Transfer Credit Evaluation

The evaluation of official transcripts is done after a student has been accepted. This Transfer Credit Evaluation will convert other systems to semester hours and indicate the number of previously earned credits that are acceptable for transfer to Central Connecticut State University. In general, credits from other regionally accredited colleges and universities will transfer, provided that the courses are similar in scope and content to those offered for credit at CCSU and a grade of “C-” or better was earned in the course. Specific questions concerning transfer evaluations should be directed to the Office of Admissions. Please note, regardless of the number of credits transferred, a student must complete a minimum of 45 credits at CCSU in order to earn the University’s bachelor's degree (see Academic Standards and Regulations: Residence Requirements for Degree). Students currently enrolled in another college should have their official final transcripts submitted to the Office of Admissions after their grades have been posted so that their evaluation can be updated. Failure to indicate completed coursework and to provide official transcript thereof may result in CCSU refusal to award transfer credit. Transferring students are responsible for submitting course descriptions, if requested.

• Credit by Examination: A student may earn up to 30 credits at CCSU by examination. Departmentally approved Subject Examinations from the College Level Examination Program (CLEP) of the College Board, or from any other nationally recognized standardized examination program, will be recognized by CCSU. Official results of such examinations should be submitted for consideration.
• Credit for Armed Forces: Credit may also be awarded for military service schools and/or United States Armed Forces Institute (USAIF) credit courses (taken after 1945) if validated by a certified USAIF Center. Official documents should be submitted for consideration.

• Evaluation of Work Done Outside the United States: Credit may be awarded for work completed at institutions outside the United States. Students are responsible for submitting international transcripts to an evaluating agency recognized by the National Association of Credential Evaluation Services (NACES; www.NACES.org). After the Office of Admissions has received the agency’s evaluation, it will assess the agency’s recommendations to determine accreditation and transferability of credit. A minimum grade of “C-” must be earned for a course to transfer. For more information on NACES-recommended agencies, contact the Office of Admissions.

Re-Entry Admissions
A student who was formerly matriculated at Central Connecticut State University and subsequently withdrew voluntarily, or at the request of the University, must request reactivation of his or her former file when seeking readmission to the University. A Reactivation Request form may be obtained from the Office of Admissions, the Enrollment Center, or online at www.ccsu.edu/admission/adminapp.htm. The student must be in good academic standing at CCSU, as outlined in this catalog, or the student must have been granted reinstatement on probation by the dean of the school the student is attempting to re-enter. Students on academic dismissal who are seeking reinstatement as a matriculated student should begin the process by meeting with a counselor from the Office of Admissions. Normally a student must wait at least one semester before being considered for reinstatement.

For requirements concerning a previously declared major or minor that is no longer offered at the University, a similar choice may be available except for requirements and curriculum changes mandated by outside accrediting and certifying agencies. Additional course work may also be required by the department or area offering the major or minor as evidence of current knowledge of the discipline. Re-entering students should consult with the department chair or a designated advisor within their major to discuss such choices and changes.

Fresh Start Policy
At the discretion of the Vice President for Academic Affairs or designee, a student whose college career has been interrupted three years or more may be considered for a “Fresh Start.” Under this option, the Office of the Registrar initiates a new GPA for the student, beginning with his or her second matriculation, and uses this new figure for graduation purposes. Each case is decided on its own merits, and each decision has advantages and disadvantages. Students returning to the University for full- or part-time study after a long interval should consult the Office of Admissions.

Guidelines for the Fresh Start Program are:

• At least three academic years shall have intervened between the exit from and re-entry to CCSU.
• The student shall not have attempted more than 60 credits at CCSU.
• The student’s record will be treated like those of a transfer student.
• During the first semester back at CCSU, the student shall be restricted to 16 credits or less.
• Graduation requirements shall be those listed in the catalog at the time of re-entry.
• The option can be used only once.

Veterans/Reservists/National Guard
Upon acceptance to Central Connecticut State University, veterans should register with the Office of Veterans Affairs to apply for V.A. educational benefits. The coordinator is located in Willard Hall, Room 133 (860-832-2838). Eligibility, in some instances, depends on whether contributions were made to an educational plan while on active duty.

A copy of the DD Form 214 (separation papers — copy number 4) should be submitted to the Office of Veterans Affairs if applying for the tuition waiver. National Guard members apply every semester for the tuition waiver through their Guard unit.

Medical Exam
All full-time students and international students are required to submit a University Health Form, which includes a medical history, current immunization record and physical examination form signed by a physician. Additionally, if the student is under 18, the parent or guardian must sign for permission for medical treatment. All part-time matriculated students are required to submit the necessary immunization requirements in keeping with the policy of the State of Connecticut Department of Public Health. Full-time, part-time, exchange, and “IELP” international students are required to submit a completed University Health Form.

The completed health form must be returned to University Health Service one week prior to registration at the University.

Failure to submit the required medical information may result in the withholding of registration schedules, grades or housing assignments until the obligations have been met. The health form is available in the University Health Service, Marcus White Annex (860-832-1925) or online at www.ccsu.edu/healthservice.
