Graduate Studies Committee Report to SENATE December, 2016

1. Graduate Studies Policy Changes, Fall 2016

a. Grade Appeals Policy

Non-Graded Appeals

A formalized process for appealing non-graded, performance-based assessments, such as comprehensive examinations, degree candidacy, etc., has been established by the Graduate Studies Committee. Similar to grade appeals, a student who believes that an error or a palpable injustice has occurred should first confer with the department to which the appeal is directed. If the outcome is not satisfactory, further appeal shall be to the dean of the appropriate academic school. If no settlement can be effected, the student should bring the appeal to the Standing Appeals Committee of the Graduate Studies Committee. (Contact may be made through the dean of the School of Graduate Studies, 102 Barnard Hall.) The Graduate Appeals Committee will meet as a group to determine whether there is merit to an appeal of a non-graded, performance-based assessment by reviewing documents and records that are presented with the appeal. If the Appeals Committee believes that additional information is needed, the committee will request clarification from the department and/or student. The Committee's determination will be based on whether the student was denied due process. The Appeals Committee will render its decision in writing by notifying the graduate student and copying the dean, School of Graduate Studies. Decisions of the Appeals Committee cannot be appealed.

b. Conditional Admission GPA

(http://www.ccsu.edu/grad/admission/conditional.html)

Conditional Admission

An applicant for a Master Program who does not meet undergraduate or graduate GPA standards for regular admission standards but has an undergraduate GPA between 2.40 and 2.69 (some programs require between a 2.70 and 3.00) but has an undergraduate GPA of at least 2.40 (some programs require a minimum 2.70) may be considered for conditional admission when the department of application has agreed in advance to make this option available to prospective students. The conditional admission program is an arrangement that allows students to demonstrate the ability to perform successfully in a graduate degree program. The conditional admission plan is available only in a limited number of fields by departmental agreement and does not apply to teacher certification areas. Students admitted conditionally, where appropriate, are notified of pre-admission requirements.

2. Department Policy Changes

a. Admission Requirements for the MA in Biomolecular Sciences

Changes to the admissions requirements
(http://ccsu.smartcatalogiq.com/en/current/Undergraduate-Graduate-Catalog/Masters-Degree-Programs/Biomolecular-Sciences-M-A)

Admission Requirements:

Applicants must hold a bachelor's degree from a regionally accredited institution of higher education. Applicants must also have a minimum undergraduate GPA of 2.70 on a 4.00 point scale (where A is 4.00), or its equivalent, and good standing (3.00 GPA) in all post-baccalaureate course work. Applicants should follow the procedures of the Graduate Recruitment and Admissions Office described at http://www.ccsu.edu/grad/. Applicants who do not meet the GPA standards may be considered for Conditional Admission; see http://www.ccsu.edu/grad/admission/conditional.html for more information.

The application process begins with the submission of an application for admission to graduate study, as well as official transcripts from all institutions where graduate or undergraduate work has been done, to the Graduate Recruitment and Admissions Office (860-832-2350). Applicants should follow the procedures of the Graduate Recruitment and Admissions Office described at http://www.ccsu.edu/grad/.

Additional Materials Required:
Applicants should submit a narrative statement describing their academic goals directly to the Chair of the Department of Biomolecular Sciences. These materials will be reviewed by the Department Graduate Committee, and students who are accepted will be assigned a program committee that will work with each student to develop a planned program of academic study.

Graduate Record Examination (GRE) scores for the aptitude and advanced biology tests are optional, but, if available, these should also be submitted to the academic department. Applicants must also submit a narrative statement (about 500 words) describing their academic and career goals, and their reasons for entering this graduate program, directly to the Chair of the Department of Biomolecular Sciences.

(Passed GSC 8/29/2016)

b. Admission Requirements for the Official Certificate Program in Pre-Health Studies

Changes to the admissions requirements

Admission Requirements
Students must have completed a bachelor's degree to participate in the program. Potential students should contact the Graduate Admissions Office to request an application packet. The application requires that official transcripts be sent from all colleges and universities attended and an essay describing why the student is interested in the program. Completed applications should be sent through the Graduate Admissions Office. The Pre-PAC chair will schedule an interview with the applicant, during which an advisory committee (including the Chief Health Professions Advisor) will work with the candidate to develop an individualized planned program of study in keeping with his or her academic background and professional goals.

Applicants must hold a bachelor's degree from a regionally accredited institution of higher education. Applicants must also have a minimum undergraduate GPA of 2.70 on a 4.00 point scale (where A is 4.00), or its equivalent, and good standing (3.00 GPA) in all post-baccalaureate course work. Applicants should follow the procedures of the Graduate Recruitment and Admissions Office described at http://www.ccsu.edu/grad/. Applicants who do not meet the GPA standards may be considered for Conditional Admission; see http://www.ccsu.edu/grad/admission/conditional.html for more information.

Additional Materials Required:
Applicants must also submit a narrative statement (about 500 words) describing their academic and career goals, and their reasons for entering this post-baccalaureate program, directly to the Program Coordinator (Michael Davis, davism@ccsu.edu).

Applications must be received by the priority deadline of November 1 but no later than December 1 for students wishing both to begin classes in the spring and continue into the summer to be considered for financial aid as matriculated students. However, students may begin the program in any semester and applications will be accepted throughout the year within the graduate admission deadlines of July 1 and December 1. For Fall matriculation, applications should be received by the priority deadline of April 1, but must be received by the University deadline. For Spring matriculation, applications should be received by the priority deadline of October 1, but must be received by the University deadline. Note that applications completed by the priority deadlines can lead to admission before the early course registration period; this can give newly admitted students significant advantages in enrolling in high-demand undergraduate courses.

Post-baccalaureate certificate students are classified as graduate students; they may be either part-time or full-time and may qualify for financial aid. Only students matriculated as full-time may take nine or more credits a semester. Part-time and nonmatriculated students are limited to less than nine credits/semester.

English Proficiency Form

Master's in TESOL Program, English Department, Central Connecticut State University

To the Applicant: This form is required by the faculty in the TESOL/Linguistics program at CCSU for admission to the Master's in TESOL program. It will help you provide evidence that your English proficiency level is sufficient to enter this English teacher training (TESOL) program. Your responses will be used only by the TESOL faculty at CCSU and only to help determine your proficiency in Standard English and will not be used or published in any other way. Based on our policy and this form, you may be required to take and pass with a score of at least 79 the TOEFL IBT Exam, even if the broader university admissions policy does not require this.

Name: ___________________________  Semester Applying for Admission: ___________________________

Starting with question 1, CIRCLE either YES or NO and follow the instructions for your response.

1) Was English the primary language of instruction and of the daily functioning of the university or college where you completed your Bachelor's degree (or equivalent) or where you completed a subsequent graduate degree (Master's, etc.)?
   • If YES, then do not move on to question 2. The TESOL Program does not require you to take the TOEFL IBT. Please write the name of the English-medium institution here: __________________________________________________________________________
   • If NO, then move on to question 2...

2) Was English the primary language of instruction and of the daily functioning of the secondary school (high school, lyceum, etc) that you graduated from?
   • If YES, then do not move on to question 3. The TESOL Program does not require you to take the TOEFL IBT. Please write the name and location of the high school from which you graduated: __________________________________________________________________________
   • If NO, then move on to questions 3...

3) Do you consider English to be your dominant native language, the main language you have used since your early childhood?
   • If YES, then you might still be required to take the TOEFL IBT. Please provide here a brief explanation of how you have developed your academic skills in English despite not completing high school or college in English:

   __________________________________________________________________________

   • If NO, then you need to submit an official report with a score of 79 or higher on the TOEFL IBT. This exam is given regularly throughout the world and evaluates all four skills (reading, listening, speaking, and writing). Substitution of other tests, such as regular TOEFL or IELTS, is not possible. Official test results must be sent to the Graduate Recruitment and Admissions Office at CCSU from ETS, which administers the TOEFL IBT.
