The Veterans History Project office located here at CCSU is sponsoring and coordinating with Rocky Hill High School to plan the annual Military Veterans Remembrance Day event scheduled for 14 November 2013.

As we have done in previous years, we ask for our military veteran friends to support this event. If you would be willing to speak to a class of high school age students for about 45-60 minutes please contact us using the contact information posted below.

We ask that you speak with the students about your military experiences and generally what life in the military service was like for you. Be prepared to answer questions the students may ask. If you have any questions or seek clarification please call the Veterans History Project office or e-mail using the contact information below.

We look forward to another fun and rewarding day visiting and sharing with the outstanding students of Rocky Hill High School.

To participate, contact;
Buckley W. Morgan II
