTWARE DEVELOPMENT POLICY**
It shall be the policy of the state system of higher education that the end product of any work done by a student from any of the state’s public colleges or universities to convert, modify, or update state-owned software shall be owned by the state. The software created by a student shall be owned by the state when the following conditions are met: the state, at the inception of the project, informs the student in writing of the state’s intention to use the software; the student creates the software as a part of a course-related activity; the student uses state resources to create the software; and the student shall be paid for creating the software or shall be required to sign an agreement in advance, ensuring that the software is owned by the state. The student shall own any software he or she develops, unless it is covered under the policy statements noted above or is produced under the provisions of a grant or an agreement with an outside funding agent.

**WITHDRAWAL FROM THE UNIVERSITY**
A full-time student wishing to withdraw from the University must confer with the Office of the Registrar and have the appropriate forms completed and approved by that office no later than twelve weeks after the start of the semester. The Registrar's Office will assist in filing the form necessary for withdrawal.

Withdrawals after this date will be permitted only under extenuating circumstances and will require consultation and approval of the Academic Dean and the Registrar. Re-admission is contingent upon the student's academic standing at the time of re-entry. The student must complete a reactivation form with the Office of Admissions to initiate re-admission.

Re-admission is contingent upon the student's academic standing at the time of re-entry. The student must complete a reactivation form with the Office of Admissions to initiate re-admission. A leave of absence may be requested, for up to two consecutive semesters, at the time of withdrawal so that a student will maintain their status and not have to apply for re-admission.

Residence Halls Staff

Area Coordinators/Resident Directors
The Area Coordinators (AC) and the Resident Directors (RD) are full-time administrators at Central Connecticut State University and live in the residence halls. They are responsible for the residence hall students, activities, and facilities. They advise, counsel and supervise residents individually or as part of a group. It is their responsibility to work with students and Resident Assistants (RA) to create an environment that encourages both social and academic development of the students who live in the halls. Each night an Area Coordinator or Resident Director is on duty for crisis management and intervention.

The professional staff is trained in areas of management, programming, interpersonal relations, and counseling. Additionally, they are responsible for supervising and training Resident Assistants (RA), desk staff personnel; providing leadership development opportunities, responding to disciplinary actions, and serving as advisors for student organizations. The professional staff reserves the right to meet with you, at any time deemed necessary, during your stay at Central Connecticut State University.

Resident Assistants
Each residence hall is fully staffed by a team of student paraprofessionals better known as Resident Assistants (RA). RAs are carefully selected and trained to help residents create a community environment conducive to individual and social growth. Each RA strives to empower students to identify needs, determine goals, maintain visibility, provide opportunities for student involvement in the residential community, and assist individual students in realizing and implementing a mature approach to personal conduct. We encourage you to call upon your RA as a resource in gathering information and answering questions about the University.

Student Employment Program
This program gives an opportunity for students to have an “out of the classroom” learning experience through various positions that our department offers throughout the academic year and summer break. Those leadership positions offered are: Sign-in Workers, Main Office Student Staff, Work Crew, and Summer Coordinators.

Campus Living

As a Member of a Community
A high priority at Central is to create a community that enhances your college experience. The Department of Residence Life strives to make your living environment more than a place to sleep. We are committed to providing you with opportunities that will allow you to learn about yourself and others, interact with diverse students, and develop a sense of community. We feel that we share a partnership with other members of the University by providing you with the necessary tools and resources to succeed. Your college experience is one that you should remember for a lifetime. It is our hope that you find living on campus to be filled with opportunities for you to grow personally and professionally.

You should realize that you play an important role in your residence building with regard to the spirit of “community.” Getting along with your roommate should be at the top of your list of priorities along with learning how to live with other members residing on your floor. You are not only sharing a bedroom but also a bathroom and common areas. The members of a community will determine its existence and success by being responsible individuals.
You have the responsibility to live up to the rules and regulations and to work with others in your community to create an atmosphere that promotes studying and social interaction. We encourage you to ask questions and seek out the Residence Life staff when you have problems or concerns.

**Resident Bill of Rights**
Your enjoyment of your Residence Life experience will depend on the mutual respect and understanding that you demonstrate as a resident. It is important that each student realizes that he/she has basic rights while residing on campus.

**Basic rights include the following:**
- The right to read and study without interference.
- The right to uninterrupted sleep.
- The right to an equal share of space.
- The right to a safe, healthy and clean environment.
- The right to privacy.
- The right to expect that each person will respect the other’s belongings.

**In order to establish positive relationships in the residence hall, each resident must:**
- Be treated with respect.
- Listen to one another and take comments seriously.
- Be responsible for mistakes.
- Express personal feelings in a manner that does not violate the dignity of others.
- Be able to say “no” without feeling guilty.
- Express preferences without risking ridicule and derision.

**If conflicts arise between you and another resident, follow these guidelines:**
- Keep the problem between you and that resident.
- Talk with the resident about the situation.
- Discuss solutions that you both can live with and write them down.
- Discuss the situation with a Residence Life staff member.

**Getting Involved in the Residential Community**

**Inter Residence Council**
The Inter Residence Council (IRC) is the governing body for all residents living on campus. IRC was created in 1972 to allow the residents to have a voice in their halls and on campus. IRC is comprised of five executive board members and a general council, all of whom are students elected by their peers. The IRC Executive Board meets on a weekly basis with advisors to discuss upcoming programs and issues that arise on campus. The Executive Board attends conferences to enhance and support the development of the organization, allowing it to develop and branch out across the northeast and the nation. IRC plans and facilitates programs for the residents on campus. It is the goal of Residence Life to facilitate a wide variety of programs that will peak the interests of all residents on campus.

**Hall Councils**
Each Residence Hall is governed by a Hall Council, which is open to every resident. Hall Councils organize building and area social programs, assist in determining building allocations, and manage a budget for all hall activities. Hall Council positions include a President, Vice President, Treasurer, Secretary, Floor
Representatives and Committee Representatives. The Executive Board works with the Residence Hall Director/Area Coordinator and the Senior Resident Assistant to run effective meetings and make campus life more inviting.

Living-Learning Communities
The Department of Residence Life provides first year students an opportunity to select a new program called Living-Learning Communities. This unique program offers students an experiential learning experience that enhances classroom learning. The University is committed to building a residential environment that fosters academic success, social development, and personal growth through faculty and staff interaction with campus and community partnerships and programs. As part of the Living-Learning Communities, students will develop: strong relationships with faculty members and other students; discuss ideas and concepts on majors/coursework with others in his/her residence hall; work in teams and lead others in group projects; and teach or tutor other students about ideas and concepts.

Dean's Cup
In 1986, Dr. Rob Ariostos started a competitive tradition between all of the Residence Halls during the academic year called the “Dean’s Cup.” Today’s residents still look forward to these types of competitions each semester in anticipation of winning the Dean’s Cup Trophy. Dr. Ariostos said “The goal was to build as much pride and spirit for residents as possible and get as many people involved in these activities.” The Dean’s Cup is a much-anticipated tradition each semester.

Recycling & Energy Conservation
The Department of Residence Life encourages students to reduce, reuse and recycle any of their personal items. Each Residence Hall has different bins for students to use for their recyclables. The gray top bin is for waste such as food waste and non-recyclables. The blue top bin is for recycling any type of paper, newspapers, magazines, cardboard or posters. The green top bin is used for recycling any type of bottle, including glass or plastic, alumni cans and gallon jugs. The blue bin is used to recycle any size or type batteries. The green bin is used to recycle any type of electronics including items operated by battery. The yellow bin is used for chemical waste such as flammables, corrosives, aerosol cans, nail polish and cleaners. Hydra stations are available in the Residence Halls. Conserving energy is an easy way to protect the environment and keep energy costs under control. Below are a few tips on how to go about it:

- Turn off your electrical devices when no longer needed.
- Turn off your lights when room is unoccupied.
- Utilize the recycling bins within your Residence Hall to dispose of batteries, electronics and chemical waste.
- Separate paper, glass, aluminum and plastic from your waste bins.
- Only print what you need.
- Use a Nalgene bottle instead of disposable water bottles.
- Grab only the food you can eat.
- Trade in books you no longer use & donate unused clothing to an organization.
- Purchase items made from recycled materials.

In order to provide privacy and security to our residential students, it is University policy not to release room numbers or personal telephone numbers.

**Lost/Stolen Keys**

Lost or misplaced keys must be reported immediately. If your keys are lost or stolen you must first file a report with the CCSU Police, then report it to your Resident Director/Area Coordinator. For safety reasons, locks will be changed for all rooms with lost/stolen keys. The student will be billed for the cost of the lock change and new keys.

If you think you left your card in your room, car, or somewhere else, ask us for a temporary card so you can look for your card. You can purchase a new card for a fee. Your first lost or intentionally damaged card is $10, additional cards are $25! There will not be a charge for a replacement of a stolen card if a police report with a case number can be produced.

- All visitors must call the resident who they are visiting, ahead of time, to meet them at the sign-in desk. Visitors are not allowed to go up to the resident’s room first.
- Resident must provide his/her signature to assure that the visitor is indeed a guest and to assume all responsibility for that guest.
- All visitors must show a valid form of photo identification, either a CCSU I.D. or a state/government I.D. such as driver’s license.
- Each resident is allowed 2 guests at a time.
- All visitors must sign out upon leaving the Residence Halls.
- If a visitor is planning to stay overnight, their host must indicate that at the time of sign-in for safety and security reasons.
- Visitors must be escorted by the resident (host) at all times. Guests must leave the residence hall at the same time as their host.

In addition, residential students and their guests who are found in violation of University policies may be subject to a disciplinary action by the Office of Student Conduct.

Residents and visitors will be expected to carry their IDs at all times. Residents are also urged to immediately report any suspicious activity or safety concern to the Residence Hall staff or CCSU Police (860-832-2375). - Having an overnight guest is a privilege. If a violation occurs concerning this policy, you may lose your overnight guest privilege and disciplinary action may be taken.
- Students are responsible for all actions of their guests and may be subject to Student Conduct action if University and Residence Life policies are violated.
- It is the sole responsibility of the roommate with a guest to make sure that he/she is checked in correctly with the sign-in staff of the Residence Hall.
- Cohabitation is strictly prohibited.

**Door Alarms**

For safety, Vance, Seth North and James residence halls have alarms on all back and side doors, as well as other doors that are not the main entrance. All students and their guests must enter through the main entrance door in all buildings. Entering or exiting through other doors will result in alarms sounding, and will result in conduct sanctioning.

**Housing Selection Process**

All of the housing assignments are done through MyHousing software. By using MyHousing, students are able to apply for housing, choose their own roommates and make room switches during the times provided by the department of Residence Life.

**Criteria for students living on campus**

- All residents are assigned individually. Only full time (12 credits) matriculated undergraduate students with satisfactory academic progress are eligible to live on campus. Part-time students may
submit a letter of petition to the Director of Residence Life for housing requests. Housing is
available to graduate students if space is available on a semester-to-semester basis.
- All students with a disability, seeking accommodations, are required to be registered with the
  Student Disability Services Office. For additional information, please visit the Student Disability
  Services Office at http://www.ccsu.edu/page.cfm?p=3639 or in Willard 101-03. Reasonable
  notification is requested.
- Students living in the Residence Halls must be on a meal plan. Your meal plan can be changed, up
  until the first day of classes each semester, by visiting the Residence Life Office in Barrows Hall,
  Room 120. Please refer to the Bursar’s website for price listings and to the food services website for
  more details about the meal plan and the menus.

Residents who are: student teaching, military deployment, participating in Co-op or in the
Exchange Program
- Who do not need housing for all or portions of the following semester must notify the Department
  of Residence Life so adjustments can be made to his/her bill. Additionally, if residents wish to
  return to the Residence Hall for the following semester, he/she must complete a new housing
  application indicating his/her intentions before leaving the Residence Hall. Please note, the
  Department of Residence Life will try to honor the request for students seeking a specific room,
  however, depending on space availability, certain requests may not be able to be honored.

Room/Roommate Changes
Students are encouraged to try to work with their roommate or to seek help from the Residence Life staff.
Contact the Residence Hall Director/Area Coordinator if a roommate situation is not resolved or is detrimental
to your educational experience. The Residence Hall Director/Area Coordinator may move or reassign one or
both residents if the conflict cannot be resolved amicably and if space allows. All keys must be turned in and
the necessary paperwork must be filled out with the RA or Residence Hall Director at the time of checking out
of the Residence Hall.

Room Consolidations
Most residents will initially have a roommate. If a resident moves out or cancels his/her room assignment, the
remaining roommate will be asked to do one of the following:
- Select a roommate of his/her choosing (if possible)
- Anticipate that a new roommate will be assigned to the room
- Move into a room where a roommate is needed

Housing during the Breaks
During all holidays and breaks between semesters, residents may sign up at the Department of Residence Life
for housing on a “space available” basis provided they have an academic reason. There will be an additional
charge during the semester breaks including Spring Break. Residents may be required to move from their
room/Residence Hall during these times depending on which Residence Hall will remain open.

Leaving the Residence Hall
Check-Out Procedures: Anytime a student intends to move out of the Residence Hall, the student must
notify the Department of Residence Life of their intentions and;
1. Remove all personal belongings from the room, clean the room, and have the Residence Hall staff check the room for damages.
2. The student must turn in his/her room key and sign the Room Condition Form with the Residence Hall staff.
3. If withdrawing from the University housing, the student must fill out, sign and date a “Residence Hall Withdrawal” Form and submit it to the Residence Hall Director/Area Coordinator.

NOTE: Any student who is leaving the University should also check with the Bursar, Registrar and Financial Aid Office for the proper withdrawal procedures and necessary paperwork.

Housing Fees & Refund Policies

Housing Deposits
The housing deposit for Spring semester is due November 1. The housing deposit for the Fall semester is due March 1. Information for room selection is provided in March for the Fall Semester housing and in October for Spring Semester housing. Students will have the option to remain in their current room assignment or change the housing assignment for the following semester. The non-refundable housing deposit must be paid, in order for a student to be considered for housing.

Social Fee
Each student assigned to a Residence Hall pays a $44.00 annually ($22.00/semester) Social Fee to assist the Residence Hall Councils and Inter Residence Council with activities and programs put on throughout the academic year. This money is used to enhance the college experience of the students. Programs such as trips to Six Flags, Boston, and Washington D.C. as well as comedians and other guest speakers are held for the residents.

Damage Billing
Individual Rooms
- Prior to a student moving into his/her room, the Residence Life staff completes a thorough inspection of each room and records its condition on the Room Condition Form.
- When a student moves into his/her room, the student should review the Room Condition Form and make additions that may have been overlooked by the Residence Life staff.
- After a student has checked out with a Residence Life staff member, and moved out of his/her room, the Area Coordinator/Resident Director will compare the move-in condition of the room, as noted on the Room Condition Form, to the move out condition of the room. Any damage noticed after move-out, that was not mentioned on the Room Condition Form at move-in, will be considered damage and may result in a damage bill. RAs do not determine the condition of the room; they simply check the resident out and make sure that the Room Condition Form has been completed and signed. Being checked out by a RA does not mean that a student will not receive any room or hall damage charges.
- Students will be notified via e-mail sent to his/her CCSU account or he/she may check MyHousing to see the damage charges. The e-mail will include the damage the student is being billed, along with the process for appealing the damage, if it is believed he/she was billed in error.
  ➢ All appeals must be submitted by e-mail, by the posted deadline, in order to be considered.
Students will be notified by e-mail if the appeal was granted, or if the charges will remain on his/her account.

- Due to the volume of damage billing done at the end of each semester and the time necessary to receive price quotes from Facilities Department, it may take several weeks after the close of the semester for the damage bills to appear on each student’s account.

**Common Area Damage**
When damage/vandalism occurs or excessive cleaning is needed in the residence hall common areas (i.e., lounges, kitchens, hallways, bathrooms) the Residence Life staff members will conduct an investigation to determine the responsible individual(s) involved who will be responsible for paying the repair costs. If the individual(s) responsible cannot be determined by the Area Coordinator/Resident Director of the building, the Area Coordinator/Resident Director will bill students living on a section of a floor, the entire floor, or the entire residence hall. In turn, students will be notified by e-mail that he/she has been billed for common area damage. **Common area damage bills cannot be appealed.**

**Housing Refund Policy**
- The $250.00 Housing Deposit is **non-refundable**.
- No refunds will be given to students removed from on-campus housing due to disciplinary sanctions for violation of policies.
- Any student wishing to withdraw from the meal plan must indicate this on the Residence Hall Withdrawal Form.
- The meal portion fee is refundable, on a prorated basis, upon withdrawal from the University; or upon withdrawal from University housing at the request of the student and contingent upon the concurrence of the University. The discretionary cash component of the food service fee, if any, will be refunded according to procedures established at each University.

**Students who withdraw from the University:**
- Upon withdrawal from the University, up to and including the first day of University-wide classes as defined by the published University calendar, 100% of the balance paid less the housing deposit will be refunded;
- 60% of the balance will be refunded during the first two weeks of University-wide classes;
- 40% of the balance during the third and fourth weeks of University-wide classes;
- No refund after the fourth week of University-wide classes.

**Students who remain enrolled but withdraw from University Housing:**
- Upon withdrawal from a Residence Hall, up to and including the first day of University-wide classes as defined by the published University calendar, 100% of the balance paid, less the housing deposit and the housing cancellation fee, if applicable, will be refunded.
- No refunds will be made after the beginning of classes.

**Housing Cancellation Fee**
Students who cancel their room reservation and do not withdraw from the University will be subject to a cancellation charge during the following periods:
- Upon withdrawal from a Residence Hall 15 to 28 days prior to and including the first day of classes, a 10% housing cancellation fee based upon the housing fee, after deducting the housing deposit, will be assessed.
Upon withdrawal from a Residence Hall 1 to 14 days prior to and including the first day of classes, a 20% housing cancellation fee based upon the housing fee, after deducting the housing deposit will be assessed.

A Room Cancellation form must be submitted when cancelling your housing. This form can be faxed to the Residence Life Office at (860) 832-1659. This form can be obtained on the Residence Life website at http://www.ccsu.edu/page.cfm?p=2650.

The Inter Residence Council (IRC) is the governing body for all residents living on campus. IRC was created in 1972 to allow the residents to have a voice in their halls and on campus. IRC is comprised of five Executive Board members and a general council. The IRC Executive Board meets on a weekly basis with advisors to discuss upcoming programs and issues that arise on campus. The Executive Board attends conferences to enhance and support the development of the organization, allowing it to develop and branch out across the northeast and the nation. IRC plans and facilitates programs for the residents on campus. It is our goal to facilitate a wide variety of programs that will peak the interests of all residents on campus.

ALMA MATER

Let us praise her glorious name,
Alma Mater, blue and white.
Gather round the sacred flame,
of Alma Mater’s nurt’ring light.

Though we wander from her side,
In our hearts she’ll e’er abide.
Let her sons and daughters sing
Of Alma Mater triumphing.
