ORDER TO REPORT FOR INDUCTION

The President of the United States,

To Leo Liberman

Order No. 713,778

GREETING:

Having submitted yourself to a local board composed of your neighbors for the purpose of determining your availability for training and service in the armed forces of the United States, you are hereby notified that you have now been selected for training and service in the Land or Naval Forces.

You will, therefore, report to the local board named above at 7 A.M., on the 18th day of MAR, 1943.

This local board will furnish transportation to an induction station of the service for which you have been selected. You will there be examined, and, if accepted for training and service, you will then be inducted into the stated branch of the service.

Persons reporting to the induction station in some instances may be rejected for physical or other reasons. It is well to keep this in mind in arranging your affairs, to prevent any undue hardship if you are rejected at the induction station. If you are employed, you should advise your employer of this notice and of the possibility that you may not be accepted at the induction station. Your employer can then be prepared to replace you if you are accepted, or to continue your employment if you are rejected.

Wilful failure to report promptly to this local board at the hour and on the day named in this notice is a violation of the Selective Service Act of 1940, as amended, and subjects the violator to fine and imprisonment.

If you are so far removed from your own local board that reporting in compliance with this order will be a serious hardship and you desire to report to a local board in the area of which you are now located, so immediately notify the local board and make written request for transfer of your delivery for induction, taking this order with you.

Dear Mrs. Liberman

It is a pleasure to inform you that Private Leo Liberman has arrived safely at Fort Leonard Wood, Missouri, and has been assigned to this company.

Fort Leonard Wood is in the heart of the Ozark region of southern Missouri, about 35 miles west of Rolla, and can be reached by U.S. highway No. 66, and State Highway No. 27, or by bus from Rolla, Lebanon or Springfield.

The barracks are of the new frame cantonment construction, amply lighted and heated, with full bathroom facilities. Each company has its own mess hall and kitchen where all men receive three hot meals daily, prepared by experienced cooks under competent supervision.

Athletic equipment is provided for the men and no effort is spared to promote their health and general well-being. Other recreational activities include movie theaters, dances, free shows—both professional and of post personnel—library facilities, and planned trips to St. Louis and other cities. Medical infirmaries and a large staff of medical personnel are available to provide the best of medical care and to protect the health of the command.

Religious services, Catholic, Protestant and Jewish, are conducted each Sunday, and a Chaplain is available to every man for assistance in personal problems.

Conveniently located Post Exchanges offer refreshments and sundries at prices substantially lower than those in surrounding areas. Laundry, tailer and barber facilities are also provided at nominal cost.

This soldier will be stationed here for a period of basic training as an engineer-soldier. Subjects such as rifle marksmanship, general training, physical conditioning, and other preparation for his life as a soldier will occupy the greater part of his time. At the end of this period he will be sent to join some engineer unit to continue his training upon more specific lines.

May I suggest that you write to him at frequent intervals. This will help strengthen the bonds that now connect him with his home, and will help him to overcome any sense of homesickness he may feel. A subscription to his local newspaper may also be of benefit. His mail should be addressed as follows:

Mr. and Mrs. Jacob I. Liberman
55 Medford Street
Springfield, Mass.

Dear Mr. and Mrs. Liberman

Leo Liberman is now assigned to duty at this College as an Army student in Basic Engineering. I am pleased to have your boy with us in this, the oldest Military College in America except West Point. I feel that here he is assured of dual training that can be obtained in very few educational institutions. For the purposes of war, we are fitting him as a soldier to render efficient service to his country under a system that has produced leaders for more than a century. For the purposes of peace, we are educating him under a fine faculty to take his place as a citizen in the maintenance of American life and in the rehabilitation of a war-torn world.

His health, welfare, recreation and personal needs have our most careful attention and you may feel free from worry for him while he is here. We are proud of our traditions and of the sound sense of moral values that we inculcate to guide our graduates in life. We shall be happy to number him among our war graduates upon the successful completion of his course.

Cordially yours,

Frank K. Hyatt
President

*Course Credibility—In order to assure uniformity, all institutions will record grades in the column marked "Course Grade." Any discrepancy involving overlapping grades will be resolved in the manner of "Coarse Grade." A student who fails to pass the core course before graduating will be graduated with the core course mark for the final report of the training unit in the manner of "Graded Pass."*
