A. Changes to Admissions Policies for the Department of Counseling and Family Therapy

Revision to Admissions Process for the MS program in Marriage and Family Therapy.

Admission to the Master’s program in Marriage and Family Therapy is made on a competitive basis.

Admission for the Evening Track occurs two times per year (Fall and Spring). All applications must be completed and received by May 1 for Fall admission of the following academic year (April 1st priority admission) and by November 1 for admission for the following Spring semester. Approximately twenty (20) students are accepted per each academic semester (Fall and Spring).

Pending approval, admissions for the Weekend Track will occur once per year in the summer. All applications must be completed and received by March 1 for admission for the following summer semester. Approximately twenty (20) students are accepted for the cohort beginning the following summer.

The decision to admit a student into pre-candidacy status for the MFT program is based on the candidate’s cumulative grade point average (GPA), recommendations by persons able to judge the candidate’s aptitude for success in the profession, and a personal statement as to the candidate’s personal background and motivation for entering the MFT field (see below).
The admission standard for this program requires a minimum of **2.70** combined undergraduate and previous graduate GPA (of at least a 3.00 for graduate work) based on a 4.00 point scale where A is 4.00. Students with grade point averages between 2.40 and 2.69 may appeal their denials for admission. Conditional admission may be considered on a space-available basis. All students who are accepted into the department are initially granted pre-candidacy status and are assigned an academic advisor. The advisor will orient the student regarding prerequisites, course scheduling, potential course transfers and substitutions, and the planned program of study. Pre-candidacy status allows the student to begin taking classes (see below).

To qualify for Degree Candidacy, students must complete the prerequisite courses (CNSL 500, CNSL 501, and MFT 505 or PSY 512) and MFT 541, achieving a grade of B or better in each course and receive favorable ratings on the "Attitudes and Attributes" scale by instructors for CNSL 501 and MFT 541. On fulfillment of these requirements, students meet with their advisors to complete their Planned Programs of Study and the Application for Degree Candidacy. These documents are submitted to the Dean of the School of Graduate Studies for final approval and acceptance into the program as Degree Candidates. Any Student who does not meet the criteria for degree candidacy (as specified above) is not permitted to continue in the program and will receive a dismissal letter.

Once admitted into pre-candidacy, students may enroll as full-time or part-time students. Full-time students take a minimum of 9 credits during fall and spring semesters, follow a prescribed program schedule, may attend during the summer, and complete the program in 3 years. Part-time students may take 3 or 6 credits per semester (including summers) and must complete the program within a 6-year period. Their program of study is arranged with their advisor. Students may shift between full-time and part-time status as individually determined between the student and his or her advisor. Typically, students are enrolled part-time during their internship (3rd year), and are eligible for consideration for part-time equivalency if they are only taking a practicum or internship field placement course.

**Candidates for initial admission will be selected on the basis of the following criteria:**

1. **Grade point average:** Minimum **2.70** grade point average (GPA) based on a 4.00 point scale where A is 4.00

2. **Three recommendations** from individuals able to attest to the student's suitability as a prospective Marriage and Family Therapist

3. **Personal essay** regarding the applicant’s motivation and readiness to pursue a degree in Marriage and Family Therapy. Candidates must respond to the following questions (three to five pages maximum, double-spaced):

   a. Personal and professional experiences and reasons that influenced you to pursue the field of Marriage and Family Therapy.

   b. Personal characteristics you believe will contribute to your success as a Marriage and Family Therapist.
c. Please express your view regarding the importance of your engaging in a personal therapy experience as part of becoming a marriage and family therapist.

*d. Pending approval, if applying for the Weekend Track:* A statement that explains your reasons for opting for the Weekend Track and your ability to commit to a weekend-based cohort program.

**New Business**  
1. **Admissions** Intern Lisa Wisniewski reported the following related to the goals established for 2012-2013 by GSC:  
   a) Connecticut Department of Labor streamlined the approval of Trade Adjustments (TAA), which helps students pay for tuition so that they may obtain a new career after their employment was terminated. Admissions is looking for a point person in each department to help students acquire the appropriate signatures and mentor students through the application process. If interested, please contact Pat Gardner.  
   b) Recruitment efforts this past year:  
      - On campus information sessions for graduate studies were held in residence halls
More out of state efforts were made this year due to funding and higher availability of off campus housing, including Westfield State University, Marist College, Mount Saint Mary, Purchase College.

- Local recruitment venues included CT Women’s Expo, Urban League of Greater Hartford
- Other CCSU program collaborations included the Minority Advancement in Psychology Program, CASE Career Week, New England Conference on Multicultural Education, and the CCSU Career Fair.
- Future initiatives: Westfield State Fair, Idealist Fair in Boston, Biomedical Fair.

2. New goals as suggested by faculty at Graduate Forum for 2013-2014
   a) Explore how alternative program delivery models may be effectively incorporated by programs (e.g. online, hybrid, Saturday/weekend, intensive, cohort etc.).
   b) Understand who the competitors may be to the graduate programs offered at CCSU by exploring programs offered at other universities and determine how our programs may be improved and expanded.

3. Review of GSC recommendations for new Dean discussed at Forum
   a) The Graduate School currently functions quite well based on clearly written procedures and policies.
   b) Continue to work collaboratively with departments to help increase the numbers and quality of graduate students.
   c) The Dean needs to be accessible to faculty and students.
   d) GSC needs to continue to play a significant role in the graduate school governance.
   e) The Dean needs to be cognizant of NEASC and BOR accreditation regulations as they pertain to proposals for new programs and changes to existing programs.
   f) Continue to identify funding to support student scholarship, student research and new programs.

Meeting Adjourned at 4:39 PM.
