THE STUDENT HANDBOOK

The 2016-2017 Central Connecticut State University Student Handbook has been compiled with the intention of providing you with a resource that contains information you will need to know about CCSU, including academic, social and personal aspects of campus life.

These pages will serve as a guideline, as many of the answers that you may be looking for can be found here. It is up to you to take advantage of CCSU and the experiences that are of special interest or value to you.

Since you are at CCSU to learn, finding some of the answers to questions, not addressed, will be a stimulating experience and a challenge that you can meet using this resource.

The Student Handbook complements the University Catalog, and it contains information about most aspects of undergraduate campus life.

We at CCSU wish you the best of luck during your years at this University, and we hope that the time you spend here will benefit you in every aspect of your life.

HISTORY OF THE UNIVERSITY

Central Connecticut State University (CCSU) is a regional, comprehensive public university dedicated to learning in the liberal arts and sciences and to education for the professions. Comprising five schools—Carol A. Ammon College of Liberal Arts and Social Sciences; Business; Education, and Professional Studies; Engineering, Science & Technology, and Graduate Studies--CCSU offers undergraduate and graduate programs through the Master’s and sixth-year levels and a doctoral program (Ed.D.) in Educational Leadership. Committed to offering Connecticut citizens access to our excellent academic programs, the University is also a responsive and creative intellectual resource for the people and institutions of our state’s capitol region. Over 85 percent of our graduates remain in Connecticut, contributing to the intellectual, cultural, and economic health of our state.

Founded in 1849 as the New Britain Normal School, a teacher-training facility, CCSU is Connecticut’s oldest publicly supported institution of higher education. It became the Teachers College of Connecticut in 1933, and after a period of extensive institutional growth and external expansion it became Central Connecticut State College in 1959. In recognition of the institution’s continual development in mission and aspiration, the present name and educational charter were conferred in 1983.

The largest of 17 comprehensive state colleges and universities within the Board of Regents for Higher Education, CCSU enrolls approximately 9,000 full-time and 3,000 part-time students. The University has a full-time faculty of 400 members; over 75 percent of whom possess a doctorate, and 450 part-time instructors who bring an array of distinctive educational and professional experiences.

After a major campus renovation program, investing in state-of-the-art technologies and creating a welcoming and beautiful campus, CCSU stands as one of the finest educational institutions in Connecticut. An expanding network of global study-abroad opportunities and overseas inter-institutional arrangements has made CCSU the state’s leading public international University.

Keys to Academic Success
KEYS TO ACADEMIC SUCCESS

MEET YOUR ADVISOR
• Maintain contact with your advisor to:
  • Review your education program and career goals.
  • Identify the department chairperson and other key academic officials.
  • Discuss your adjustment to campus life and share any concerns or challenges.
  • Review your academic progress, using a degree evaluation.
  • Discuss and identify any possible campus resources needed.
  • Explore enrichment activities, internships, and research experiences.
  • Discuss graduate or professional school opportunities.

KNOW YOUR DEAN
Arrange to meet your Dean, know the location of his/her office and key assistant or associate deans. If you encounter difficulties, the Dean's office should be one of the first places where your questions can be directed.

WHEN YOU HAVE A PROBLEM
• Do not hesitate to ask for help; ask for assistance early in the semester, no question is unimportant.
• Remember every student may need some kind of assistance during his/her college years.
• It is your responsibility to ask for assistance.
• Inform a faculty member, advisor, administrator, or staff person of your concerns and provide them with all relevant information.

IF YOU HAVE A PROBLEM WITH YOUR CLASSES
• Speak with your instructor as soon as you have a concern.
• Schedule an appointment to meet with your instructor during office hours.
• Inform your advisor of any difficulties so they may be able to assist in the resolution of your challenges.
• Inform your department chairperson who may also be of assistance.
• Utilize study groups and tutorial assistance as needed.

USE ACADEMIC AND SUPPORT CENTERS
• If you encounter academic difficulties in your courses, do not wait. Inform your instructor or advisor and seek appropriate levels of assistance to help resolve your academic challenge.
• Utilize campus resources such as: the Student Wellness Services (health and counseling services), The Learning Center, The Mathematics Tutoring Center, The Writing Center, Student Disability Services, and the Office of the Vice President for Student Affairs.
READ ALL CENTRAL CONNECTICUT STATE UNIVERSITY PUBLICATIONS CAREFULLY
You are responsible for reading and adhering to all academic and institutional policies including, but not limited to, all of those presented in the Central Connecticut State University Undergraduate Catalog and the Student Handbook (online version). These resources contain information about: the history of Central Connecticut State University; the various educational programs of study; the official University calendar; academic requirements; faculty, advisors, and administrative officers; campus resources; and all other University policies, regulations and procedures.

PLAN AND MANAGE YOUR TIME EFFICIENTLY
Plan all of your activities. Use a calendar or other resource to help you keep track of important tasks, course assignments, examination dates, registration periods, and deadline dates as well as your campus activities.

BECOME INVOLVED IN CAMPUS LIFE
One of the most exciting things about attending college is campus life.
• Take time to explore the diversity of learning and cultural opportunities that are available to you through campus activities; lectures, art exhibits, theatrical productions, musical performances, athletic events, and other activities.
• We encourage participation in events and other special programs sponsored by the University.
• Stay connected to the Student Affairs Office as well as the Student Government Office.
• Take advantage of the opportunities to meet and interact with individuals from diverse cultures and backgrounds.

STAY IN TOUCH WITH YOUR FAMILY
Keep your family informed about your progress; they want to know that you are doing well. Family support increases your chances for success as well as helps you to make the transition to campus life.

LIMIT YOUR OUTSIDE EMPLOYMENT AND ACTIVITIES
• Take time to adjust to campus life.
• Remember, your primary responsibility is your academic pursuits.
• Plan your activities accordingly.
• Do not allow excessive outside activities and employment to compromise your ability to excel academically.

STUDY STUFF

13. Whom do I contact for absences?
   - You are responsible for regular classroom attendance. The following attendance policies are in effect:
     - The Student Wellness Services (SWS)/Health will send a medical excuse note by email to a student’s professors only in those cases in which a student was seen in the SWS Office and the medical recovery or contagiousness of the patient/student warrants an absence from classes.
     - For those students who are out of class for five or more consecutive days and have not been seen as a patient in the SWS for the evaluation of the illness, please direct the notification of your absence from your physician to the Office of the Vice President for Student Affairs. The verification of your absence will be relayed to the appropriate professors.

14. Where do I buy textbooks and school supplies?
   - Visit the Bookstore, which is located in the Student Center to buy your textbooks. The Bookstore carries most of the school supplies that you will need. You will also find
computer supplies, a selection of gifts, CCSU gear, candy, health and beauty aids, and a
great selection of snacks, etc.

15. *What are my other options if I do not want to purchase brand new textbooks?*
   - You can rent both new and used textbook for a lower price and then return the book to the
     Bookstore at the end of the semester. The Bookstore also sells used books and eTextbooks.
     Please see all of the options at the Bookstore website: [http://centralet.bncollege.com](http://centralet.bncollege.com).

16. *Where can I resell my books?*
   - The Bookstore will buy back your books at the end of the semester. Of course, the best time
     to sell your books is during finals.
   - Instant cash is yours if your books are in demand.
   - The buyback pricing is based on two criteria: you can get paid 50% of the selling price if
     the professor has told the Bookstore that the book will be used again the following term and
     if the store still requires more to meet demand. If this is not the case, you will receive the
     latest national pricing.

17. *Where do I get advice for course selection and program planning?*
   - Academic advisors are the main source of support and information about your academic
     plans and programs.
   - If you are an undeclared major and are not sure whom you should see for advising, you
     should log in to your CentralPipeline account to look up your academic advisor.
     Undeclared students in Arts & Sciences are advised in the Center for Advising and Career
     Exploration (CACE) until they declare a major.
   - All freshmen are assigned a CACE advisor for their first year, and remain with CACE for
     academic advising until they declare a major.

18. *When should I see an Advisor?*
   - You should always meet with an advisor before each semester’s registration. The Registrar
     sends a reminder message to all students prior to the scheduled advising and registration
     period each semester. However, you are encouraged to meet often to discuss courses,
     academic work, career plans, internships, and other matters.

19. *I am not doing well in my classes. Where can I go for help?*
   - Your classroom instructors are great resources, so seek their help first.
   - The Learning Center (TLC), located in Carroll Hall, Lower Level, offers tutoring in math,
     statistics, and psychology. TLC also provides Academic Success Coaching to help you
     realize your academic goals.

The Bookstore is responsible for carrying all required textbook materials. Please remember to purchase textbooks prior to the middle of each term, since textbooks will be returned to publishers after midterms in order to prepare for the next term. Students have the option of renting or purchasing new, used and/or digital copies of their textbooks (does not apply to all textbooks). The Bookstore accepts all forms of payment and is normally open Monday–Thursday from 9 am–7 pm and Friday from 9 am–4 pm, with extended hours during the first week of classes. Please feel free to call or e-mail the Bookstore with questions.
One of the best ways to save on textbooks at the CCSU Bookstore is by renting! Compared to buying new books, students can save over 50% when they rent a textbook. Students have the option of using their financial aid award money to pay for these, as well as all other kinds of textbooks. While not all textbooks are currently available in rental form, there are a variety of inexpensive ways to purchase your books through the CCSU Bookstore!

The Bookstore also sells the following items: magazines, reference materials, study aids, N.Y. Times bestsellers, soda, candy, snacks, software, computer supplies, school supplies, greeting cards, posters, dorm merchandise, health and beauty aids, gift merchandise, and a great selection of CCSU gear. Achieve Credit Union, the CCSU Spirit Shop, and the Blue Chip Card Office are also located in the Bookstore.

**BURSAR’S OFFICE**

*Betsy Fangiullo, Bursar; Davidson Hall, Room 221*

*Hours: Monday - Friday 8:00 am-5:00 pm*  
*Phone: (860) 832-2010; Fax: (860) 832-2173; Website: [www.ccsu.edu/bursar](http://www.ccsu.edu/bursar)*

The Bursar’s Office is the administrative office responsible for student billing and revenue collection. Registered students are billed for tuition and fees, as well as room and board, in June for the fall term and due July 15th, in November for the spring term, due December 15th. For the summer and winter terms, all charges are due upon registration. The Bursar’s Office is also responsible for applying charges and credits for payments to a student’s bill that may accrue during the term. Billing credit is applied to the student’s bill each term for awarded financial aid, documented scholarships, and outside sponsorship. The funds received from financial aid sources pay each affected student’s term charges. Excess financial aid (money in excess of all student charges) is then distributed directly to the student, either by check or by pre-arranged Direct Deposit to the student's bank account.

The Bursar offers a program that allows registered students on financial aid to have up to $800 of qualifying excess financial aid deposited into their Blue Chip debit card account so that books can be purchased from the CCSU Barnes & Noble Bookstore beginning ten days prior to the start of classes. The required form is available online through the Bursar’s website or in the Bursars Office. Blue Chip funds cannot be withdrawn in the form of cash.

**E-Billing**

CCSU offers the convenience of online billing and payment. No paper bills are sent.

When bills are ready for viewing, students receive e-mail notifications in their CCSU e-mail box. A link in the e-mail takes students to CentralPipeline. TUITION AND FEE REFUND POLICY
(Board of Regents for Higher Education Pages 6-12 Minutes – December 18, 2014 Regular Meeting, Effective beginning Academic Year 2014-15)

In accordance with the Higher Education Amendments of 1998 (Public Law 105-244), the Federal government mandates that students receiving Title IV assistance who withdraw from all classes may only keep the financial aid they have "earned" up to the time of withdrawal. Title IV funds that were disbursed in excess of the earned amount must be returned by the University and/or the student to the Federal government. This could result in the student owing funds to the University, the government, or both. The amount of unearned aid to be returned is based on the percentage of enrollment period completed.

The refund policy below excludes the effect of the return of Title IV funds. Students receiving Federal aid should consult with their University Bursar or Financial Aid office prior to withdrawal in order to determine the financial impact that the return of Title IV funds will have upon the student.

In cases where the Committee agrees to cancel the housing contract during the Fall term (or first term of occupancy), the student forfeits the housing deposit.

3. The University President may defer or waive the collection of the Admissions and/or housing deposit in extenuating circumstances.

CANCELLATION OF CLASSES OR FINAL EXAMINATIONS DUE TO INCLEMENT WEATHER
Call the storm phone at (860) 832-3333, or visit the website at www.ccsu.edu/cancellation, to view the most current information.

At the discretion of the University, classes may be cancelled or delayed because of inclement weather conditions. The most accurate cancellation and delay information for Central Connecticut State University will be made available on the storm phone: (860) 832-3333 and on the web at www.ccsu.edu/cancellation. These services will be updated twice daily: 6 am for the day schedule and 2 pm for the evening schedule.

If the University is forced to close or to delay opening during the final examination period because of storm conditions, this information will also be made available on the storm phone and the web. These services will also carry information from the Registrar’s Office once the affected exams are rescheduled.

The University will also notify the broadcast media of cancellations or delays affecting regular classes or exams. WTIC-AM 1080 is the principal radio outlet. WFSB-TV 3, WTNH-TV 8, and WVIT-TV 30 are the principal television outlets. Visit CACE whether you are looking for an assessment of your abilities and interests, the latest listing of employers visiting campus to recruit students, an opportunity to explore a career through experiential learning or to learn about the job search process.

Graduating students are provided assistance with the transition to professional employment through information on resume writing, career research, interviewing techniques, and other topics related to career development and the job search process.

The office maintains listings of full- and part time jobs that can be accessed through the College Central Network icon located on the CACE website (www.ccsu.edu/cace).

Career fairs offer students a forum where they may meet with employers regarding various types of employment opportunities offered throughout the academic year. Check the CACE website for dates and times.

Experiential education programs are offered to both undergraduate and graduate students. Through these programs, students work in positions that are related to their major fields of study and provide them with real world experience. Visit CACE for information.
Many departments on campus hire student employees. Some of the larger employers are the Student Center, Campus Dining, Bookstore, Library, CCSU Police Department, and Athletics. Contact CACE, Carroll Hall, 1st Floor, at (860) 832-1615, or check with individual departments.

CENTER FOR INTERNATIONAL EDUCATION
Dr. Momar Ndiaye, Director, Barnard Hall, Room 123
Phone: (860) 832-2040; Website: www.ccsu.edu/CIE/
Established by the Board of Governors for Higher Education in 1987 as a statewide Center for Excellence in International Education, the Center for International Education (CIE) is the cornerstone of the University's commitment to international education. The Center contributes to the University's mission by developing and supporting internationally focused programs, both academic and extracurricular. It provides a forum for students, faculty, staff, and alumni to pursue common interests through on-campus international activities, as well as programs of study around the globe. Working in collaboration with the University's academic departments and programs, the CIE also promotes curricular integration of international education and the preparation of globally competent students.

Through its network of over 20 University partnerships around the world and a growing list of affiliated study abroad programs, the Center offers study abroad programs at both graduate and undergraduate levels. In any given year, the CIE offers a variety of programs in Africa, Asia, the Caribbean, Europe, the Middle East, and Latin America to over 600 students. CCSU students are strongly encouraged to pursue overseas study as part of their academic programs, either via long-term study at partner
universities, or through affiliate programs, or via faculty-led courses abroad. By living and learning in another culture, CCSU students prepare for an increasingly integrated and interdependent world.

The Center also welcomes, advises, and supports a growing number of international students each semester, including the students who come to CCSU from around the world to engage in intensive English language instruction. Through programming that brings students of many different heritages together, the Center fosters a spirit of cross-cultural understanding and provides opportunities for students to appreciate the customs and values of others, learning more about themselves in the process.

**International Student and Scholar Services (CIE)**
All international students must contact the International Student and Scholar Services Coordinator at the Center for International Education as soon as they arrive on CCSU’s campus. The Center provides a wide range of orientation and advising services for international students, including orientation to campus and the community; personal and cross-cultural counseling; advising on all immigration matters, including issuing I-20 and DS-2019 forms, granting extensions and travel authorization, transfers, work, internship and practical training; and serving as the liaison with other campus offices and the Department of Homeland Security. Additional information is available on the Center’s website at [http://www.ccsu.edu/isss](http://www.ccsu.edu/isss).

**Intensive English Language Program (CIE)**
The Intensive English Language Program (IELP) offers dynamic English language instruction to international students, faculty, foreign professionals and other non-native English speakers. The Intensive English Language Program includes highly participatory instruction in reading, writing, listening, speaking, grammar, and pronunciation. Students are placed in the appropriate level based on their TOEFL or IELTS test scores.

Registration for these courses is done directly through the IELP office. Please contact the office at (860) 832-3376 or by e-mail to ielp@ccsu.edu for an application, course schedule or other information.

**Study Abroad Programs (CIE)**
Students of Central Connecticut State University have the opportunity to enhance their education and improve their career options by studying abroad! CCSU-sponsored international programs include short-term Courses Abroad programs and semester and year-long study at one of Central's Partner Universities overseas or affiliated study abroad programs. Study Abroad on an approved CCSU program counts toward fulfillment of the International requirement for General Education.

Short-term programs, which are led by University professors, offer students a variety of credit-bearing courses in many locations around the world. These courses abroad are offered three times a year, during winter session, spring semester, and summer session. Detailed information, including registration deadlines, program dates, cost, and course offerings, is available at the beginning of each academic year on the CIE website: [http://www.ccsu.edu/coursesabroad](http://www.ccsu.edu/coursesabroad).

Students wishing to study abroad for a semester or longer may chose from among a wide array of programs located in, China, Czech Republic, France, Germany, Ireland, Italy, Japan, Korea, Poland, Spain, Sweden, and the United Kingdom. In general, students participating in one of these exchange programs pay tuition and fees to CCSU. Although variations in payment procedures depend upon the partner university, CCSU financial aid applies to most programs. Applications are due twice a year: April 1 for Fall and/or Spring of the following academic year and September 15 for Spring of the
following academic year. Courses taken at a partner university are considered in-residence; credits and grades tallying into the GPA and apply toward Central's graduation requirements.

To plan either type of study abroad program, contact the International Education Coordinator in the Center for International Education (CIE), Barnard Hall, Room 123, or call 860-832-2040. Specific program information for all international programs and dates of regularly scheduled information sessions can be found on the CIE website at: http://www.ccsu.edu/coursesabroad.

COMMUTER STUDENT SERVICES
Otis Mamed, Director, Student Center, Room 116
Phone: (860) 832-1960; Website: http://stdctr.ccsu.edu
Several offices of the Student Affairs division strive to provide services and programs to assist commuting students to have full participation in campus life at CCSU. The department of Student Activities/Leadership Development assists students interested in getting involved in student leadership positions and activities. Commuter students have representation in various organizations, including the Student Government Association and the Student Union Board of Governors. SUBOG provides funding for programs for commuting students, such as the Commuter Coffees, which are held periodically throughout the year. At the beginning of each semester, the Student Center hosts a social to give commuting students an opportunity to meet other commuters and learn about services on campus.

Other services available to commuter students include auto emergency equipment, including a “jump-start” box and tire inflator stored at the Student Center Information Desk; Breakers Game Room (FREE); meal plan option information; use of recreational facilities; and access to all academic and personal support services. Please stop by the Student Center Department or call (860) 832-1960 with any questions about services for commuting students. Involved students are twice as likely to succeed in college than those who just go to class and head home again.

Meg Leake, Director, Learning Center; Carroll Hall, Room 016
Phone: (860) 832-1601; Website: http://web.ccsu.edu/tlc/otherServices/earlyAlert.asp
The Early Alert program exists to intervene with students that have poor grades or attendance in their courses. Poor academic performance or attendance can often be a symptom of a deeper problem for a student. If we can meet with and help the student before the first exam of the semester, there is a better chance of facilitating academic success. Faculty, administrators, staff, and students are encouraged to refer students having difficulty in a class to ensure a successful completion of course studies.

FINANCIAL AID OFFICE
Richard Bishop, Director; Davidson Hall, 2nd Floor
Phone: (860) 832-2200; Website: www.ccsu.edu/finaid
All students interested in receiving financial aid at CCSU must complete a Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov. The FAFSA may be completed as early as January 1 for the forthcoming academic year. To assure the FAFSA will be received by CCSU, include our Federal School Code: 001378. To electronically sign the FAFSA, the student and parent need to visit StudentAid.gov/FSAID to create a unique individual FSA ID - username and password. The FSA ID will serve as an electronic signature when completing the FAFSA at www.fafsa.ed.gov, making FAFSA corrections, FAFSA renewals for subsequent academic years, and signing other federal student aid documents such as loan counseling and loan promissory notes.

The Financial Aid Office has a priority application deadline of April 15 for continuing students and March 1 for incoming financial aid applicants. By submitting a completed FAFSA application to CCSU by the priority deadline, the applicant receives consideration for all financial aid funds awarded by the Financial Aid Office. Students may submit a FAFSA after the priority deadline; however, funding is limited to federal financial aid funds – typically Stafford Direct Loans and Pell Grants, if you qualify. After a careful review, funds will be awarded to eligible students. Financial aid at CCSU includes federally funded aid, such as PELL and SEOG grants, Subsidized and Unsubsidized Stafford Loans, Perkins Loans and Federal Work Study. In addition, the State of Connecticut and CCSU provides limited grants funds.

Additional financial aid information regarding student eligibility is available online at www.ccsu.edu/finaid.

The University recognizes that conflicts are a part of every student’s life. Campus Mediation Services helps students responsibly and constructively solve their own conflicts. Mediation is a voluntary, confidential, and structured process of resolving disputes and conflicts with the help of a neutral third party. A mediator helps disputing parties to generate and evaluate options for reaching a mutually acceptable agreement. Often, students in conflict do not have an opportunity to talk over their grievances in a neutral setting and work together to find their own solutions. As a result, anger and frustration grow. Mediation is a workable alternative. You may contact Campus Mediators listed above on an as-needed basis. For more information, contact Ramón Hernández, Davidson Hall, Room 103, 860-832-1601.

STUDENT PARKING

CCSU Police Department, 1500 East st, New Britain
Phone: (860) 832-2375; Website: www.ccsu.edu/Police

Every student (graduate, undergraduate, full-time, and part time) is required to have a current CCSU parking decal, available from the CCSU Police Department and Card Office. Before a parking decal can be obtained, a student must first have a CCSU student ID (Blue Chip Card). These are free and may be obtained at the Card Office in the Student Center. Students should also pick up a copy of the parking regulations that include a campus map and an explanation of parking areas and policies on the Central campus.

Any student who parks in a faculty/staff parking lot may be ticketed (fine of $25 or more) and is subject to being towed at the owner’s expense (towing charges are controlled by the tow companies and are typically over $75). These parking lots are clearly marked by signs as you enter the lots. Always look for the signs before entering; do not go on the word of someone else (student or faculty) that it is okay to park in the lot.

If you feel you were ticketed unjustly, parking tickets may be appealed, within 10 days of issuance; to the University Parking Appeals Committee (appeal forms are available at the CCSU Police Department). All fines must be paid in full before an appeal will be considered. Fines will double if not paid within 10 days of the date that the ticket was issued. Students will be notified of their hearing date with the appeals committee in writing and may appear in person before the committee. Refunds for successful appeals shall be processed within six to eight weeks of the date the appeal was granted. For more information on the appeals process, call the CCSU Police Motor-pool at (860) 832-2384.

From November 1 to April 15, students should avoid overnight parking in surface lots and on the tops of parking garages. Due to the potential for snow conditions and emergencies, all persons parking in open lots overnight during this period do so at their own risk. A parking ban may be imposed and those vehicles in surface lots and on top of garages will be subject to parking fines and towing at the owner’s expense.

A more complete text of parking regulations may be found at the CCSU Police Department Web page http://www.ccsu.edu/Police.

**STUDENT WELLNESS SERVICES (SWS)**

*Jacqueline Harris, M.D., Director of Wellness Services; Marcus White Annex*

*Phone: (860) 832-1925; Website: www.ccsu.edu/sws*

University Health Services and the Counseling and Wellness Center have merged into an integrated Department of Student Wellness Services. Through integrated care we hope to provide focused, problem-specific, and integrated medical and mental health care, substance abuse prevention programs, and general wellness outreach, education, and support to the CCSU community. We continue to provide the same medical and mental health services as we have in the past. All services continue unchanged and in their previous locations. In the near future, we expect to be located in a single location and to expand access and types of services and outreach. Our three branches are described below.

**SWS, COUNSELING SERVICES**

*Shannon Jackson, Psy.D., M.S.Ed., Associate Director of Counseling Services; Marcus White, Room 205*

*Phone: (860) 832-1945; Website: www.ccsu.edu/counseling*

The Student Wellness Services/Counseling Center offers a range of personal counseling services. All services are provided at no cost to all active students.

Students may make an appointment to see a professional counselor by calling the number above in person by dropping by the counseling center. All counseling contacts with students are strictly confidential and information is never shared with anyone (university staff, parents, relative, or others) without the student’s written permission. Students are encouraged to seek assistance as soon as they become aware that a personal, psychological or behavioral concern is interfering with their overall well-being and ability to manage their academic responsibilities. The initial appointment is generally devoted to identifying the most pressing concerns and the quickest path to their successful resolution. In most cases, problems can be resolved through brief individual, group and/or family counseling sessions. If a student requires additional professional services available through community providers, their counselor will assist them in locating the most appropriate service and establishing an initial appointment.
SWS, HEALTH/MEDICAL SERVICES
Marisol Cruz Melendez, APRN, Associate Director of Health Services;
Marcus White Annex
Phone: (860) 832-1925;
Website: www.ccsu.edu/sws

The Student Wellness Services/Health/Medical Services provides medical care by appointment. All students (residential, commuter, full-time and part-time) can use our services regardless of health insurance. You do not need to purchase the CCSU student health insurance plan to be seen as a patient on campus.

Most services are provided at no cost to students. We evaluate and treat acute illnesses and injuries, refer to appropriate specialty consultants as needed, provide some laboratory tests; e.g., urine pregnancy tests or strep screens, carry a small stock of commonly prescribed medications, and maintain a health education resource center for information on medical issues and concerns. We are not an emergency facility and do not act as an emergency medical service for the University.

Some services provided do have a small fee, which is billed directly to your Bursar’s account. These include:
- Some laboratory tests e.g. rapid strep testing or tests for sexually transmitted-infections;
- Pregnancy testing;
- Some prescriptions from our in-house pharmacy.

Health/Medical Services-SWS is also responsible to process all Connecticut State University Student Health forms for incoming CCSU students.

HEALTH INFORMATION REQUIREMENTS
All students are required to submit a completed Connecticut State University Student Health Services form prior to beginning classes. For most students, proof of adequate immunization against measles, mumps, rubella (MMR) and varicella (chicken pox) along with completion of the Tuberculosis (TB) Risk Assessment are required prior to being able to register for classes. **Full instructions are attached to the form. The instructions include age related and other exemptions, so please read this carefully.** The form can be downloaded at www.ccsu.edu/health/forms. Please submit the completed health form as soon as possible to avoid any delay in registering for classes. Failure to submit the required medical information may result in a health hold being placed on your registration status. Information about any missing health information can be found on your registration status page in your BlueNet account. Please log in to Central Pipeline to access this information.

FOR INTERNATIONAL STUDENTS
Because international students do not have a primary physician while attending the University, we often times serve as their sole health providers managing their medical care during their stay. For that reason, we require that all international students whether part time or full time, submit a completed health services form. In that way, we can better manage their medical care while they are attending the University and ensure the health and safety of the campus at large.
FOR RESIDENCE HALL STUDENTS
All residence hall students are required to be vaccinated against meningococcal disease prior to living on campus. In the United States, we require a specific type of meningitis vaccine for protection of this disease (with all subtypes A, C, Y, W 135 in the vaccine) that is not offered in most countries outside the United States. Many international students have to be vaccinated in an American medical facility or in our office to receive the required protection. *NEW REQUIREMENT* Students entering school as of the 2014/2015 academic year, must have received their meningitis vaccination within five years of entering CCSU.

MEDICAL EXCUSE POLICY
Excuse notes are sent to instructors only after a student is seen in our office and his or her medical recovery, or risk of spread of an infection, warrants an absence from class. We will not see a student for the sole purpose of providing an excuse note.

Students must notify the Office of the Vice President for Student Affairs if expected to be out for five or more consecutive days. For those students who are out of class for five or more consecutive days, but were not cared for at Health Services-SWS, please ask your healthcare provider to send information about your absence to the Office of Student Affairs. The verification of your absence will be relayed to the appropriate professors.

Since instructors have the final word regarding absences, please make sure you understand each instructor’s absence and illness policy. Most instructors will allow a certain number of absences. Please try to save these in case of illness.

HEALTH INSURANCE
Health insurance coverage (accident and sickness) is mandatory for all full-time students. All full-time students are automatically enrolled in both accident and sickness policies with the university plan. Students covered for illness under an outside plan (e.g. their parent’s plan) may waive the sickness portion of the insurance through their BlueNet Account each semester. The deadline for waiving the sickness policy is the first day of classes; otherwise students are billed for the Aetna Student Health sickness policy. The accidental insurance plan cannot be waived and its premium is folded into the university bill.

Part-time students will be able to purchase the university-sponsored plan. Please check the SWS or the Bursar’s websites for more details.

This University-sponsored insurance plan is not managed by Student Wellness Services. All questions regarding the CCSU-sponsored plan should be addressed to the carrier. Questions concerning waivers or charges for the CCSU-sponsored plan are handled by the Bursar’s Office. However, if you are unsure of where to turn for an answer, we are always available to help if needed. Please note that Student Wellness Services does not bill any insurance or other third-party payers for services provided.

Undergraduate Student Club and Organization Policies

In an effort to ensure the place of student organizations on campus, the University has adopted the following policy regarding the recognition of such groups, along with a statement of privileges and responsibilities. You should consult the following sections of this handbook for additional policies relating to student organizations: Organizing a New Club (p.78); Participation in Co-curricular Activities (p.78); Fiscal Responsibility (p.78); Facility Use (p.78); Fraternity and Sorority (p.78); Posters and Advertising (p.93); Solicitation Policy (p.106); and Conduct and Discipline (p.106).

1.0. Organizations may be established with the University for any legal purpose compatible with the missions of academic institutions of higher learning. Affiliation with an extramural organization shall not, in itself, disqualify the University branch or chapter from University privileges.

2.0. A group becomes an organization when formally recognized by the University. Formal recognition of an organization means, and as herein described, that a recognized organization may be permitted the use of campus facilities, may have access to student funds, may use the University name and in general is accorded those privileges granted to other organizations within the campus community. All groups that meet the following requirements shall be considered for recognition:

2.1. Submission of a clear statement of purpose, criteria for membership, rules of procedure, a list of officers, and the name of a faculty advisor (full-time faculty) who has expressly indicated his/her willingness to serve. Changes in the foregoing must be submitted within one week of the date of effectiveness to the Department of Student Activities; such changes will then be presented to the Student Affairs Committee for its approval or other appropriate action.

2.2. Where there is affiliation with an extramural organization, that organization’s constitution and bylaws shall be filed with the Department of Student Activities; such constitution and bylaws will be reviewed by the Student Affairs Committee as part of the recognition process. All amendments in the extramural organization’s constitution shall be submitted to the Student Affairs Committee through the Department of Student Activities within one month of the date of effectiveness.

2.3. All sources of outside funds shall be disclosed to the Department of Student Activities within one month of receipt of outside support. Activities fee funded organizations must deposit all funds into your University Activities fund account.

3.0. Recognition of an organization implies neither approval nor disapproval by the University of the stated aims, objectives, policies, and practices of the organization. No organization may use the University name without the express authorization of the University except to identify institutional affiliation.

4.0. Any organization which engages in illegal activities, or violates University policies or regulations, on or off campus, may have sanctions imposed against it, including withdrawal of University recognition in accord with 2.0 above.
4.1. Off-campus social events sponsored by registered student organizations (not advised by Residence Life) are to be initiated through the Department of Student Activities/Leadership Development (SA/LD).

5.0. Membership in a University organization shall be open to undergraduates who are willing to subscribe to the stated aims and meet the stated requirements of the organization (Refer to the Policy on Participation in Co-curricular Activities).

6.0. Recognized organizations within the campus community may be assigned use of campus buildings, grounds and/or equipment for regular business meetings and social/educational programs.

6.1. The organization requesting use of buildings, grounds, and/or equipment must inform the University of the general purpose of any meeting.

The Link
Website: thelink.ccsu.edu
The Link is an online database for all organizations on campus. Student organizations are required to register on The Link each year, in addition to updating their roster, and uploading their meetings minutes. Organizations can create and submit event registration forms, send messages to club members, update club information, and much more. For all information on campus organizations, simply log into thelink.ccsu.edu with your BlueNet username and password.
Organizing a New Club
If you are interested in organizing a new group, you must fill out a “New Club” form in the Student Activities/Leadership Development Office and attend a new club meeting facilitated by SA/LD. Check with the Student Activities/Leadership Development Office for the most accurate date and time for the meeting. The SA/LD Office also offers advice on creating effective organizations and reactivating recognized organizations.

Participation in Co-Curricular Activities
Membership in Recognized Student Organizations is open to all fulltime, matriculated undergraduates not under disciplinary sanction. Officers of recognized student organizations or governing boards (graduate and undergraduate) must be in good academic standing (2.0 undergrad/3.0 graduate) to run for office or serve in elected positions. In the instance of a new or transfer students you are considered in good standing until you are not. Part Time undergraduate students, graduates students, staff, and faculty may participate as “Associate members”. Associate members may not vote or hold office undergraduate student organizations.

*Associate Members may not participate in club sports, intramurals, or use fitness facilities.

Fiscal Responsibility
All organizations, regardless of their source of funds, are expected to maintain accurate financial records in the best interests of the members, officers, and faculty advisors. Organizations receiving Student Senate or other University funds must follow current policies governing those funds. It is the responsibility of the organization’s president, treasurer, and faculty advisor to become informed of and to abide by those policies (see Student Activities Office).

Faculty Use
If you’re a member of a recognized campus organization, you may reserve campus facilities for the group by contacting the appropriate office listed below. The Student Center Reservations Office (832-1964), located in the Student Center, coordinates non-academic scheduling of facilities and advises on special events planning around and in the Student Center and in Memorial Hall. The Reservations Office is open Monday through Friday from 8:30 a.m. to 4 p.m. for walk-in service.

It is possible to list events not associated with an on-campus facility so that your event shows up on the official campus Web events calendar (http://today.ccsu.edu/) by contacting Student Center Reservations. Other campus facilities may be scheduled by contacting Event Management at 832-2468.

I. CCSU Police will be contacted. After consultation with appropriate CCSU staff (i.e., Residence Life), CCSU Police will determine if the student should be removed by medical transport to an appropriate treatment facility.

II. If a student's behavior results in removal by emergency transport, the student will not be permitted to return to the University until the following conditions are met:

   a. The student must present appropriate discharge papers to the Office of the Vice President for Student Affairs for temporary re-admission to the residence halls and/or classes, during University hours.

   b. If a resident student is transported to a hospital emergency room by University action, during off hours (after 5 pm or weekends), the student must present appropriate discharge papers to the Residential Life staff by 10:00 am the next morning.

   c. The student must meet with a Student Affairs Officer on the next business day in order to remain in residence and/or return to classes. The Vice President, or his/her designee within Student Affairs, will provide several options prior to clearing the temporary re-admissions to residence halls or classes:

Family Educational Rights and Privacy Act (FERPA)
Notice and Directory Information Policy

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the College or University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College or University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College or University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request amendment of an education record that the student believes is inaccurate. Students may ask an appropriate College or University official to amend a record that they believe is inaccurate. However, FERPA is not intended to provide a process to question substantive judgments that are correctly recorded. Consequently, FERPA amendment requests do not allow a student to contest a grade in a course because the student believes that a higher grade should have been assigned. To request amendment of an education record, the student should write to the official, clearly identifying the part of the record he or she wants changed and specifying why he/she believes it is inaccurate. The institution will notify the student of the decision. If the institution decides not to amend the record as requested by the student, a College or University official will advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the College or University discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. FERPA permits disclosure without a student’s prior written consent under the FERPA exception for disclosure to school officials who have a legitimate educational interest. A “school official” is a person employed by a College or University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the Board of Regents; an employee of the Board of Regents System Office; or, a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the College or University who performs an institutional service or function for which the College or University would otherwise use its own employees and who is under the direct control of the College or University with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College or University. Upon request, the College or University also discloses education records to officials of another school in which a student seeks or intends to enroll without the prior consent of, or notice to, the student.
FERPA also permits disclosure of education records without consent in connection with, but not limited to:

- To comply with a judicial order or a lawfully issued subpoena;
- To appropriate parties in a health or safety emergency;
- In connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid;
- To certain officials of the U.S. Department of Education, the Comptroller General, to state and local educational authorities, in connection with certain state or federally supported education programs;
- To accrediting organizations to carry out their functions;
- To organizations conducting certain studies for or on behalf of the College or University;
- The results of an institutional disciplinary proceeding against the alleged perpetrator of a crime of violence to the alleged victim of that crime with respect to that crime.
- Directory information as defined in the policy of the Board of Regents.

4. **The right to refuse to permit the College or University to release Directory Information** about the student, except to school officials with a legitimate educational interest and others as indicated in paragraph 3 above. To do so, a student exercising this right must notify the University's or College's Registrar, in writing. Once filed, this notification becomes a permanent part of the student's record until the student instructs the University or College, in writing, to remove it. A student may exercise his or her right to opt out of Directory Information, prohibiting disclosure of the student's information without the student's consent as noted in section 3, except however, that pursuant to the Solomon Amendment, military recruiters must be provided the same access to student information as is provided to nonmilitary recruiters.

5. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by Colleges to comply with the requirements of FERPA.** The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202-4605

UNDERGRADUATE STUDENT LEAVE OF ABSENCE POLICY
A Leave of Absence is a period of separation from CCSU for up to two consecutive semesters. During this time, a student maintains his or her matriculation and is entitled to return to CCSU. The Undergraduate Student Leave of Absence enables students to return after a maximum two-semester absence from campus. Students with this status need not apply for re-admission. Students may register for classes during the normal registration period based on cumulative credits earned both in transfer and at CCSU. This policy does not supersede any existing University withdrawal policy.

Students desiring a Leave of Absence must:
• Be matriculated and enrolled in the semester immediately preceding the Leave of Absence;
• Address any outstanding financial obligations with the Bursar;
• Have no disciplinary action pending.

Leave of Absence Process:
• Forms are available on the Web at www.ccsu.edu/registrar.
• Complete the Leave of Absence application and return it to the Office of the Registrar.

As required on the Leave of Absence request form, students must complete the following before the leave of absence goes into effect:
• Students living on campus must contact the Office of Residence Life.
• International students must contact the Center for International Education to insure that all legal documents are in order.

Status while on a Leave of Absence:
• Each semester an email of related materials will be sent to all students on a leave of absence.
• The student is eligible to enroll without question upon completion of the leave of absence.
• The student will be reported to all outside agencies as not currently enrolled.
• The student will not be entitled to access or privileges held by enrolled students.
• Upon return to CCSU, the student will comply with the requirements toward his or her degree as identified in the catalog at the time the student originally matriculated, unless other exceptions had been previously authorized.
Requirements to Return:
- The student need only register for the upcoming semester.
- Failure to return to active status during the semester designated on the Leave of Absence application will necessitate that the student apply for re-activation and pay the appropriate fees to Admissions at a later date when they choose to return to CCSU.

MEDICAL LEAVE POLICY
The universities comprising the Board of Regents (BOR) of Higher Education are committed to supporting the health and well-being of their students. The universities provide a wide range of counseling services to address the mental and physical health needs of their students, including counseling, psychiatric services, consultation, and referral assistance. The goal of the universities is to enable each and every student to function fully as a member of the academic community.

Students are permitted to take voluntary leaves of absence for physical or mental health reasons. If a student so requests, the Student Wellness Services/Health Services or Student Wellness Services/Counseling Center will assist a student in determining whether to take a voluntary medical leave of absence and in arranging that leave. A student on a voluntary medical leave of absence may maintain contact with, and may visit, campus friends and teaching, residence, counseling and administrative staff.

However, occasionally students experience medical, psychiatric or psychological conditions which cause them to pose a threat to the well-being of themselves or others. Should such a circumstance arise, and should the student refuse to take a voluntary leave of absence from the University, an involuntary medical leave of absence may be recommended by a physician or therapist on the staff of the Student Wellness Services/Health Services or the Student Wellness Services/Counseling Center.

A student may be placed on an involuntary medical leave of absence if it is determined that he or she poses a significant risk to the health or safety of himself or herself or to the health or safety of others. Such a determination may be based on evidence that a student has threatened or attempted suicide or has threatened, attempted or inflicted other serious bodily harm upon him or herself, has threatened, attempted or engaged in homicidal or other violent behavior towards others in the community, or has exhibited behavior which poses a significant threat to his or her health and well-being.

The following procedures shall be followed in imposing an involuntary medical leave of absence:

1. When in the opinion of a professional member of the staff of the health or counseling center an involuntary medical leave of absence should be imposed, the recommendation for the imposition of such a leave of absence shall be presented as soon as possible to the Vice President of Student Affairs or to his or her designee. The reasons supporting the recommendation shall be set forth therein.

2. Upon receipt of the recommendation, the Vice President of Student Affairs shall confer with other University personnel, if appropriate. The Vice President of Student Affairs shall also, if possible, notify the student that the recommendation has been received and shall advise the student, in writing, that he or she has three (3) business days within which to schedule a meeting to confer with the Vice President of Student Affairs and present additional documentation for consideration.
3. During the meeting, the Vice President of Student Affairs shall discuss with the student the circumstances giving rise to the recommendation, the implications of voluntary and involuntary leaves of absence, and the procedures for returning from an involuntary leave. If appropriate, the Vice President of Student Affairs shall suggest to the student that he or she voluntarily take a leave of absence from the University. The affected student may be accompanied during the meeting with the Vice President of Student Affairs by a support person of his or her choosing. The support person shall not be entitled to speak during the meeting.

4. If, at the conclusion of the meeting, the Vice President of Student Affairs determines that an involuntary medical leave of absence should be imposed, or if no meeting is requested by the student in accordance with section 2 above, the involuntary leave shall be imposed. The Vice President of Student Affairs shall notify the student in writing of the imposition of the involuntary leave of absence. The notice shall advise the student of the anticipated duration of the involuntary leave (which shall be, at a minimum, the remainder of the semester if the involuntary leave is imposed for mental health reasons) and the conditions under which the student may seek to return from involuntary leave. The notice shall also advise the student that during the period of the involuntary leave, he or she may visit the campus only with the prior written authorization of the Vice President of Student Affairs.

5. With the consent of the student, or when deemed appropriate to do so and in accordance with the university’s student records policy and applicable state and federal law, the Vice President of Student Affairs may notify a parent, guardian, or spouse of the leave and may request that a parent, guardian, spouse or other appropriate person make arrangements to remove the student from the University.

6. A student may appeal the imposition of an involuntary medical leave of absence to the President or his or her designee. However, at the direction of the Vice President of Student Affairs, the leave of absence may remain in effect pending the outcome of the appeal. A student wishing to appeal the imposition of an involuntary leave must do so in a written letter of appeal, delivered to the President within three (3) business days of receipt the notice of imposition of the leave. The letter of appeal shall set forth the reasons why the student believes that the imposition of the leave is not warranted. After reviewing the letter of appeal, the President, or his or her designee, may meet with the student and consult with the Vice President of Student Affairs and other University officials, as he or she deems necessary. The decision of the President or his or her designee shall be final.

7. A student who has been placed on a medical leave of absence, whether voluntary or involuntary, shall be eligible to return to the University according to the following:

a. A student placed on an involuntary medical leave or absence may request to return to active status on or after a date that has been specified at the time the involuntary leave is imposed. Normally, involuntary leaves are imposed for a minimum of one (1) semester, but no longer than a full calendar year. In unusual cases, and if requested by the student, an involuntary medical leave of absence may be extended to for the duration for two (2) academic years. In the event the student is unable to return within the two-year maximum limit, the student shall lose matriculation status. Should a student lose matriculation status, reentry to the university may only be achieved by reapplying for admission to the institution, being accepted for admission, and entering the University on the terms and conditions, including academic requirements, set forth in the applicable catalog in effect at the time of admission.
b. A request to return from an involuntary medical leave of absence may only be made during the 30-day period immediately preceding the beginning of the semester in which the students seek to enroll.

c. A student who wishes to return to the University shall:
   i. Notify the Student Wellness Services/Health Services of his or her desire to return and the specific semester for which the reentry is sought.
   ii. Provide written documentation to the Student Wellness Services that the condition which led to the imposition of an involuntary medical leave of absence has been treated by a licensed health care provider. The documentation shall consist of a written record, signed by the treating health care provider, indicating: date of original visit; diagnosis; treatment; compliance and adherence with treatment plan; assessment of any need for on-going medical/psychiatric supervision or treatment; and any recommendation regarding the readiness of the student to return to the university. The documentation must not be initiated more than thirty (30) days prior to the beginning of the semester within which the student seeks to re-enter the university.

d. Upon receipt of the documentation outlined above, the University, through either the Student Wellness Services/Health Services or the Student Wellness Services/Counseling & Wellness Center, as applicable, will
   i. Initiate a timely review of the student’s request and the supporting documentation provided by the treating health care provider;
   ii. Conduct a re-entry assessment conference with the student and a qualified staff member from the Student Wellness Services/Health Services or the Student Wellness Services/Counseling & Wellness Center, who shall not be the same individual as previously provided direct service care to the student;
   iii. Conduct a re-entry assessment conference with the Director of Residence Life (or his or her designee), in the case of students who are seeking on-campus housing;
   iv. As necessary and if warranted, consult via e-mail or phone with the health care provider who provided the supporting documentation, for purposes of coordinating a continuing treatment plan and addressing any conditions which may be imposed upon re-entry;
   v. Forward a recommendation to the Vice President of Student Affairs (or his or her designee), relative to the student’s preparedness to reenter the University community. This recommendation may include conditions which are designed not only to support the student in a successful reentry transition, but also to safeguard the University community. Conditions which may be imposed include, but are not limited to: restrictions on full-time or part-time status in the semester of return; restrictions on housing eligibility; limitations in course registration options; and requirements set forth in a behavioral contract. No condition shall be assigned which is punitive in intention;

e. The Vice President of Student Affairs (or his or her designee) will consider the recommendation, consult with those who prepared the recommendation, and if needed, arrange a personal interview with the student and/or request a consultation with the dean/chair of the student’s major department.

f. The Vice President of Student Affairs will, based on the totality of the information available, including the student’s prior academic history, make a decision on the reentry request. The student will be informed of the decision in writing.

g. In the event the request is denied, the student will be informed of the reasons for that denial and be advised as to what he/she will be required to do before another request for re-entry will be entertained.
h. In the event the request is granted, the student will be informed in writing, and any conditions which are being assigned (see subsection d(v) above) shall be outlined fully for the student, including the date on which the conditions shall no longer apply.
   i. The decision of the Vice President of Student Affairs shall be final.

BOR\CSCU Sexual Misconduct Reporting, Support Services and Processes Policy

Central Connecticut State University Statement

Central Connecticut State University (CCSU) will not tolerate sexual misconduct against students, staff, faculty, or visitors, whether it comes in the form of intimate partner violence, sexual assault, sexual exploitation or sexual harassment, as defined in the BOR policy. In an ongoing effort to prevent sexual misconduct and intimate partner violence on the CCSU campus, the University provides education and prevention programs for the CCSU community and pursues all criminal and administrative remedies for complaints of sexual misconduct.

CCSU is a community dependent upon trust and respect for its constituent members: students, faculty, staff and those visiting or under temporary contract. As noted in CCSU’s Violence Free Campus Policy, members of the University community have the right to a safe and welcoming campus environment. Acts of sexual misconduct and intimate partner violence threaten personal safety and violate the standards of conduct expected of community members.

Individuals and Entities Affected by this Policy

This policy applies to anyone on the property of Central Connecticut State University, as well as anyone present at CCSU-sponsored programs or events. This policy extends to off-campus violations of both students and employees in limited circumstances as noted below:

- Students: “Off-campus misconduct may be subject to the jurisdiction of the University and addressed through its disciplinary procedures if one of the following conditions is met: (i) a student engages in prohibited conduct at an official University event, at a University-sanctioned event, or at an event sponsored by a recognized student organization; or (ii) a student engages in prohibited conduct under such circumstances that reasonable grounds exist for believing that the accused student poses a threat to the life, health or safety of any member of the University community or to the property of the University.”

- Employees: The decision of whether to investigate and discipline employees for off-campus misconduct will be made by the appropriate university administrator on a case-by-case basis in accordance with collective bargaining agreements, CSU/university policies, and state regulations.
Statement of Policy

The Board of Regents for Higher Education (BOR) in conjunction with the Connecticut State Colleges and Universities (CSCU) is committed to insuring that each member of every BOR governed college and university community has the opportunity to participate fully in the process of education and development. The BOR and CSCU strive to maintain a safe and welcoming environment free from acts of sexual misconduct, intimate partner violence and stalking. It is the intent of the BOR and each of its colleges or universities to provide safety, privacy and support to victims of sexual misconduct and intimate partner violence.

The BOR strongly encourages victims to report any instance of sexual misconduct, including sexual harassment, sexual assault, sexual exploitation, stalking and intimate partner violence, as an effective means of taking action by reporting such acts to the appropriate officials and pursuing criminal or disciplinary remedies, or both. The only way that action can be taken against anyone who violates another in such a manner is through reporting. Each and every BOR governed college and university shall provide those who report sexual misconduct with many supportive options, including referral to agencies that provide medical attention, counseling, legal services, advocacy, referrals and general information regarding sexual misconduct. Each and every BOR governed college and university will preserve the confidentiality of those who report sexual misconduct to the fullest extent possible and allowed by law. All BOR and CSCU employees, victim support persons and community victim advocates being consulted will make any limits of confidentiality clear before any disclosure of facts takes place. Other than confidential resources as defined above, in addition to employees who qualify as Campus Security Authorities under the Jeanne Clery Act, all BOR and CSCU employees are required to immediately communicate to the institution’s designated recipient any disclosure or report of sexual misconduct received from a student as well as communicate any disclosure or report of sexual misconduct the employee received from another employee when misconduct is related to the business of the institution.

Affirmative consent must be given by all parties before engaging in sexual activity. Affirmative consent means an active, clear and voluntary agreement by a person to engage in sexual activity with another person. Sexual misconduct, as defined herein, is a violation of BOR policies and, in addition, may subject an accused student or employee to criminal penalties. The BOR and each of its governed colleges and universities are committed to providing an environment free of personal offenses. Sexual relationships of any kind between staff/faculty and students are discouraged pursuant to BOR policy.

The Board of Regents for Higher Education hereby directs the Connecticut State Colleges and Universities to implement the Policy stated above pursuant to the following provisions: Terms, Usage and Standards

Consent must be affirmed and given freely, willingly, and knowingly of each participant to desired sexual involvement. Consent is a mutually affirmative, conscious decision – indicated clearly by words or actions – to engage in mutually accepted sexual contact. Consent may be revoked at any time during the sexual activity by any person engaged in the activity.

Affirmative consent may never be assumed because there is no physical resistance or other negative response. A person who initially consents to sexual activity shall be deemed not to have affirmatively consented to any such activity which occurs after that consent is withdrawn. It is the responsibility of each person to assure that he or she has the affirmative consent of all persons engaged in the sexual activity to
engage in the sexual activity and that affirmative consent is sustained throughout the sexual activity. It shall not be a valid excuse to an alleged lack of affirmative consent that the student or employee responding to the alleged violation believed that the student reporting or disclosing the alleged violation consented to the activity (i) because the responding student or employee was intoxicated or reckless or failed to take reasonable steps to ascertain whether the student or employee reporting or disclosing the alleged violation affirmatively consented, or (ii) if the responding student or employee knew or should have known that the student or employee reporting or disclosing the alleged violation was unable to consent because the student or employee was unconscious, asleep, unable to communicate due to a mental or physical condition, or incapacitated due to the influence of drugs, alcohol or medication. The existence of a past or current dating or sexual relationship between the persons involved in the alleged violation shall not be determinative of a finding of affirmative consent.

**Report** of sexual misconduct is the receipt of a communication of an incident of sexual misconduct accompanied by a request for an investigation or adjudication by the institution.

**Disclosure** is the receipt of any communication of an incident of sexual misconduct that is not accompanied by a request for an investigation or adjudication by the institution.

**Sexual misconduct** includes engaging in any of the following behaviors:

(a) **Sexual harassment**, which can include any unwelcome sexual advance or request for sexual favors, or any conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s education or employment; submission to or rejection of such conduct by an individual is used as a basis for academic or employment decisions affecting the individual; or such conduct has the purpose or effect of substantially interfering with an individual’s academic or work performance or creating an intimidating, hostile or offensive educational or employment environment. Examples of conduct which may constitute sexual harassment include but are not limited to:

- Sexual flirtation, touching, advances or propositions
- Verbal abuse of a sexual nature
- Pressure to engage in sexual activity
- Graphic or suggestive comments about an individual’s dress or appearance
- Use of sexually degrading words to describe an individual
- Display of sexually suggestive objects, pictures or photographs
- Sexual jokes
- Stereotyped comments based upon gender
- Threats, demands or suggestions that retention of one’s educational status is contingent upon toleration of or acquiescence in sexual advances.

**Retaliation** is prohibited and occurs when a person is subjected to an adverse employment or educational action because he or she made a complaint under this policy or assisted or participated in any manner in an investigation.
(b) **Sexual assault** shall include but is not limited to a sexual act directed against another person without the consent (as defined herein) of the other person or when that person is not capable of giving such consent.

Sexual assault is further defined in sections 53a-70, 53a-70a, 53a-70b, 53a-71, 53a-72a, 53a-72b and 53a-73a of the Connecticut General Statutes.

(c) **Sexual exploitation** occurs when a person takes non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited, and that behavior does not otherwise constitute one of the preceding sexual misconduct offenses. Examples of behavior that could rise to the level of sexual exploitation include:

- Prostitute another person;
- Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
- Non-consensual distribution of photos, other images, or information of an individual’s sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
- Going beyond the bounds of consent (for example, an individual who allows friends to hide in the closet to watch him or her having consensual sex);
- Engaging in non-consensual voyeurism;
- Knowingly transmitting an STI, such as HIV to another without disclosing your STI status;
- Exposing one’s genitals in non-consensual circumstances, or inducing another to expose his or her genitals; or
- Possessing, distributing, viewing or forcing others to view illegal pornography.

Sexual exploitation is further defined as a crime in Connecticut State Law.

(d) **Intimate partner, domestic and/or dating violence** means any physical or sexual harm against an individual by a current or former spouse of or person in a dating or cohabitating relationship with such individual that results from any action by such spouse or such person that may be classified as a sexual assault under section 53a-70, 53a-70a, 53a-70b, 53a-71, 53a-72a, 53a-72b or 53a-73a of the general statutes, stalking under section 53a-181c, 53a-181d or 53a-181e of the general statutes, or domestic or family violence as designated under section 46b-38h of the general statutes. This includes any physical or sexual harm against an individual by a current or former spouse or by a partner in a dating relationship that results from (1) sexual assault (2) sexual assault in a spousal or cohabiting relationship; (3) domestic violence; (4) sexual harassment (5) sexual exploitation, as such terms are defined in this policy.

Offenses that are designated as “domestic violence” are against family or household members or persons in dating or cohabitating relationships and include assaults, sexual assaults, stalking, and violations of protective or restraining orders issued by a Court. Intimate partner violence may also include physical abuse, threat of abuse, and emotional abuse.

- Physical abuse includes, but is not limited to, slapping, pulling hair or punching.
- Threat of abuse includes but is not limited to, threatening to hit, harm or use a weapon on another (whether victim or acquaintance, friend or family member of the victim) or other forms of verbal threat.
• Emotional abuse includes but is not limited to, damage to one’s property, driving recklessly to scare someone, name calling, threatening to hurt one’s family members or pets and humiliating another person.
• Cohabitation occurs when two individuals dwell together in the same place as if married.
• The determination of whether a “dating relationship” existed is to be based upon the following factors: the reporting victim’s statement as to whether such a relationship existed, the length of the relationship, the type of the relationship and the frequency of the interaction between the persons reported to be involved in the relationship.

(e) **Stalking**, which is defined as repeatedly contacting another person when contacting person knows or should know that the contact is unwanted by the other person; and the contact causes the other person reasonable apprehension of imminent physical harm or the contacting person knows or should know that the contact causes substantial impairment of the other person’s ability to perform the activities of daily life.

As used in this definition, the term “contacting” includes, but is not limited to, communicating with (including internet communication via e-mail, instant message, on-line community or any other internet communication) or remaining in the physical presence of the other person.

**Confidentiality**
When a BOR governed college or university receives a report of sexual misconduct all reasonable steps will be taken by the appropriate CSCU officials to preserve the privacy of the reported victim while promptly investigating and responding to the report. While the institution will strive to maintain the confidentiality of personally identifiable student information reported, which information is subject to privacy requirements of the Family Education Rights Privacy Act (FERPA), the institution also must fulfill its duty to protect the campus community.

**Confidential resources** are defined as follows: For the Universities, entities with statutory privilege, which include campus based counseling center, health center and pastoral counseling staff members whose official responsibilities include providing mental health counseling to members of the University community as well as off campus counseling and psychological services, health services providers, member(s) of the clergy, and the local Sexual Assault Crisis Center and Domestic Violence Center. For the Colleges, confidential resources are limited to entities with statutory privilege, such as off campus counseling and psychological services, health services providers, member(s) of the clergy, and the local Sexual Assault Crisis Center and Domestic Violence Center. The personnel of these centers and agencies are bound by state statutes and professional ethics from disclosing information about reports without written releases.

Information provided to a confidential resource by a victim of a sexual misconduct or the person reported to have been the victim of sexual misconduct cannot be disclosed legally to any other person without consent, except under very limited circumstances, such as an imminent threat of danger to self or others or if the reported victim is a minor. Therefore, for those who wish to obtain the fullest legal protections and disclose in full confidentiality, she/he must speak with a confidential resource. Each BOR governed college and university will provide a list of such confidential resources in the College or University’s
geographic region to victims of sexual misconduct as well as publish these resources on-line and in various publications.

Where it is deemed necessary for the institution to take steps to protect the safety of the reported victim and/or other members of the campus community, the institution will seek to act in a manner so as not to compromise the privacy or confidentiality of the reported victim of sexual misconduct to the extent reasonably possible.

**Mandated Reporting by College and University Employees**

Other than confidential resources as defined above, in addition to employees who qualify as Campus Security Authorities under the Jeanne Clery Act, all employees are required to immediately communicate to the institution’s designated recipient (e.g., Title IX Coordinator) any disclosure or report of sexual misconduct received from a student regardless of the age of the reported victim. All employees are also required to communicate to the institution’s designated recipient (e.g., Title IX Coordinator) any disclosure or report of sexual misconduct received from an employee that impacts employment with the institution or is otherwise related to the business of the institution.

Upon receiving a disclosure or a report of sexual misconduct, employees are expected to supportively, compassionately and professionally offer academic and other accommodations and to provide a referral for support and other services.

Further, in accordance with Connecticut State law, with the exception of student employees, any paid administrator, faculty, staff, athletic director, athletic coach or athletic trainer who, in the ordinary course of their employment, has a reasonable cause to suspect or believe that a person under the age of 18 years has been abused or neglected, has been placed in imminent harm or has had a non-accidental injury is required by law and Board policy to report the incident within twelve hours to their immediate supervisor and to the Department of Children and Families.

**Rights of Parties**

Those who report any type of sexual misconduct to any BOR governed college or university employee will be informed in a timely manner of all their rights and options, including the necessary steps and potential outcomes of each option. When choosing a reporting resource the following information should be considered:

The Title IX Coordinator can assist in explaining the student conduct process. The Student Code of Conduct provides an equal, fair, and timely process (informal administrative resolution or a formal adjudication) for reported victims and accused students.

Sanctions may range from a warning to expulsion, depending upon the behavior and its severity of the violation(s). The reported victim shall have the same right to request a review of the decision of any disciplinary proceeding in the same manner and on the same basis as shall the accused student; however, in such cases, if a review by any reported victim is granted, among the other actions that may be taken, the sanction of the disciplinary proceeding may also be increased. The reported victim and the accused student are entitled to be simultaneously provided written notice of any change in the results of any disciplinary proceeding prior to the time when the results become final as well as to be notified when such results become final.

Upon adoption by the Board all CSCU institutions shall, upon receipt, immediately post and maintain this policy at all times in an easily accessible manner on each institution’s website. This policy shall thereafter be annually provided to all Title IX Coordinators, campus law enforcement officers and security personnel, and other campus personnel. Further, this policy shall be presented at student orientation and at student awareness and prevention trainings, and made broadly available at each campus. The policy shall be expanded upon by each institution to provide resources and contact information specific to their institution and geographic area as set forth above.

I. STUDENT CODE OF CONDUCT

PREAMBLE

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well being of society. In line with this purpose, the Board of Regents for Higher Education (“BOR”) in conjunction with the Connecticut State Colleges and Universities (“CSCU”) has the duty to protect the freedoms of inquiry and expression, and furthermore, has the responsibility to encourage all of its members to develop the capacity for critical judgment in their sustained and independent search for truth.

CSCU has certain self-defined institutional values. Principal among these values is respect for the safety, dignity, rights, and individuality of each member of the CSCU Community. The opportunity to live, study, and work in an institution which values diverse intellectual and cultural perspectives and encourages discussion and debate about competing ideas in an atmosphere of civility is a basic component of quality higher education.

All members of CSCU must at all times govern their social and academic interactions with tolerance and mutual respect so that the students who pass through a CSCU door are enriched by these experiences and are
prepared for full and enlightened participation in a multi-cultural society. Because of the BOR’s and CSCU’s commitment to principles of pluralism, mutual respect, and civility, certain activities are not acceptable on CSCU campuses. Acts of intolerance, of hatred or violence based on race, religion, sexual orientation or expression, disability, gender, age, or ethnic background are antithetical to the BOR’s and CSCU's fundamental principles and values. It is the BOR's and CSCU’s responsibility to protect our students' right to learn by establishing an environment of civility.

The disciplinary process is intended to be part of the educational mission of CSCU. Student disciplinary proceedings are not criminal proceedings and are not subject to court rules of procedure and evidence.

INTRODUCTION

This Student Code of Conduct (hereinafter the “Student Code” or “Code”) is intended to present a clear statement of student rights and responsibilities established by the Board of Regents for Higher Education. The BOR has charged the President of the Board of Regents for Higher Education with developing procedures to protect those rights and to address the abdication of responsibilities in collaboration with the four State Universities, the twelve Community Colleges and Charter Oak State College. The Student Code describes the types of acts that are not acceptable in an academic community.

Disclaimer: This Code is neither a contract nor an offer of a contract between any BOR governed institution and any student. The provisions of this Code are subject to revision at any time.

PART A: DEFINITIONS

The following list of defined terms utilized throughout this Student Code is provided in an effort to facilitate a more thorough understanding of the Code. This list is not intended to be a complete list of all the terms referenced in the Student Code that might require interpretation or clarification. PART B: APPLICATION, DISTRIBUTION, AND ADMINISTRATION OF THE STUDENT CODE OF CONDUCT

1. Application of the Student Code: The Student Code shall apply to the four Connecticut State Universities, the twelve Community Colleges, and the on-line college: Central Connecticut State University, Eastern Connecticut State University, Southern Connecticut State University, Western Connecticut State University; Asnuntuck Community College, Capital Community
College, Gateway Community College, Housatonic Community College, Manchester Community College, Middlesex Community College, Naugatuck Valley Community College, Northwestern Connecticut Community College, Norwalk Community College, Quinebaug Valley Community College, Three Rivers Community College, Tunxis Community College, and Charter Oak State College.

An alleged violation of the Student Code shall be addressed in accordance with the Code of Conduct, even if the accused Student has withdrawn from the Institution prior to the completion of the disciplinary procedures.

The Student Code shall apply to Students and to University Student Organizations. The term “student” shall generally apply to the student as an individual and to a Student Organization as a single entity. The officers or leaders of a particular Student Organization usually will be expected to represent the organization during the disciplinary process. Nothing in this Student Code shall preclude holding certain members of a Student Organization accountable for their individual acts committed in the context of or in association with the organization’s alleged violation of this Code.

2. Distribution of the Student Code: The Student Code shall be made readily available electronically and/or in a printed publication to students, faculty and staff. The office responsible for Student Affairs will annually distribute and make available to students, faculty and staff, electronically and/or in a printed publication, any revisions to the Code.

3. Administration of the Student Code: A University’s and Charter Oak State College’s Provost or a Community College’s Dean of Students shall be the person designated by the institution President to be responsible for the administration of the Academic Misconduct portion of the Student Code. A University’s Vice President for Student Affairs, a Community College’s Dean of Students, or Charter Oak State College’s Provost shall be the person designated by the institution President to be responsible for the administration of the Non-Academic Misconduct portion of the Student Code.

PART C: SCOPE OF AUTHORITY

A Student who is found responsible for engaging in conduct that violates the Student Code on any CSCU campus or on property controlled by the BOR or by any CSCU Affiliate or any CSCU sponsored function or event shall be subject to the sanctions described in this Code. The Student Code of Conduct also applies to online activities, where applicable. Students who attempt to engage in conduct that violates this Code, who knowingly encourage, aid or assist another person in engaging in such conduct, or who agree with another person, explicitly or otherwise, to engage in such conduct, may also be subject to disciplinary action.

Off-campus misconduct by University students may be subject to the jurisdiction of the University and addressed through its disciplinary procedures if one of the following conditions is met: (i) a Student engages in prohibited conduct at an official University event, at a University-sanctioned event, or at an event sponsored by a recognized University Student Organization; or (ii) a Student engages in prohibited conduct under such circumstances that reasonable grounds exist for believing that the Accused Student poses a threat to the life, health or safety of any member of the CSCU or to the property of the CSCU.

Community College students conduct is subject to the Code on campus and off-campus whenever such conduct impairs College-related activities or affairs of another member of the College community or creates a risk of harm to a member or members of the College community. Students must be aware that, as citizens, they are subject to all federal and state laws in addition to all CSCU regulations governing student conduct.
and responsibilities. Students do not relinquish their rights nor do they shed their responsibilities as citizens by becoming members of the CSCU Community. However, where a court of law has found a student to have violated the law, an institution has the right to impose the sanctions of this Code even though the conduct does not impair institution-related activities of another member of the university or college community and does not create a risk of harm to the college or university community. The decision to exercise this right will be in the sole discretion of the President of the impacted institution or his/her designee.

Charter Oak State College applies this Code to matriculated and non-matriculated students, including those participating in portfolio assessment, credential evaluation, testing, or contract learning. Jurisdiction shall be limited to student conduct that occurs while students are taking Charter Oak State College courses or availing themselves of Charter Oak State College services. However, if a matriculated Charter Oak State College student is found guilty of student misconduct at another institution, including but not limited to misrepresentation of records from other institutions, the student may be subject to disciplinary action at Charter Oak State College.

PART D: PROHIBITED CONDUCT

The following list of behaviors is intended to represent the types of acts that constitute violations of this Code.

1. Academic misconduct, which includes, but is not limited to, plagiarism and all forms of cheating.
   a. Plagiarism is defined as the submission of work by a student for academic credit as one’s own work of authorship, which contains work of another author without appropriate attribution.
   b. Cheating includes, but is not limited to: (i) use of any unauthorized assistance in taking quizzes, tests or examinations; (ii) use of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems or carrying out other assignments; (iii) the acquisition, without permission, of tests or other academic material belonging to a member of the University faculty or staff; and (iv) engaging in any other behavior specifically prohibited by a faculty member in the course syllabus.

2. Acts of dishonesty, including but not limited to the following:
   a. Misuse of University or College documents, including, but not limited to forging, transferring, altering or otherwise misusing a student fee card, student payroll card, identification card or other College or University identification document, course registration document, schedule card, transcript, or any other institution-issued document or record.
   b. Knowingly furnishing false information to any CCSU Official, faculty member or office.

3. Theft of property or services, or damage to, defacement or destruction of, or tampering with, real or personal property owned by the State of Connecticut, CSCU/BOR, the institution, or any member of the CSCU Community.

4. Actual or threatened physical assault or abuse, threatening behavior, intimidation, or coercion.

5. Sexual misconduct may include engaging in one of more behaviors:
(a) Sexual harassment, which can include any unwelcome sexual advance or request for sexual favors, or any conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s education; submission to or rejection of such conduct by an individual is used as a basis for academic decisions affecting the individual; or such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creating an intimidating, hostile or offensive educational environment. Examples of conduct which may constitute sexual harassment include but are not limited to:

- sexual flirtation, touching, advances or propositions
- verbal abuse of a sexual nature
- pressure to engage in sexual activity
- graphic or suggestive comments about an individual’s dress or appearance
- use of sexually degrading words to describe an individual
- display of sexually suggestive objects, pictures or photographs
- sexual jokes
- stereotypic comments based upon gender
- threats, demands or suggestions that retention of one’s educational status is contingent upon toleration of or acquiescence in sexual advances.

(b) Sexual assault shall include but is not limited to a sexual act directed against another person when that person is not capable of giving consent, which shall mean the voluntary agreement by a person in the possession and exercise of sufficient mental capacity to make a deliberate choice to do something proposed by another.

A person who initially consents to sexual activity shall be deemed not to have consented to any such activity which occurs after that consent is withdrawn. Consent cannot be assumed because there is no physical resistance or other negative response. A lack of consent may result from mental incapacity (e.g., ingestion of alcohol or drugs which significantly impair awareness or judgment) or physical incapacity (e.g., the person is unconscious or otherwise unable to communicate consent). Consent must be affirmative. (See Sexual Misconduct Reporting, Support Services and Processes Policy).

Sexual assault is further defined in sections 53a-70, 53a-70a, 53a-70b, 53a-71, 53a-72a, 53a-72b and 53a-73a of the Connecticut General Statutes.

(c) Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited, and that behavior does not otherwise constitute one of the preceding sexual misconduct offenses. Examples of behavior that could rise to the level of sexual exploitation include:

- Prostitution another person;
  - Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
  - Non-consensual distribution of photos, other images, or information of an individual’s sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
  - Going beyond the bounds of consent (such as letting your friends hide in the closet to watch you having consensual sex);
  - Engaging in non-consensual voyeurism;
114

o Knowingly transmitting an STI, such as HIV to another without disclosing your STI status;
o Exposing one’s genitals in non-consensual circumstances, or inducing another to expose his or her genitals; or
o Possessing, distributing, viewing or forcing others to view illegal pornography.

6. Intimate partner violence is defined as:

• Including intimate partner violence, which is any physical or sexual harm against an individual by a current or former spouse or by a partner in a dating relationship that results from (1) sexual assault, as defined in section 5 above; (2) sexual assault in a spousal or cohabiting relationship; (3) domestic violence; (4) sexual harassment, as defined in section 5 above or, (5) sexual exploitation, as defined in section 5 above.
• Physical abuse, which can include but is not limited to, slapping, pulling hair or punching.
• Threat of abuse, which can include but is not limited to, threatening to hit, harm or use a weapon on another (whether victim or acquaintance, friend or family member of the victim) or other forms of verbal threat.
• Emotional abuse, which can include but is not limited to, damage to one’s property, driving recklessly to scare someone, name calling, threatening to hurt one’s family members or pets and humiliating another person.

7. Violations of privacy, including, but not limited to, voyeurism and the use of web-based, electronic or other devices to make a photographic, audio or video record of any person without his or her express consent, when such a recording is intended or likely to cause injury or distress. This includes, but is not limited to: (i) surreptitiously taking pictures or videos of another person in spaces such as sleeping areas, bathrooms, gymnasiums, locker rooms, and changing areas; and (ii) sexually exploiting another person by electronically recording or permitting others to view or electronically record, consensual sexual activity without a partner’s knowledge or permitting others to view or listen to such video or audio tapes without a partner’s knowledge and consent. Publicizing or threatening to publicize such records will also be considered a violation of this Code.

8. Hazing, which is defined as an act which endangers the mental or physical health or safety of a Student, or which destroys, damages, or removes public or private property for the purpose of initiation or admission into, affiliation with or as a condition for continued membership in a group or organization. The express or implied consent of the victim will not be a defense to an allegation of hazing. Consenting to the activity by remaining silent or not objecting in the presence of hazing is not a neutral act and is also a violation of this Student Code.

9. Stalking, which is defined as repeatedly contacting another person when:

a. The contacting person knows or should know that the contact is unwanted by the other person; and
b. The contact causes the other person reasonable apprehension of imminent physical harm or the contacting person knows or should know that the contact causes substantial impairment of the other person’s ability to perform the activities of daily life.
As used in this definition, the term “contacting” includes, but is not limited to, communicating with (including internet communication via e-mail, instant message, on-line community or any other internet communication) or remaining in the physical presence of the other person.

10. Harassment, which is defined as conduct which is abusive or which interferes with a person’s pursuit of his or her customary or usual affairs, including, but not limited to, such conduct when directed toward an individual or group because of race, ethnicity, ancestry, national origin, religion, gender, sexual orientation or expression, age, physical attribute, or physical or mental disability or disorder, including learning disabilities and mental retardation.

11. Conduct that is disorderly, lewd or indecent (including, but not limited to, public nudity and sexual activity in areas generally open to members of the campus community), breach of peace or aiding, abetting or procuring another person to breach the peace on CSCU premises or at functions sponsored by, or affiliated with the University or College.

12. Behavior or activity, which endangers the health, safety, or well-being of oneself or others.

13. Offensive or disorderly conduct which causes interference, annoyance or alarm or recklessly creates a risk thereof at CSCU or CSCU premises, CSCU web or social media sites, at a CSCU-sponsored activity or in college or university courses, including cyber bullying. This offense does not apply to speech or other forms of constitutionally protected expression.

14. Unauthorized possession, duplication or use of keys (including, but not limited to, card access, card keys, fobs, etc.) to any CSCU premises or forcible and/or unauthorized entry on or into CSCU premises.

15. Starting fires, causing explosions, falsely reporting the presence of fire, bombs, incendiary or explosive devices, or falsely reporting an emergency.

16. Unauthorized or improper possession, use, removal, tampering or disabling of fire and/or safety equipment and warning devices, failure to follow standard fire and/or emergency safety procedures, or interference with firefighting or emergency response equipment or personnel.

17. Use, possession, purchase, sale or distribution of alcoholic beverages, except as expressly permitted by law and CSCU regulations. Alcoholic beverages may not, under any circumstances, be used by, possessed by, or distributed to any person under twenty-one (21) years of age.

18. Use, possession, purchase, sale, distribution or manufacturing of narcotics, controlled substances and/or drugs, including, but not limited to, marijuana and heroin, or drug paraphernalia, except as expressly permitted by law.

19. Use, possession or distribution of firearms, ammunition for firearms, other weapons or dangerous instruments, facsimiles of weapons or firearms, fireworks, explosives or dangerous chemicals. A dangerous instrument is any instrument, article or substance that, under the circumstances in which it is being utilized, is capable of causing death or serious physical injury. The possession of a deadly weapon or dangerous instrument on campus is strictly prohibited, even if such item is legally owned.
20. Gambling, including, but not limited to, promoting, wagering, receiving monies for wagering or gambling for money or property on CSCU premises.

21. Disruption or obstruction of any College or University function, activity or event, whether it occurs on or off the campus, or of any non-University or College function, activity or event, which is authorized by the institution to occur on its premises.

22. Intentional obstruction of the free flow of pedestrian or vehicular traffic on CSCU premises or at University or College-sponsored or supervised functions or interference with entry into or exit from CSCU premises or with the free movement of any person.

23. Failure to comply with the directions of CSCU officials or law enforcement officers acting in the performance of their duties and/or failure to identify oneself to these persons when requested to do so.

24. Conduct that violates published BOR/CSCU policies, rules, and regulations, including, but not limited to, residence hall rules and regulations.

25. Conduct prohibited by any federal, state, and/or local law, regulation or ordinance.

26. Unauthorized use of CSCU property or the property of members of the CSCU Community or of CSCU Affiliates.

27. Theft, unauthorized use, or abuse of University or College computers and/or peripheral systems and networks, including, but not limited to:

   a. Unauthorized access to CSCU computer programs or files;
   b. Unauthorized alteration, transfer or duplication of CSCU computer programs or files;
   c. Unauthorized use of another individual’s identification and/or password;
   d. Deliberate disruption of the operation of CSCU computer systems and networks;

   g. Use of computing facilities and resources to send obscene messages (which are defined as messages which appeal mainly to a prurient, shameful or morbid interest in nudity, sex, excretion, sadism or masochism, go well beyond customary limits of candor in describing or representing such matters, and are utterly without redeeming social value); and
   h. Violation of the BOR Policy Statement on Acceptable and responsible use of Information Technology resources and/or any applicable BOR computer use policy.
28. Abuse of the CSCU conduct and disciplinary system, including but not limited to:

   e. Attempting to discourage an individual’s proper participation in, or use of, the disciplinary system;

   f. Attempting to influence the impartiality of a Disciplinary Officer, Conduct Administrator or member of a Hearing Body prior to, and/or during the course of, the disciplinary proceeding;

   g. Harassment (verbal or physical) and/or intimidation of a Disciplinary Officer, Conduct Administrator, or member of a Hearing Body prior to, and/or during the course of the disciplinary proceeding;

   h. Failure to comply with the sanction(s) imposed under the Student Code; and

   i. Influencing or attempting to influence another person to commit an abuse of the disciplinary system.

PART E: HEARING PROCEDURES FOR SEXUAL MISCONDUCT, SEXUAL INTIMATE PARTNER, DOMESTIC VIOLENCE & STALKING REPORTS

In addition to disciplinary procedures applicable to State University students in Section II, Community College students in Section III, or Charter Oak State College Students in Section IV, for any hearing conducted involving allegations of sexual misconduct, including sexual harassment, sexual assault, sexual exploitation, stalking and intimate partner violence the reported victim and the accused student shall each have the following rights:

1. At any meeting or proceeding, both the reported victim and accused student may be accompanied by an advisor or support person of the student’s choice provided the advisor or support person does not cause a scheduled meeting or hearing to be delayed or postponed and provided an advisor or support person may not directly address the Hearing Body, question witnesses, or otherwise actively participate in the hearing process (or other proceeding or pertaining to a report of sexual misconduct);

2. The reported victim of sexual misconduct is entitled to request that disciplinary proceedings begin promptly;

3. Any hearing regarding an accusation of sexual misconduct shall (i) be fair, prompt and impartial; (ii) be conducted by a Hearing Body annually trained in issues relating to sexual misconduct (iii) use the preponderance of evidence (more likely than not) standard; (iv) shall allow both the accused student and
reported victim the opportunity to present evidence and witnesses on their behalf during any disciplinary proceeding; (v) shall provide both the accused student and the reported victim with equal access to any information that will be used during meetings and hearings; and (vi) invoke the standard of “affirmative consent” in determining whether consent to engage in sexual activity was given by all persons who engaged in sexual activity.

4. In accordance with the Family Educational Rights and Privacy Act (FERPA), the accused student and the reported victim have the right to keep their identities confidential;

5. Any reported victim shall be provided written notice of the decision of the Hearing Body at the same time as the accused student, normally within one (1) business day after the conclusion of the Hearing. In accordance with the Family Educational Rights and Privacy Act (FERPA) the notice to any reported victim of sexual misconduct shall contain only the following: the name of the accused student, the violation committed, if any, and any sanction imposed against the accused student.

6. The reported victim shall have the same right to request a review of the decision of the Hearing Body (appeal rights) in the same manner and on the same basis as shall the accused student; however, if a request for review by a reported victim is determined to be properly made and if the review determines there is sufficient grounds for altering the decision of the Hearing Body, among the other actions that may be taken as set forth above, the sanction of the hearing may also be increased. Notwithstanding the foregoing, in any hearing pertaining to sexual misconduct both the reported victim and the accused student are entitled to be simultaneously provided notice of any change in the results of the hearing prior to the time when the results become final as well as to be notified when such results become final.

PART F: CONDUCT AND DISCIPLINARY RECORDS

The written decision resulting from an administrative conference or a hearing under this Code shall become part of the student’s educational record and shall be subject to the provisions of the Family Educational Rights and Privacy Act (FERPA). A student’s disciplinary record shall be maintained separately from any other academic or official file maintained by the Institution. Disciplinary records will be maintained for a period of five (5) years from the date of the incident, except that the sanction of expulsion shall be noted permanently.

While student education records are generally protected from disclosure by FERPA, there are a number of exceptions to this rule. Students should be aware that a record concerning his/her behavior while a student at the College or University may be shared with other colleges or universities to which the student may subsequently wish to transfer or be admitted. Similarly, prospective employers may require a student to provide access to his/her education records as part of the employment application process. A record of having been sanctioned for conduct that violates Section I.D. of the Code may disqualify a student for admission to another college or university, and may interfere with his/her selection for employment.

PART G: INTERPRETATION AND REVISION

Questions regarding the interpretation of this Code shall be referred to the University’s and Charter Oak State College’s Provost or a Community College’s Dean of Students or their designees for the administration of the Non-Academic Misconduct portion of the Student Code and to the University’s Vice President for Student Affairs, a Community College’s Dean of Academic Affairs or Charter Oak State College’s Provost or their designees for the administration of the Academic Misconduct portion of the Student Code.
This Code shall be reviewed and revised, if and as necessary, every five (5) years, or as directed by the President of the Board of Regents for Higher Education.

II. CONDUCT AND DISCIPLINARY PROCEDURES APPLICABLE TO STATE UNIVERSITY STUDENTS

PART A: DISCIPLINARY PROCEDURES - ACADEMIC MISCONDUCT

Instructor's Role:

1. When the instructor of record or his or her designee believes that an act of academic misconduct has occurred, he or she shall notify the student of the allegation and save any evidence of such misconduct in its original form. (Copies of the Accused Student’s work will be provided to the Student upon request.) In addition, the instructor shall not transmit a final grade to the Registrar until such time as the allegation(s) of academic misconduct are finally determined. Each institution shall establish implementation guidelines in accordance with this Code.

2. Information from Person Other than Student's Instructor: Any member of the CSCU Community may provide information, which might lead to a complaint against a Student alleging academic misconduct.

3. The Academic Misconduct Hearing Board: There shall be an academic misconduct hearing board convened by the University's Disciplinary Officer to consider allegations of academic misconduct lodged against a Student. The University’s disciplinary officer shall be a non-voting member of the board and act as convener.

4. Hearing Process: The Accused Student shall be afforded adequate notice of the allegation, an opportunity to discuss the allegation with the instructor, and adequate time to request and prepare for a hearing. All parties shall have an opportunity to be heard and a record of the proceedings shall be made. The decision of a hearing board shall be communicated in writing.

5. Sanctions: If the academic misconduct hearing board determines that the Accused Student is "Not Responsible," the board shall not impose any sanctions. The board shall so advise the Student’s instructor and the instructor shall reevaluate the student’s course grade in light of the Board’s determination. If the academic misconduct hearing board determines that the Accused Student is "Responsible," the academic sanction set forth in the instructor's course syllabus shall be imposed.

The academic misconduct hearing board may make a recommendation to change the academic sanction imposed by the instructor on the basis of its hearing of the evidence of academic misconduct. (Should the academic sanction not be changed pursuant to this recommendation, the University reserves the right to change the academic sanction.) Upon consideration of the Accused Student's record of misconduct and/or the nature of the offense, the academic misconduct hearing board may impose additional non-academic sanctions in proportion to the severity of the misconduct. These sanctions may include the following: warning, written reprimand, discretionary sanctions, suspension and/or expulsion, as described in II.D of this Student Code of Conduct.

6. Appeals: The decision rendered by the academic misconduct hearing board may be appealed to the Provost/Academic Vice President, who shall review the record of the hearing, including any and all
documents presented to the academic misconduct hearing board. An appeal shall be in writing and shall be delivered to the Provost/Academic Vice President within three (3) calendar days of receipt of the academic misconduct hearing board’s written decision.

7. An appeal may be brought on any of four grounds: (a) a claim that error in the hearing procedure substantially affected the decision; (b) a claim that new evidence or information material to the case was not known at the time of the hearing; (c) a claim that the non-academic sanction(s) imposed were not appropriate for the violation of the Code for which the accused student was found responsible; and/or (d) a claim that the academic sanction imposed has resulted in a palpable injustice. The Provost/Academic Vice President shall have the right to deny an appeal not brought on any of the foregoing grounds. The decision rendered by the Provost/Academic Vice President shall be final and there shall be no further right of appeal.

PART B: DISCIPLINARY PROCEDURES – NONACADEMIC MISCONDUCT

The following procedures shall be followed in addressing allegations of non-academic misconduct.

1. Providing Information leading to a Complaint: Any person may provide information leading to the filing of a complaint against a Student or a Student Organization alleging a violation of the Student Code. A complaint must be made in writing and submitted to the University’s Disciplinary Officer or Conduct Administrator.

2. Disciplinary Proceedings Against a Student Charged with a Violation of Law and a Violation of the Code: University proceedings may be instituted against an Accused Student who has been charged with a violation of state or federal law for conduct which also constitutes a potential violation of this Code (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Student Code may be carried out prior to, simultaneously with, or following the institution of civil or criminal court proceedings against the Accused Student. Determinations made or sanctions imposed under this Student Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of University rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

3. Disciplinary Proceedings Against a Student Charged with Sexual Assault, Sexual, Intimate Partner, Domestic Violence or Other Sex Related Offense: See Section I.E

4. Pre-Hearing Investigation and Administrative Disposition:
   a. The Disciplinary Officer or Conduct Administrator may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the Accused Student and the Disciplinary Officer or Conduct Administrator. Such disposition shall be final and there shall be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent, the Disciplinary Officer or Conduct Administrator may also present the case for the University at any subsequent hearing, but if he or she does, he or she shall not serve as a member of the Hearing Body.
b. The Disciplinary Officer or Conduct Administrator may conduct an investigation to determine if there is reason to believe the student has committed a violation of any part of Section I.D. of the Code and, after considering both the possible violation and the prior conduct record of the student, if the Disciplinary Officer or Conduct Administrator determines that a sanction of less than residential hall separation or suspension or expulsion from the University is appropriate, the Disciplinary Officer or Conduct Administrator shall schedule an administrative conference with the student. The student shall be given reasonable notice of the time and place of the conference. At the administrative conference, the student shall have the opportunity to present information for the Disciplinary Officer’s or Conduct Administrator’s consideration. At the conclusion of the administrative conference, the Disciplinary Officer or Conduct Administrator shall determine whether it is more likely than not that the student has violated the Policy and, if so, impose a sanction less than residential hall separation, or suspension or expulsion from the University. The Disciplinary Officer or Conduct Administrator shall provide the student with a written explanation for the determination. The decision of the Disciplinary Officer or Conduct Administrator shall be final.

5. Hearing Bodies: A Student accused of misconduct has the right to be heard by an impartial Hearing Body. Any concern surrounding the impartiality of the Hearing Body or any member thereof will be referred to the Vice President for Student Affairs or his or her designee, who will review the matter and make a determination. Any Hearing regarding an accusation of sexual assault, sexual misconduct, intimate partner, domestic violence or other sex related offense or intimate partner violence shall be conducted by an impartial Hearing Body trained in issues relating to sexual assault, sexual violence, intimate partner, and domestic violence.

6. Hearing Procedures:

a. Notice of Hearing: Normally, a hearing will be conducted within ten (10) calendar days of the Accused Student being notified of the charges. Notice may be provided to the Accused Student by in-hand delivery, by registered mail, with delivery receipt attached or by certified mail, return receipt requested by University email or by overnight delivery with signature of recipient required. Should the Accused Student refuse to accept in-hand delivery, a written statement of the attempted delivery of the notice signed by the person attempting to make such delivery shall constitute notice. Should the Accused Student refuse to sign for registered or certified mail, the postal document indicating such refusal shall constitute notice.

The notice shall advise the Accused Student of each section of the Student Code alleged to have been violated and, with respect to each such section, a statement of the acts or omissions which are alleged to constitute a violation of the Code, including the approximate time when and the place where such acts or omissions allegedly occurred.

The Accused Student shall be afforded a reasonable period of time to prepare for the hearing, which period of time shall not be less than three (3) Calendar Days. The Accused Student, the Reporting Party and/or any alleged victim may request a delay of the hearing due to extenuating circumstances. Any decision to postpone the hearing shall be made by the Disciplinary Officer or Conduct Administrator or by the Hearing Body, or by the designee of the Vice President for Student Affairs.
b. Hearing: Hearings shall be closed, but the Hearing Body may, in its discretion, admit any person into the hearing room. The Hearing Body shall have the authority to discharge or to remove any person whose presence is deemed unnecessary or obstructive to the proceedings.

The Accused Student, the Reporting Party and any alleged victim shall have the right to be present at all stages of the hearing process except during the private deliberations of the Hearing Body and the presentation of sanctions. In hearings involving more than one Accused Student, the Hearing Body may determine that, in the interest of fairness, separate hearings should be convened.

In any Hearing alleging sexual assault, sexual, intimate partner, domestic violence or other sex related offense, any alleged victim and the Accused Student are entitled to:

1) be accompanied to any meeting or proceeding by an advisor or support person of their choice, provided that the advisor or support person does not cause a scheduled meeting to be delayed or postponed;
2) present evidence and witnesses on their behalf;
3) in accordance with the Family Educational Rights and Privacy Act (FERPA), to have their identities kept confidential.

In addition, the alleged victim of sexual assault, sexual, intimate partner, domestic violence or other sex related offense is entitled to request that disciplinary proceedings begin promptly.

c. Record of Hearing: When expulsion or suspension from the University or residence hall separation is a possibility, the University shall make a recording of the hearing. The recording shall be the property of the University. No other recordings shall be made by any person during the hearing. Upon request, the Accused Student may review the recording in a designated University office in order to prepare for an appeal of the decision rendered by the Hearing Body. Further disclosure of the recording shall be governed by applicable state and federal law.

d. Opportunity to Present a Defense: The Accused Student shall have the full opportunity to present a defense and information, including the testimony of witnesses, in his or her behalf. The Reporting Party and the Accused Student may question the statements of any person who testifies in a manner deemed appropriate by the Hearing Body. The Reporting Party and the Accused Student may make concluding statements regarding the charges made and the information presented during the hearing. The Hearing Body may question the Accused Student and the Reporting Party, any witness presented by the Accused Student or the Reporting Party, and any other witness(e)s the Hearing Body may choose to call to testify.

e. Accused Student Can Choose Whether or Not to Testify in His or Her Own Defense: The Accused Student who is present at the hearing shall be advised by the Hearing Body that he or she is not required to testify, to answer questions, or to make any statement regarding the complaint or the allegations set forth in the complaint. Refusal to do so shall not be considered by the Hearing Body to constitute evidence of responsibility.

f. Non-Appearance of Accused Student at Disciplinary Hearing: If an Accused Student does not appear at a disciplinary hearing, the Hearing Body shall enter a plea of “not responsible” on behalf of such student and the hearing shall proceed in the normal manner of hearing evidence, weighing
facts, and rendering judgment. The failure of an Accused Student to appear at the disciplinary hearing shall not be considered by the Hearing Body to constitute evidence of responsibility.

g. Advisors and Support Persons: The Reporting Party, any alleged victim, and the Accused Student shall each have the right to be accompanied by an Advisor and Support Person. The Advisor and the Support Person should be someone whose schedule allows attendance at the scheduled date and time for the disciplinary hearing because delays will not normally be allowed due to the scheduling conflicts of an Advisor or Support Person.

h. Presentation of Evidence: Only evidence introduced at the hearing itself may be considered by the Hearing Body in determining whether it is more likely than not that the alleged violation was committed by the accused student.

i. Evidence of Prior Convictions or Disciplinary Actions: Evidence of prior criminal convictions or University disciplinary actions may be presented to the Hearing Body only after a determination of responsibility has been made and only for consideration in connection with determining the sanction.

j. Accommodation of Witnesses: The Hearing Body may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Reporting Party, the Accused Student, and/or other witnesses during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the Hearing Body to be appropriate.

k. Written Notice of Decision: The Accused Student shall receive written notice of the decision of the Hearing Body that shall set forth the decision rendered, including a finding of “responsible” or “not responsible,” and the sanctions imposed, if any. The decision of the Hearing Body, as well as the sanction(s) imposed, if any, generally will not be released to third parties without the prior written consent of the Accused Student. However, certain information may be released if and to the extent authorized by state or federal law.

With respect to Hearings alleging sexual assault, sexual, intimate partner, domestic violence or other sex related offense, any alleged victim shall receive written notice of the decision of the Hearing Body at the same time as the Accused Student, normally within one (1) business day after the conclusion of the Hearing.

In accordance with the Family Educational Rights and Privacy Act (FERPA) the notice to any alleged victim of sexual assault, sexual, intimate partner, domestic violence or other sex related offense shall contain only the following: the name of the student, the violation committed and any sanction imposed against the student.

7. Review: An Accused Student may request that the decision of the Hearing Body be reviewed by the Vice President for Student Affairs or his or her designee. A request for review must be made in writing to the Vice President for Student Affairs or his or her designee within three (3) Calendar Days of the Accused Student’s receipt of the written notice of decision. For good cause shown, the Vice President for Student Affairs may extend the three-University Calendar Day limitation on filing a request for a review. An Accused Student may request only one review of each decision rendered by the Hearing Body. A decision reached as a result of an Administrative Disposition may not be reviewed.
a. Grounds for Review: The Accused Student has the right to request a review of the decision of the Hearing Body on the grounds that: (i) the procedures set forth in this Code were not followed and, as a result, the decision was substantially affected; (ii) the sanction(s) imposed were not appropriate for the violation of the Code for which the Accused Student was found responsible; and/or (iii) new information, sufficient to alter the decision, or other relevant facts were not brought out in the original hearing because such information and/or facts were not known to the Accused Student at the time of the original hearing. The review shall be limited to a review of the record except as required to explain the basis of new information.

b. Review Procedures: In order to prepare for the review, the Accused Student may review the recording of the original hearing in a designated University office but will not be permitted to remove the recording from that office or make copies. The review will not be heard by anyone involved in the initial hearing. The review shall be considered and a decision rendered within ten (10) Calendar Days of the filing of the request for review.

c. If a request for review is granted, the matter shall be referred to the original Hearing Body for reconsideration of its original determination or to a newly-constituted Hearing Body for a new hearing, or the sanction imposed may be reduced, as appropriate. If a request is not granted, the matter shall be considered final and binding upon all involved.

d. Status of Student Pending Review: All sanctions imposed by the Hearing Body shall be and continue in effect pending the outcome of a review. Any request to delay the commencement of sanctions pending a review must be made by the Accused Student, in writing, to the Vice President for Student Affairs or his or her designee.

e. With respect only to Hearings related to sexual assault, sexual, intimate partner, domestic violence or other sex offense, the alleged victim shall have the same right to request a review in the same manner and on the same basis as shall the Accused Student as set forth above; however, in such cases, if a review by any alleged victim is granted, among the other actions that may be taken as set forth above, the sanction of the Hearing may also be increased.

Upon review, if the decision or sanction of the disciplinary proceeding is changed, any alleged victim must be notified in writing of the change in decision or sanction at the same time that the Accused Student is notified.

PART C: INTERIM SUSPENSIONS AND RESIDENCE HALL SEPARATIONS

In certain circumstances, the Vice President for Student Affairs, or his or her designee, may impose an interim suspension or residence hall separation on an Accused Student prior to the hearing before the Hearing Body.

1. Basis for Imposition of Interim Suspension or Residence Hall Separation: An interim suspension may be imposed upon an Accused Student only: (i) to ensure the safety and well-being of members of the University Community or preservation of University property; (ii) to ensure the Student’s own physical or emotional safety and well-being; or (iii) if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the University.
A residence hall separation may be imposed if a Student’s continued presence will disrupt the academic and social well-being of the residential community. Residence hall separation is the removal of a student from the University residence hall in which he or she resides. Such separation may include a restriction of access to all or designate University residence halls. During the period of the separation, the removed Student shall not be permitted to enter the designated hall(s) as a guest of another resident.

An interim suspension or residence hall separation is not a sanction and will continue in effect only until such time as a hearing on the alleged violation has been completed.

2. Effect of Interim Suspension or Residence Hall Separation: During the interim suspension or residence hall separation, the removed Student shall be denied access to the residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the Student might otherwise be eligible, as the Vice President for Student Affairs, or his or her designee, may determine to be appropriate.

3. Procedure: The Accused Student shall be notified, either orally or in writing, of the pending imposition of an interim suspension or residence hall separation. Whenever possible prior to the imposition of the interim suspension or suspension, the affected Student will be afforded an opportunity to meet with the Vice President for Student Affairs, or his or her designee. Otherwise, the meeting will be held on the first Calendar Day that the Student is available.

At that meeting, the Accused Student will be advised of his/her reported behavior and be offered the opportunity to provide information upon which the determination may be based whether or not the Student engaged in conduct warranting an interim suspension or residence hall separation.

Any Student placed on an interim suspension will be given an opportunity to appear at an administrative conference or a formal hearing on the misconduct charges lodged against him or her in accordance with II.B.5 of this Code within ten (10) Calendar Days of being placed on such suspension, or as soon as practical after the Accused Student is prepared to participate in such a hearing.

PART D: DISCIPLINARY SANCTIONS

Sanctions which may be imposed for violations of the Student Code are listed below. In determining appropriate sanctions, the Hearing Body may take into consideration any and all prior violations of the Code for which the Accused Student was determined to be responsible. The Hearing Body shall have the authority to defer the imposition of any sanction when deemed appropriate. The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Code, including the completion of all sanctions imposed, if any.

1. Sanctions Which May Be Imposed for Violations of the Code: The following sanctions may be imposed, individually or in various combinations, on any student found to have violated the Student Code, and will be entered into the Student's disciplinary records. Notation of disciplinary sanctions shall be on file only in the appropriate office in the Division of Student Affairs and shall not be released without the written consent of the Student except to appropriate University enforcement personnel, University police, staff and administrators, or as required by law.
a. Warning: A disciplinary warning is a written notice to a Student advising him or her that specific behavior or activity constitutes a violation of the Code and that the repetition of such behavior will likely result in the commencement of more serious disciplinary action by the University.

b. Fine: A sanction involving the imposition of a specified dollar amount due and payable by a specified date.

c. Probation: Disciplinary probation is a designated period of time during which a Student is given the opportunity to modify unacceptable behavior and/or to complete specific assignments in an effort to regain full student privileges within University Community. Disciplinary probation may involve the imposition of certain restrictions and/or conditions upon the Student including, but not limited to, financial restitution, community service, fines, referral for professional services such as counseling, participation in educational programs, parental notification under limited circumstances, and ineligibility to participate in University activities or events. Periodic contact with a designated member of the University Community or non-college professional may be required. If the Student fully complies with the terms and conditions imposed in connection with the disciplinary probation, full student privileges will be restored to the student upon termination of the probationary period. Failure to comply with the terms and conditions of the probation constitutes prohibited conduct that is separate from and in addition to the conduct for which the probation was imposed. A Student accused of violation of probation will be given due notice of the alleged violation and the procedures set forth in this Code shall be followed.

d. Loss of Privileges: Denial of specified privileges for a designated period.

e. Restitution: Compensation for loss, damage to real or personal property. This may take the form of appropriate service and/or monetary or material replacement.

f. Discretionary Sanctions: Work assignments, essays, service to the University, or other related discretionary assignments, referral for professional services such as counseling, participation in educational programs, parental notification under limited circumstances, and ineligibility to participate in University activities or events. Periodic contact with a designated member of the University Community or non-college professional may be required.

g. Residence Hall Warning: A written notice to a Student advising him or her that specific behavior or activity constitutes a violation of the Code and that the repetition of such behavior will likely result in the commencement of more serious disciplinary action by the University.

h. Residence Hall Probation: Residence hall probation is a designated period during which an Accused Student is given the opportunity to modify unacceptable behavior and/or to complete specific assignments in an effort to regain full student privileges within the residence hall in which the Student resides. Residence hall probation may include restrictions and/or conditions on the exercise of residence hall activities and privileges. Periodic contact with a designated member of the residence hall staff or professional may be required. If the Accused Student fully complies with the terms and conditions imposed in connection with the residence hall probation, full residence hall privileges will be restored to the Student upon termination of the probationary period. Failure to comply with the terms and conditions of the probation constitutes prohibited conduct that is separate from and in addition to the conduct for which the probation was imposed. A Student accused of
violation of probation will be given due notice and the procedures set forth in this Code shall be followed.

i. Residence Hall Separation: Separation of the Student from the residence halls for a definite period of time, after which the Student is eligible to return. Conditions for readmission may be specified.

j. Residence Hall Expulsion: Permanent separation of the Student from the residence halls.

k. Suspension: Suspension is temporary disciplinary separation from all universities among CSCU and the denial of all student privileges. Suspension shall be effective on the date that notice of the suspension is provided to the Accused Student, or later, if so stated in the notice, and shall prescribe the date and conditions upon which the Student may petition for readmission to the University. A Student separated from all universities within CSCU by suspension may under the terms of the suspension be excluded from the premises of all CSCU premises when in the judgment of the suspending authority, the Student’s continued presence would constitute a danger to persons or property or a threat to the academic process. Notwithstanding the foregoing, the suspending authority of the suspended Student’s home University or his or her designee may authorize a suspended student who has been excluded from all University premises to enter the premises of the student’s home University for designated purposes.

1. Expulsion: Expulsion is permanent disciplinary separation from all universities within CSCU and the denial of all student privileges. Expulsion shall be effective on the date that notice of expulsion is provided to the Accused Student, or later, if so stated in the notice. A student separated from all universities of CSCU by expulsion may under the terms of the expulsion be excluded from all CSCU Premises when in the judgment of the expelling authority the Student’s presence would constitute a danger to persons or property or a threat to the academic process.

2. Revocation of Admission and/or Degree: Upon the recommendation of the Hearing Body, admission to or a degree awarded from the University may be revoked by the University, acting through its President (or his or her designee) for fraud, misrepresentation, or other violation of University standards in obtaining admission or the degree.

3. Consequences of Failure to Comply with a Duly Assigned Sanction: Failure to comply with sanctions which have been assigned through a formal judicial process may lead to one or more of the following consequences:

   a. Denial of access to certain university services, including, but not limited to housing and parking;

   b. Denial of access to administrative processes, including, but not limited to, course add/drop, pre-registration, registration, and room selection; and/or

   c. Withholding of the privilege of participation in university sponsored activities and/or public ceremonies, or formal disciplinary charges under II.B hereof.

4. Sanctions Which May Be Imposed on Student Organizations

   a. Sanctions: Those sanctions listed in subsections 1.a through f of Section II.D.
b. Loss of recognition: Loss of recognition for a specified period of time results in the loss of privileges, such as the use of university space, access to student activity fee funding, and/or the privilege of functioning as a student organization. Loss of recognition for more than two (2) semesters shall require that an organization reapply for University recognition. Conditions for future recognition may be imposed by the hearing body.

STUDENT SOFTWARE OWNERSHIP AND SOFTWARE DEVELOPMENT POLICY

It shall be the policy of the state system of higher education that the end product of any work done by a student from any of the state’s public colleges or universities to convert, modify, or update state-owned software shall be owned by the state. The software created by a student shall be owned by the state when the following conditions are met: the state, at the inception of the project, informs the student in writing of the state’s intention to use the software; the student creates the software as a part of a course-related activity; the student uses state resources to create the software; and the student shall be paid for creating the software or shall be required to sign an agreement in advance, ensuring that the software is owned by the state. The student shall own any software he or she develops, unless it is covered under the policy statements noted above or is produced under the provisions of a grant or an agreement with an outside funding agent.

WITHDRAWAL FROM THE UNIVERSITY

A full-time student wishing to withdraw from the University must confer with the Office of the Registrar and have the appropriate forms completed and approved by that office no later than twelve weeks after the start of the semester. The Registrar's Office will assist in filing the form necessary for withdrawal.

Withdrawals after this date will be permitted only under extenuating circumstances and will require consultation and approval of the Academic Dean and the Registrar. Re-admission is contingent upon the student's academic standing at the time of re-entry. The student must complete a reactivation form with the Office of Admissions to initiate re-admission.

Re-admission is contingent upon the student's academic standing at the time of re-entry. The student must complete a reactivation form with the Office of Admissions to initiate re-admission. A leave of absence may be requested, for up to two consecutive semesters, at the time of withdrawal so that a student will maintain their status and not have to apply for re-admission.

Our Mission
The Department of Residence Life provides students with housing that enhances the goals of the University. We seek to cultivate residential communities where students are provided the opportunity to develop as leaders and realize each individual’s responsibility to their community. Efforts are directed to the formation of a living-learning atmosphere that embraces diversity, provides opportunities for civic engagement, and promotes the principles of sustainability, while instilling a pride in Central Connecticut State University.

Central Office Staff and Office Location
The following full-time staff members are located in the central office, which is located on the first floor of the Mid-Campus Residence Hall. The operating hours are 8:00 am - 5:00 pm Monday - Friday.

The Director of Residence Life is responsible for the overall administration of the Residence Life Program including managing the departmental budget and strategic planning.

The Associate Director manages the housing assignment and selection process, coordinates all late stay and early returns to campus, and supervises the live-in professional staff members.

The Associate Director manages the Resident Assistant Program and resident education component of the department in addition to supervising the selection and training of new student staff members.

The Residence Life Secretary manages the central office and assists the Associate Director with the housing assignment process.
Residence Halls Staff

Area Coordinators/Resident Directors
The Area Coordinators (AC) and the Resident Directors (RD) are full-time administrators at Central Connecticut State University and live in the residence halls. They are responsible for the residence hall students, activities, and facilities. They advise, counsel and supervise residents individually or as part of a group. It is their responsibility to work with students and Resident Assistants (RA) to create an environment that encourages both social and academic development of the students who live in the halls. Each night an Area Coordinator or Resident Director is on duty for crisis management and intervention.

The professional staff is trained in areas of management, programming, interpersonal relations, and counseling. Additionally, they are responsible for supervising and training Resident Assistants (RAs), desk staff personnel; providing leadership development opportunities, responding to disciplinary actions, and serving as advisors for student organizations. The professional staff reserves the right to meet with you, at any time deemed necessary, during your stay at Central Connecticut State University.

Resident Assistants
Each residence hall is fully staffed by a team of student paraprofessionals better known as Resident Assistants (RAs). RAs are carefully selected and trained to help residents create a community environment conducive to individual and social growth. Each RA strives to empower students to identify needs, determine goals, maintain visibility, provide opportunities for student involvement in the residential community, and assist individual students in realizing and implementing a mature approach to personal conduct. We encourage you to call upon your RA as a resource in gathering information and answering questions about the University.

Student Employment Program
This program gives an opportunity for students to have an “out of the classroom” learning experience through various positions that our department offers throughout the academic year and summer break. Those leadership positions offered are: Sign-in Workers, Main Office Student Staff, Work Crew, and Summer Coordinators.

Campus Living

As a Member of a Community
A high priority at Central is to create a community that enhances your college experience. The Department of Residence Life strives to make your living environment more than a place to sleep. We are committed to providing you with opportunities that will allow you to learn about yourself and others, interact with diverse students, and develop a sense of community. We feel that we share a partnership with other members of the University by providing you with the necessary tools and resources to succeed. Your college experience is one that you should remember for a lifetime. It is our hope that you find living on campus to be filled with opportunities for you to grow personally and professionally.

You should realize that you play an important role in your residence building with regard to the spirit of “community.” We encourage you to form positive relationships with other resident students, such as your roommate(s), suitemates, floor members, Residence Life staff and others. You are not only sharing a bedroom but also a bathroom and common areas. You have the responsibility to live up to the rules and regulations and to work with others in your community to create an atmosphere that promotes studying and social
interaction. We encourage you to ask questions and seek out the Residence Life staff when you have problems or concerns.

**Resident Bill of Rights**
Your enjoyment of your Residence Life experience will depend on the mutual respect and understanding that you demonstrate as a resident. It is important that each student realizes that he/she has basic rights while residing on campus.

**Resident Bill of Rights**
Your enjoyment of your Residence Life experience will depend on the mutual respect and understanding that you demonstrate as a resident. It is important that each student realizes that they have basic rights while residing on campus.

**Basic rights include the following:**
- The right to read and study without interference.
- The right to uninterrupted sleep.
- The right to an equal share of space.
- The right to a safe, healthy and clean environment.
- The right to privacy.
- The right to expect that each person will respect the other’s belongings.

**In order to establish positive relationships in the residence hall, each resident must:**
- Be treated with respect.
- Listen to one another and take comments seriously.
- Be responsible for mistakes.
- Express personal feelings in a manner that does not violate the dignity of others.
- Be able to say “no” without feeling guilty.
- Express preferences without risking ridicule and derision.

**If conflicts arise between you and another resident, follow these guidelines:**
- Keep the problem between you and that resident.
- Talk with the resident about the situation.
- Discuss solutions that you both can live with and write them down.
- Discuss the situation with a Residence Life staff member.

### Getting Involved in the Residential Community

**Inter Residence Council**
The Inter Residence Council (IRC) is the governing body for all residents living on campus. IRC was created in 1972 to allow the residents to have a voice in their halls and on campus. IRC is comprised of five executive board members and a general council, all of whom are students elected by their peers. The IRC Executive Board meets on a weekly basis with advisors to discuss upcoming programs and issues that arise on campus. The Executive Board attends conferences to enhance and support the development of the organization, allowing it to develop and branch out across the northeast and the nation. IRC plans and facilitates programs for the residents on campus. It is the goal of Residence Life to facilitate a wide variety of programs that will peak the interests of all residents on campus.
**Hall Councils**

Each Residence Hall is governed by a Hall Council, which is open to every resident. Hall Councils organize building and area social programs, assist in determining building allocations, and manage a budget for all hall activities. Hall Council positions may include a President, Vice President, Treasurer, Secretary, Public Relations, Floor Representatives and Committee Representatives. The Executive Board works with the Residence Hall Director/Area Coordinator and the Senior Resident Assistant to run effective meetings and to enhance your residence life experience.

**Living-Learning Communities**

We offer a twist on the traditional on-campus living experience. Consider a Living Learning Community or LLC for short. These communities are developed around a theme. Students who share a common interest or academic focus live on the same floor of a residence hall. In some cases, entire halls are devoted to a theme, for example, Sam May Hall is dedicated to our Fitness & Wellness LLC and Seth North is a First Year Residence Hall.

**Dean's Cup**

In 1986, Dr. Rob Ariostos started a competitive tradition between all of the Residence Halls during the academic year called the “Dean’s Cup.” Today’s residents still look forward to these types of competitions each semester in anticipation of winning the Dean’s Cup Trophy. Dr. Ariostos said “The goal was to build as much pride and spirit for residents as possible and get as many people involved in these activities.” The Dean’s Cup is a much-anticipated tradition each semester.

**Recycling & Energy Conservation**

The Department of Residence Life encourages students to reduce, reuse and recycle any of their personal items. Each Residence Hall has different bins for students to use for their recyclables. The gray top bin is for waste such as food waste and non-recyclables. The blue top bin is for recycling any type of paper, newspapers, magazines, cardboard or posters. The green top bin is used for recycling any type of bottle, including glass or plastic, alumni cans and gallon jugs. The blue bins used to recycle any size or type batteries. The green bins used to recycle any type of electronics including items operated by battery. The yellow bin is used for chemical waste such as flammables, corrosives, aerosol cans, nail polish and cleaners. Hydration stations are available in the Residence Halls. Conserving energy is an easy way to protect the environment and keep energy costs under control. Below are a few tips on how to go about it:

- Turn off your electrical devices when no longer needed.
- Turn off your lights when room is unoccupied.
- Utilize the recycling bins within your Residence Hall to dispose of batteries, electronics and chemical waste.
- Separate paper, glass, aluminum and plastic from your waste bins.
- Only print what you need.
- Use a Nalgene bottle instead of disposable water bottles.
- Grab only the food you can eat.
- Trade in books you no longer use & donate unused clothing to an organization.
- Purchase items made from recycled materials.

Multiple on campus events are held throughout the academic year.

**Damage Billing**

**Individual Rooms**

- Prior to a student moving into their room, the Residence Life staff completes a thorough inspection of each room and records its condition on the Room Condition Form.
- When a student moves into their room, the student should review the Room Condition Form and make additions that may have been overlooked by the Residence Life staff.
- After a student has checked out with a Residence Life staff member, and moved out of their room, the Area Coordinator/Resident Director will compare the move-in condition of the room, as noted on the
Room Condition Form, to the move out condition of the room. Any damage noticed after move-out that was not mentioned on the Room Condition Form at move-in, will be considered damage and may result in a damage bill. RAs do not determine the condition of the room; they simply check the resident out and make sure that the Room Condition Form has been completed and signed. Being checked out by a RA does not mean that a student will not receive any room or hall damage charges.

- Students will be notified via e-mail sent to their CCSU account or may check MyHousing to see the damage charges. The e-mail will include the damage the student is being billed, along with the process for appealing the damage, if it is believed they were billed in error.
  - All appeals must be submitted by e-mail, by the posted deadline, in order to be considered.
  - Students will be notified by e-mail if the appeal was granted, or if the charges will remain on their account.
  - Students may only appeal a damage bill that occurred in their room/suite. Damage that occurred in common areas (i.e., hallways, floor bathrooms, lounges, kitchens, and computer labs) may not be appealed.

- Due to the volume of damage billing done at the end of each semester and the time necessary to receive price quotes from Facilities Department, it may take several weeks after the close of the semester for the damage bills to appear on each student’s account.

Common Area Damage
When damage/vandalism occurs or excessive cleaning is needed in the residence hall common areas (i.e., lounges, kitchens, hallways, bathrooms) the Residence Life staff members will conduct an investigation to determine the responsible individual(s) involved who will be responsible for paying the repair costs. If the individual(s) responsible cannot be determined by the Area Coordinator/Resident Director of the building, the Area Coordinator/Resident Director will bill students living on a section of a floor, the entire floor, or the entire residence hall. In turn, students will be notified by e-mail that they have been billed for common area damage. Common area damage bills cannot be appealed.

Housing Refund Policy
- The $250.00 Housing Deposit is non-refundable.
- No refunds will be given to students removed from on-campus housing due to disciplinary sanctions for violation of policies.
- Any student wishing to withdraw from the meal plan must indicate this on the Residence Hall Withdrawal Form.
- The meal portion fee is refundable, on a prorated basis, upon withdrawal from the University; or upon withdrawal from University housing at the request of the student and contingent upon the concurrence of the University. The discretionary cash component of the food service fee, if any, will be refunded according to procedures established at each University.
**Students who withdraw from the University:**

- Upon withdrawal from the University, up to and including the first day of University-wide classes as defined by the published University calendar, 100% of the balance paid less the housing deposit will be refunded.
- 90% of the balance, less the housing deposit, will be refunded during the first week of University-wide classes.
- 60% of the balance, less the housing deposit, will be refunded during the second week of University-wide classes.
- 40% of the balance, less the housing deposit, will be refunded during the third and fourth weeks of University-wide classes.
- No refund after the fourth week of University-wide classes.

**Students who remain enrolled but withdraw from University Housing:**

- Upon withdrawal from university housing up to and including June 30th, 100% housing charges, less the housing deposit, will be removed from the student’s account.
- No refunds for students who withdraw from university housing on or after July 1 (academic year) or December 1 (spring term for those students who planned to enter housing for the first time in spring), unless otherwise approved.

**Housing Contract Cancellation**

I. Students who wish to cancel their Housing Contract/Assignment must do so in writing by adhering to the Housing Withdrawal process for their respective University.

II. Students who request to cancel their Housing Contract/Assignment will automatically be released for the following reasons:

- The student is participating in an internship, co-op, study abroad, student teaching, or other academic obligation that reduces or eliminates their need for on-campus housing.
- The student has medical reasons for cancellation that are verified by University Health Service Staff.
- The student has graduated from the University before the end of the contract period.
- The student is academically suspended before the end of the contract period.
- The student has officially withdrawn from the University.

III. Students who request a Housing Contract Cancellation for reasons other than those noted in section II will have their Housing Cancellation request reviewed through a process to be established by each University.

IV. Students who are approved to have their Housing Contract cancelled for reasons other than those noted in section II, will forfeit the Housing Deposit that they have paid if their cancellation is before or during their initial contracted term of occupancy.

V. Students who are not approved to have their Housing Contract cancelled shall remain responsible for the fees associated with the duration of their Housing Contract and retain the right to occupy their assigned room.

VI. Students who have their Housing Contract cancelled for the convenience of the university will not be required to pay any housing fee associated with the contract period.
VII. Students who have their Housing Contract cancelled for judicial/disciplinary reasons will be responsible for paying for the duration of the semester in which their contract was cancelled and are not entitled to a refund.

**Housing Contract Cancellation Review Process:**

A. The Vice President for Student Affairs (or Vice President to whom Residence Life reports) at each university will establish a process to review and decide upon student requests to cancel their housing contract when the student does not meet any of the conditions identified in section II above and the student requests relief from their obligation to pay the full academic-year housing fee.

B. Under the process, each university may define conditions under which it will waive or refund any portion of the housing fee, with the exception of the housing deposit. In cases where the Committee agrees to cancel the housing contract during the fall term (or first term of occupancy), the student forfeits their housing deposit.

*An Annual Housing Contract Cancellation form must be submitted when cancelling your housing. This form can be faxed to the Residence Life Office at (860) 832-1659. ALMA MATER

Let us praise her glorious name,
Alma Mater, blue and white.
Gather round the sacred flame,
of Alma Mater’s nurt’ring light.

Though we wander from her side,
In our hearts she’ll e’er abide.
Let her sons and daughters sing
Of Alma Mater triumphing.
